THE GROVER & BAKER

Sewing Machine Co.

Having greatly increased their facilities for manufacturing their Celebrated Family Machines, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE, PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also HEM, FELL, GATHER, AND STITCH

in the most superior manner, and are the only machines in the market that are so well and simply made, that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

CLARLES DE HEINTZE M. D

PHYSICIAN & SURGEON.

From Berlin, lately from Rochester and [illegible], begs to inform the public of Batavia and vicinity that he has taken rooms at the Western Hotel in Batavia, N. Y., where he [illegible] consulted from October 20th. Dr. de Heintze has been Surgeon to the Royal Charité Hospital Berlin and Physician to the Elizabeth Hospital in Berlin. He is a member of the medical society of Prussia and member of the Homeopathic Academy of Palermo.

From the great advantages he enjoyed at those institutions in treating the various diseases the human system is liable to, he confidently offers his services to the suffering public and solicits their patronage; he pays particular attention to the diseases of Eye and Ear, which he treats with the [illegible] which has attended his practice for the last fourteen years.

HOSTETTER'S

STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

Fever and Ague.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be defeated from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

GERMAN BITTERS,

AND

DR. HOOFLAND'S BALSAMIC CORDIAL.

The great standard medicines of the present age, have acquired their great popularity only through years of trial. Unbounded satisfaction is rendered by them in all cases; and the people have pronounced them worthy.

Liver Complaint, Dyspepsia, Jaundice, Debility of the Nervous System, Diseases of the Kidneys,

and all diseases arising from a disordered liver or weakness of the stomach and digestive organs, are speedily and permanently cured by the GERMAN BITTERS.

The Balsamic Cordial *has acquired a reputation surpassing that of any similar preparation extant. It will cure,* WITHOUT FAIL, *the most severe and long-standing*

Cough, Cold, or Hoarseness, Bronchitis, Influenza, Croup, Pneumonia, Incipient Consumption,

and has performed the most astonishing cures ever known of

Confirmed Consumption.

A few doses will also at once check and cure the most severe Diarrhœa *proceeding from* Cold in the Bowels.

These medicines are prepared by Dr. C. M. Jackson & Co., *No. 418 Arch Street, Philadelphia, Pa., and are sold by druggists and dealers in medicines everywhere, at 75 cents per bottle. The signature of* C. M. Jackson *will be on the outside wrapper of each bottle.*

In the Almanac published annually by the proprietors, called Everybody's Almanac, *you will find testimony and commendatory notices from all parts of the country. These Almanacs are given away by all our agents.*

A NEW, SPEEDY AND MOST SUCCESSFUL

MODE OF TREATING

Spermatorrhœa, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A [illegible] fearful ex[illegible] destroying at least fifty thousand youth of both sexes annually in an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Paralysis, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs; great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhœa or Fluor Albus, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named, have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflamation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the institution is new. It is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own homes without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for [illegible] Health Rules and perfect chart of cure, which will be to them a true polar star through life.

While, as specimens of our [illegible] departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge box, in which is weekly contained a number of paragraphs of the greatest importance to house keepers and others.

Our Pleasant Paragraphs, an interesting *melange,* ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS.

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where we have gone were taken tens, they are now taking hundreds of copies. This is the general effect among the [illegible] thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting [illegible] orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are taking from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is Four cents, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $6, eight copies for $12. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent Banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription to prepay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW WEEKLY, must be addressed Editors.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

Virtus Vindicated.

The Daily Advocate of Tuesday comes out with a vindication of the purity of the Republican Party against the charges that it has been *particeps criminis* in the John Brown scheme for Freedom. It also takes Wm. H. Seward under its wing and gravely urges that he could have had no part or lot in the matter since he was in Europe when the *emeute* took place.—We have no doubt the South will be pacified now, and go to sleep like a peaceful baby on its cotton fields, and that Wm H. Seward will rejoice on his arrival to find his honor yet untarnished—in fact preserved by the Advocate.

We think our neighbor is right about the Republican party, for we have not the slightest idea that it ever contemplated the freedom of a single slave either in conjunction with John Brown or by any other means.

The party has always talked largely and loud about Freedom just before an election, but we have regarded this merely in the light of that celebrated event when the hogs were sheared, "a great cry and little wool." Moreover we have always observed that when a partisan did attempt to carry out the ostensible principles of the party in genuine efforts to free the slaves, he has invariable been repudiated, and denied the fellowship, sympathy or support, especially if he happened to get into a bad scrape like John Brown, or become unpopular from his abolition tendencies. No! the Republican party is mighty clear of any real effort to carry out its eternal cry of Freedom, by any risky work; but this the Republican party does do: it sets such men as John Brown who are inclined to be a little—more or less—fanatical at work, in unlawful schemes through which blood and murder comes, and then steps back in righteous horror of the bloody deed, and washes its hands apparently clean by crying fanatic, monomaniac, crazy &c., &c.—This will not do Mr. Advocate, John Brown was a first rate Republican until he become involved in a bloody deed, and nobody thought of his being crazy before, but—we hope the South and Mr. Seward will sleep in peace in the future.

Death of Washington Irving.

A brief telegraphic dispatch yesterday announces the death of this distinguished man at his residence, near Tarrytown, on the banks of the Hudson River. Washington Irving was born in the city of New York, April 3, 1783. He commenced the study of the law at the age of sixteen.

His first literary efforts were exhibited in a series of letters to the Morning Chronicle, a newspaper edited by his brother.—In 1804 he visited Europe, returning in 1806, when he resumed the study of the law, and was admitted to the bar in November of the same year. He never practiced.

His first publication, in book form, was, "Knickerbocker's History of New York."—In 1814 he joined the military staff of the Government of New York, as aid-de-camp and secretary, with the title of Colonel The "Sketch Book" was published in 1818. The copy right of the work was sold to the English Murray for £200, who afterwards presented the author with an additional £100.

From 1820 till 1837 Mr. Irving was a traveler in Europe, in the course of which time, he produced "Columbus," "Conquest of Granada," "Bracebridge Hall" and "Tales of a Traveler."

His return to this country was greeted on all hands with the warmest enthusiasm. A public dinner was given him, at which Chancellor Kent presided. In the summer of the same year he made a western tour, going far west of the Mississippi, and publishing on his return the "Tour on the Prairies." "Astoria" was published in 1836, and the "Biography of Goldsmith" in 1849.

In 1850 he engaged on the "Life of Washington," concentrating his remaining energies on this valuable and interesting work, and completing his labors but a few months since.

Mr Irving was one of the most popular of American writers, and had the warmest friends and admirers on either Continent. He was not a politician. Warm-hearted, genial, benevolent, he was beloved by all. The announcement of his decease, though not altogether unexpected, in view of his years, will send a thrill of sorrow throughout the entire land.

A Programme of Brown's Execution.

CHARLESTOWN, Nov. 26, 1859.

Correspondence of the N. Y. Times.

As the day of Brown's execution approaches, the excitement intensifies.—Richmond is contributing all her forces to defend the Commonwealth against lawless invasion. Charlestown is under martial law; a picket of soldiers extends from here to Harper's Ferry. So extreme is the alarm that the entire population pass days of terror and sleepless nights.

The programme for the execution, as arranged by Gov. Wise, is substantially as follows: All good citizens will be requested to absent themselves from the scene and about the scaffold; the troops, two thousand strong, will form an immense square, with the object of keeping the people beyond the reach of Brown's voice, should he desire to deliver an incendiary speech. If Brown desires to address the public, he must do so in writing. The soldiers are having a jolly time, at the expense of Virginia. It will cost the Treasury a quarter of a million at least. The men all draw rations and conform otherwise to regular military discipline. Among sensible men no rescue is feared, or regarded as probable or practicable. But the masses, as you have seen, are frightened even by a cow.

There was a fresh sensation to-day.—Dr. Rawlins, special correspondent, and Mr. Burghams, artist of Frank Leslie's Newspaper, having again returned, they were taken before the Commander and examined, but their documents saved them from trouble.

I called on Brown this morning. He is cheerful as possible, and answers freely. He speaks of the interview with Gov. Wise, and says their conversation was misrepresented; and he is now engaged in writing the corrections to reports to which Gov. Wise gave currency. No one would suppose he was under sentence of death. Rest assured he will die game. Barnum has an agent here, and has offered Brown $100 for his clothes and pike, and his certificate of their genuineness.

People have found out the dodge of the Tribune writing letters here and directing them to a Southern point, to be directed to the Tribune office. We Richmond boys are having a jolly time, and if the Abolitionists will come here, we shall be glad to give them a reception. The watch is so strict that every stranger is obliged to report himself with credentials or leave. Public security is supposed to demand this. Reflecting men believe our delay is capital to the Republicans. To have prevented this, they think we should have killed the insurgents at once.

A VIRGINIAN.

Killed by a Jug of Whiskey.

The following singular accident is communicated to the Schenectady Star by Mr. Elbert Slingerland. It occurred in Upper Glenville Schenectady county, and was communicated to Mr. Slingerland by a personal friend for whose veracity he vouches:

"A very strange death occurred night before last, just after dark, about half a mile from my house. A man, about 35 years of age, in full health and strength and a very stout man, too, left the Corners just at dark, on horse back. He had with him a little jug of whiskey (two quarts,) and, as it would seem, tied the end of the halter into the handle of the jug, and then hung the jug over his neck, so that it must have swung before him. About an hour after he left, when it was quite day, he was found by the side of the road dead.

His horse, from appearances, had fallen, and in the fall the jug had made a noose around his neck and choked him to death. In the struggle the horse, too, had been so involved in the halter that it had fallen the second time, and so wound the halter around its own neck that it was upon its back and nearly dead, or would have been had relief not come as it did. The horse and man were bound together like Mazeppa, of Byronic fame. It is said that the man was not a drinking man; that is in the general acceptation of the term. He was a man of family, leaving a wife and five small children. He was a farmer, and worked upon shares the farm of Mr. Paulding. It is not even conjectured that the whiskey had anything to do with the death, except it was in the jug. The jug, man, and horse were all bound together by the one halter. There had been, from the appearance, a terrific struggle, and some three rods of the road were trampled upon and made bloody, before death gained his victim.

A New York Belle Escapes Marriage with a Bogus Cuban.

During the fever of the late excitement caused by the Oviedo nuptials, a fellow representing himself to be a Cuban took lodgings of Mrs. S., in Bleeker street.—His landlady, who had read everything about Miss Bartlett's *trosseau*, (costing something short of $600,000,) gave him her best apartments and most desirable attentions, for she had learned from the best authority (his own) that he was single, and, like Senor Oviedo, owned countless niggers and incalculable wealth. She presented her daughter Josephine, a pretty blonde, gushing, silly and fresh from school, to the sallow millionaire, and almost threw her into his arms. The bait was eagerly swallowed, and the wooing and the cooing and betrothing were hurried up as expeditiously as ever were the old lady's buckwheat cakes. Mrs. S—— soon had the pleasure of announcing that her daughter was engaged to a Cuban almost as rich as Miss Bartlett's fiancee.

Don Orlando Torreno, alias Castro de Montehermoso, her would-be son-in law, being affected with modesty, desired a private wedding, to which Josephine, who had no father, made no objection.—Her uncle, an old sea captain, arrived about nine days ago, and was let into the secret and introduced to the intended. The old salt went through the ceremony rather stiffly, and soon after demanded a private interview with his sister in-law. "Jane," said he, in gruff abruptness, "you may marry this fellow if you like, but my brother's daughter never shall." "Why not? He is a Cuban gentleman! *He is a nigger, and you are an old fool! I have not had to do with niggers so little as not to know a mulatto from a Spaniard!* Call Jo here and let me have a few words with this black fellow alone. I'll soon run him aground, high and dry." The staunch old sailor was as good as his word, and in a marvelous short time afterward, the colored suitor's baggage was bundled out of the house, including the false diamonds he had presented to Josephene, and being assisted urgently from behind by her uncle's boots, their terror stricken owner was not slow to follow them into the street. It is presumed he will not engage himself to another white girl until his pounded feelings are healed.

LARGE SHIP OF BYGONE DAYS.—Ptolemy Philopater, who lived some two hundred years before Christ, had a ship with 40 banks of rowers, being 560 English feet in length—190 feet longer than the Persia, and only 120 feet shorter than the Great Eastern; 76 feet from one to the other; in height, to gunwailes, it was 96 feet, and from the highest part of the stern to the water line it was 100 feet; it had four rudders, each 60 feet long.—When it put to sea, it held more than 4,000 rowers and 4,000 supernumeraries, and on the deck were 3,000 mariners.—And, besides all these, there was a large body of men under the deck and a vast quantity of provisions and supplies.

BURSTING OF A MILL.—The exchange Mill, of Rochester, owned by Mr. BREMAN of Buffalo, gave way under the immense quantity of wheat in it, doing some damage to the building and a loss of considerable grain.

BEEF PACKING IN THE WEST.—In Chicago there have been packed this season 34,338 head of cattle against 47,000 head last year. Quite a falling off. In Cleveland they have packed nearly 10,000 head already this fall, exceeding the business last year.

WILD CAT KILLED NEAR TROY.—While some Albany hunters were hunting for rabbits on Bald Mountain, about four miles from Troy last Thursday, one of the hunters, Mr. Timothy Adams discovered an ugly animal creeping slyly along towards him. Mr. A. took his position, sighted his gun, and remained "easy" until the animal got within twenty or thirty paces of him, when he fired. The shot took effect in the head of the beast, and killed it instantly. It turns out to be a Wild Cat, weighs 45 pounds, and measures about five feet in length. The animal killed is described in the Natural History as of the "Northern Lynx" species of Wild Cat.

BANKERS IN A TIGHT PLACE.—Gov. Brown, of Georgia, intends to be severe upon banking institutions. In his recent message he recommends a revision of the criminal code, to the end that a suspension of specie payment by any bank in Georgia shall be deemed conclusive evidence of fraud on the part of the President and Directors, and punishes the officers of the bank for it, by imprisonment in the penitentiary, without permitting them to show that it was not a fraud. If the Governor's suggestions are carried out, about one-half the Bankers and Brokers in Chicago would have anything but a pleasant prospect before them.

OYSTERS!

DIBBLE has just received another lot of Fresh OYSTERS.

The John Brown Panic.

Troops are rapidly concentrating in Charlestown, preparing to ward off any attempt which may be made to rescue JOHN BROWN from his rapidly approaching execution. In true revolutionary style churches have been turned into barracks, and the people have thrown open their houses to the brave defenders of their hearth stones. A town which was originally intended to accommodate hardly a thousand inhabitants, can not receive an acquisition of seven hundred militia without making preparations accordingly.—Gov. WISE continues to assert that these preparations are not made because of groundless fears. His emissaries who have been scattered through Pennsylvania and Ohio, have sent him what they consider to be reliable information concerning large bodies of men who are moving to the rescue. Meantime, here and there through the Southern States, vagrants, pedlars and agents, of all kinds, are regarded suspiciously and closely watched.

PRESENT CONDITION OF GERRIT SMITH.—In explanation of a *predisposing* cause of Mr. Smith's insanity, the editor of the Spiritual Telegraph says in his paper of the 26th, that in a recent journey he met a prominent clergyman of Utica, who informed him that Mr. Smith had for many years been afflicted with the annoying malady known as the "blind piles" which one of his physicians had lately imprudently healed up. Another of Mr. Smith's physicians disapproved of the practice, and was of the opinion that the sudden stoppage of the complaint caused a determination of blood to the head, inducing a susceptibility to the excitement of recent events, which, in a more regular state of his system, would not have disturbed his mental equilibrium. Information of the above fact came directly from one of the physicians of Mr. S. The N. Y. Tribune of Saturday says:

"We yesterday saw a letter from the resident physician of the Utica Asylum, dated the 21st., which says that Gerrit Smith continues to improve. On the previous evening he slept six hours continuously. He has begun to realize his condition fully, and appreciate the importance of his medical treatment, as well as acquiesce in all the means used for his restoration. Information from Peterboro is to the effect that his family regard his cure as certain."

6TH ANNUAL ANNOUNCEMENT!

CONTINUED SUCCESS OF THE

COSMOPOLITAN ART ASSOCIATION.

From all sections of the country subscribers to this popular Art Institution, (now in the sixth year) are being received in a ratio unparalleled with that of any previous year.

Any person can become a member by subscribing $3, which will entitle him to

1st.—The beautiful Steel Engraving, "Shakspear and His Friends."

2d.—A Copy of the elegantly Illustrated Art Journal one year.

3d.—A Free Season Admission to the Galleries, 548 Broadway, New York.

In addition to which, over *four hundred* valuable Works of Art are given to subscribers as Premiums, comprising choice Paintings, Sculptures, Outlines, &c., by the first American and Foreign Artists.

The Superb Engraving, which every subscriber will receive immediately on receipt of subscription, entitled

"SHAKSPEARE AND HIS FRIENDS"

is of a character to give unqualified pleasure and satisfaction. No work of equal value was ever before placed within the reach of the people at such a price. The Engraving is of very large size, being printed on heavy plate paper, 30 by 38 inches, making a most superb ornament suitable for the walls of either the library parlor, or office.

It can be sent to any part of the country, by mail, with safety, being packed in a cylinder, postage *pre-paid*.

Think of it! Such a work, delivered free of charge, and the *Art Journal* one year, for three dollars!

Subscriptions will be received until the Evening of Tuesday the 31st of January, 1860 at which time the books will close and the Premiums be given to suscribers.

No person is restricted to a single subscription. Those remitting $15 are entitled to six memberships.

Subscriptions from California, the Canadas, and all Foreign Provinces, must be $3 50 instead of $3, in order to defray extra postage, &c.

Persons wishing to form clubs will apply for a circular of terms, &c.

The beautifully Illustrated Art Journal, giving full particulars, will be sent on receipt of 18 cents, in stamps or coin.

THE GREAT AMERICAN

Boot & Shoe Store,

No. 2, Odd Fellow's Hall.

GREAT DISCOVERY!

NEW MODE OF ADVERTISING.

The Proprietor of the Great American Shoe Store, No. 2 Odd Fellows Hall, south side Main street, nearly opposite the Post Office, claims to be the inventor of the cheapest and best mode of advertising in the world. He claims to be the manufacturer of

BOOTS AND SHOES

that will advertise themselves, by giving ample satisfaction to the wearer, thereby speaking in language not to be misunderstood by him, which he immediately interprets to his neighbors. After having tested the merits of his invention for the last twenty years, he feels confident of its

ENTIRE SUCCESS,

and would recommend it to all the other Boot and Shoe makers and dealers in this vicinity to be adopted by them. And he would especially call the attention of the citizens of Genesee county and advise them to study well its operations.

He has on hand a good assortment of Stock such as

Oak and Hemlock Sole Leather,

French calf skins, kip and morocco, &c., which he holds will stand investigation from the best of judges; and *MECHANICS* to manufacture it who are second to none in the State.

Also the largest stock of Ready Made Boots and Shoes in the county; both *Eastern and Home Made, at prices that defy Competition.*

Thankful for the very liberal patronage you have been pleased to extend, I would respectfully solicit a continuance of the same.

Evening Report.

Arrival of the North Briton.

Four Days Later from Europe.

PORTLAND, Nov. 29.

The steamship North Briton, from Liverpool at 10 o'clock on the morning of the 16th, arrived here at 8:30 this evening.

The Europa and Harmonia arrived out on the 13th, and Anglo Saxon on the 16th.

No announcement is yet made regarding the approaching Congress.

The leader in the Times says, we will require to know in plain frank, and undiplomatic language, what it is which the Emperor requires us to enact as an emblem of the great council in Europe. An English Minister must have something much more consistent upon the subject of the Duchies than the statement in Count Waleski's circular, before he would be justified in committing the country to any part of the Congress for the settlement of Italy.

A splendid new three decker, named Victoria, was launched at Portsmouth on the 12, in presence of the Queen and Royal family.

The Earl de Gray is dead.

The Times in an article says no doubt a feeling of hostility to England is more bitter in France than since 1815, and charges the French government with directly encouraging it.

The enrollment of 30,000 men, as a naval reserve, commences in England on the 1st of January

A serious mutiny aboard the ship of the line, Princess Royal, at Portsmouth. Over 100 men are in irons.

FRANCE.

The Pays says an extraordinary credit of 30,000,000 francs is to be voted to the Chinese expedition.

Prince Carignan has declined the Regency of Central Italy, recommending Chevalier Buoncompagnis for the one for the office, who accepts.

NEW YORK, Nov. 29.

The announcement of Washington Irving's death this morning, cast a gloom over the city. The flags of the city are displayed at half mast, and the Mayor has called a special meeting of the Common Council at 3 o'clock to-morrow, to take suitable notice of Mr. Irving's death.

SUICIDE.

Mr. John B. Myers, proprietor of the Myers' Hotel, at Clinton, Ulster county, committed suicide on Saturday morning, by hanging himself. No cause is assigned for the commission of the act. He was about 46 years of age. Mr. M. leaves a wife and seven children.

PORTLAND, Nov. 29.

The steamer Admiral arrived this forenoon from St. Johns, bringing the mails of the wrecked steamer Indian; also the purser, steward, and fourteen steerage passengers. The passengers are:—A. G. Howland, F. Dulster, Nettie Dulster, Ernestine Rosalie, Samuel and Mathew Dulster, Mrs. Eickman, Joseph Mani, Antoine Borgensen, all for New York. Richard Brown, G. Cromew and Richard Cross for Toronto, and Dr. Pierson, for Montreal. Jvlia Eickman, aged 26, and Eva Eickman, infant, for New York, were drowned.

The cargo was mostly for Canada.

PHILADELPHIA, Nov. 29.

Very dangerous counterfeit notes on the Philadelphia Bank were thrown into circulation this morning. They are the best ever executed and almost every bank in the city is a victim. The best judges were deceived, and it is probable that other cities may suffer. A banking house in third street received this morning $3,000 of the spurious Philadelphia notes from New York.

ST. LOUIS, Nov. 29.

The adjourned session of the Missouri Legislature met at Jefferson City yesterday. Gov. Stewart's Message, which is almost entirely confined to the discussion of the Railroad question, will be ready to-day.

SACKVILLE, N. B., Nov. 29—8 P. M.

There are as yet no signs at Halifax of the Niagara, now nearly due from Liverpool of the 10th instant, via Queenstown.

TRENTON, N. J. Nov. 29.

The State canvassers met to-day and declared the official vote for Governor as follows:—Olden, 53,315; Wright, 51,714.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGGSWELL'S NEW MEDICAL SALT, instead of its being a remedy for all ills, has control over but one ill; has but one aim, and accomplishing but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases, (no other,) by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflamation!

NOTICE TO INVALIDS! ! The following forms which the unbalanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver, Neuralgia, spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough, Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

DR. COGGSWELL'S NEW MEDICAL SALT does just what it claims to do—no more no less—equalizes the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

DR. COGGSWELL'S NEW MEDICAL SALT. Get a Circular. Ask any Druggist about the *New Medical Salt.*

Ask your neighbors about the *New Medical Salt*. If sick, try; if not sick, remember the *New Medical Salt*.

DR. COGGSWELL'S NEW MEDICAL SALT is for sale in Batavia by H. W. Fellows and by all enterprising druggists wherever the Herald is.

As it is not a Patent Medicine, but the prescription of an eminent Physician, no one should fail to try the New Medical Salt.

THE GROVER & BAKER Sewing Machine Co.

Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices and offer for sale

A NEW STYLE MACHINE, PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also HEM, FELL, GATHER, AND STITCH in the most superior manner, and are the only machines in the market that are so well and simply made, that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

CLARLES DE HEINTZE M. D

PHYSICIAN & SURGEON.

[illegible] from Rochester and Syracuse, begs to inform the public of Batavia and vicinity that he has taken rooms at the Western Hotel, Batavia N. Y. where he firstly will stop a fortnight from October 20th. Dr. de Heintze has been Surgeon to the Royal Charity Hospital in [illegible] and Physician to the Elizabeth Hospital in [illegible]. He is a member of the medical society of Prussia and member of the Homoeopathic Academy of Palermo.

From the great advantages he enjoyed at those Institutions in treating the various diseases the human system is liable to, he confidently offers his services to the suffering public and solicits their patronage; he pays particular attention to the diseases of Eye and Ear which he treats with the [illegible] which has attended his practice for the last fourteen years.

HOSTETTER'S STOMACH BITTERS.

IT is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

A NEW, OF [illegible], AND MOST SUCCESSFUL MODE OF TREATING

Spermatorrhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fluor Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

DR. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for 25 a series of Health Rules and perfect chart of cure, which will be to them a true polar star through life.

Now is the Time to Subscribe

THE
NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION, BEAUTIFULLY ILLUSTRATED, IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States! Such writers as Justin Jones, (Harry Hazel,) Augustine J. H. Duganne, William Earle Binder, Harry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary A. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Eda Mayville. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, The Mute Spy! Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child of Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting *melange*, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taken tens, they are now taking hundreds of copies. This is the general effect among the *five* thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. A CALL TO CASH BUYERS.

THOSE wishing *Credit*, I do not expect, for they chose to go where they have to pay 25 per cent more. I state this from experience for every businessman knows that he can buy in Eastern Markets at least 15 per cent. cheaper for cash than the best of credit. I keep a large stock

AND GOOD VARIETY,

And instead of having my Capital out of my hands from one to two years, I have it every day, and in readiness to take advantage of the Market, and in this way give such prices to our customers that Competion from time houses prove useless. My Stock consists of every variety of Goods to be found in Eastern Markets, In my

DRESS GOODS DEPARTMENT,

You will find, Parametas; Delaines; plain figured and plaid Merinoes; Cashmeres; Valencies Black and Fancy Silks; Travelling Goods and many other kinds too numerous to mention. My

DOMESTIC DEPARTMENT.

In this will be found every grade of all brands of Sheetings and Shirtings, striped and checked-Canton Flannels, brown and bleached, red and white Flannels, at all prices; Denims Towellings, and every thing to be found in any market. In my

WORSTED DEPARTMENT,

I keep Hoods, Comforters, Armlets, Leggins, Mittens and everything new and novel. In the selection of Hosiery I have paid particular attention especially Ladies and Misses Ribbed Hose, which I am selling at half the usual price. Now to the

RAGLAN DEPARTMENT,

My stock of these goods cannot be surpassed as for style and elegance, and to this department I would particularly call the attention of the Ladies and to those who have heretofore been obliged to go to Rochester or Buffalo in order to get a fashionable Ragland or Cape, or even Dress Goods, I only ask to call and examine our stock and prices to be convinced at once, that to look further will be of no use.

TO CORRESPONDENTS:

No notice can be taken of anonymous communications. Whatever is intended for insertion must be authenticated by the name and address of the writer; not necessarily for publication, but as a guarantee of his good faith.

We also beg to inform our readers that we do not hold ourselves responsible for the opinions of our correspondents.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

John Brown.

John Brown is doing up his last work in this world to-day. It must elicit strange thoughts in the heart of the old man, thus getting ready to start on the great journey—uttering his last words, and committing his last thoughts to paper—to become virtually annihilated according to the wisdom of this world.

It is a terrible thing to die with such ideas of the future—the heart must quake and the very soul tremble on its earth foundation at the thought of finishing up all human endeavors, ceasing all connection with the work of a life time, and plunging off into—what?—eternity! and that is about all that is presumed to be known about it, by the great family of man. With such ideas how can anybody who has a soul susceptible of thought speak indifferently of the death of a human being? and especially of such a death as John Brown must die.

Artic Explorations--- Another Expedition in Prospect.

We learn from the Boston Journal that a new Expedition to the Northern Seas is now in contemplation. The Journal says:

We have recently, in speaking of the subject of Artic Exploration, expressed our belief that, so interesting are they to science, and so great is the spirit of adventure and discovery in our country at this time, it would not be long before another expedition would be fitted out for the purpose of completing the explorations which were commenced, with so much credit to our nation, by the late Dr. Kane. We are authentically informed that the expedition proposed to our countrymen by Dr. I. I. Hayes, the Surgeon of the Kane Expedition, is now actually being organized, and will probably start early next spring, under the command of Dr. H. himself. That gentleman has been frequently before the public in our principal cities to present, in lectures, the cogent reasons which exist in favor of another expedition up Kennedy Channel. Such is his confidence in the correctness of the views entertained by Dr. Kane respecting discoveries about the North Pole, that he proposes to undertake, in his own person, the verification, which nothing but a series of extraordinary accidents that could not have been foreseen, prevented his commander from completing. All of the leading scientific societies of the United States have already appointed committees to co-operate with Dr. H. in an enterprise so full of promise in many scientific relations.

A COLD COUNTRY.—We "went in" last night to see the "Artic regions," and found things decidedly froze up, until the thunder storm come up, which for a time broke the ice up—considerably.—Had Shelly been there he would have exclaimed, "that's my thunder," and moved an arrest of the whole party for stealing, it was so exactly like it. One little chap who trotted about loose with eyes and mouth wide open as though he would take it all in, was curious to know where they got so much ice before the creek froze over. Another wise young head who goes to Sunday School wondered if the days were four months long, when Sunday come—His prudent parient, hushed him up by saying the bible wasn't written in that country. The exhibition is one of the finest we have ever witnessed, and Concert Hall should be crowded to night as it is the last evening of the exhibition here.

The Utica Observer says Gerrit Smith continues to improve. His bodily and mental condition are hopefully gaining.—His appetite is better, and he sleeps better than when brought to the Asylum.

THE WEATHER.—We have not paid the weather much attention lately, but we think that it deserves this morning a special notice, for its mildness and otherwise excellent qualities. The poor cattle that had been put on short commons, and the poor people with little wood, clothing, or food to eat, will rejoice together, as all should rejoice in that which is merciful.

It is seldom indeed that the first day of December is ushered in so mildly, but it will grow severe soon.

Items of Wit.

A decayed gentleman, who has been for many years subject to an attack of creditors, is desirous of making known the means by which he was cured. Letters, containing a postage stamp, can be left under the door during the night.

The proverb, "Lightly come, lightly go," does not apply to the gout, nor to the rheumatism, nor to freckles, nor to a light sovereign: for all these plagues come lightly enough, and yet there is the greatest difficulty in getting them to go.

Mother you must not whip me for running away from school any more. "Why?" "Because my school book says that ants are the most industrious beings in the world, and ain't I a tru-ant.'

A vessel recently arrived at New York the captain of which reported having fallen in with an unknown ship on the 7th inst., burnt to the water's edge, and closes his report as follows: "The only living thing to be seen on board was a cat in the fore-rigging; could not ascertain her name!"

"The very last curiosity spoken of in the papers is a wheel that came off a dog's tail when it was a waggin."

If the gentleman who keeps a shoe shop with a red head will return the umbrella of a young lady with an ivory handle, he will hear of something to her advantage.

Health of Senator Douglas---Not Going to leave Washington.

"Occasional," writing from Washington to Forney's Press, says that Senator Douglas and his lady are convalescing rapidly, I had the pleasure of paying a visit to them both, two days ago. The Judge, at that time, could sit up in his bed, and although he looked as if he had passed through a severe siege, his eye was bright, his voice musical, and his interest in public affairs as keen as ever. Mrs. Douglas did not look less beautiful because a little paler than usual. It is said their physicians advises a southern tour, but located as they are, in the midst of comfort and ease, and surrounded by a circle of devoted friends, they can readily regain their strength remaining in Washington. I am well aware how much Judge Douglas is embarrassed by the calls of his thousands of supporters, and how beneficial to him quiet and retirement would be, but his is a spirit that would chafe if absent from the scenes shortly to be enacted at this Capitol. He would not be happy or contented away from them, and I am not without hopes that his late illness will give him a stronger constitution than ever.

FOUND HIS CUSTOMER.—Thurlow Weed through the Albany Journal, not long since it will be recollected, offered a wager of $5,000 that Gov. Seward will carry this State, if nominated for President $1,000 on 1,000, $2,000 on 2,000 majority, and so on up to 20,000, making in all a wager of $25,000. To which the Lockport Advertiser says:—"We are authorized to state that a gentleman of ample responsibility in this village stands ready to take the above bet, if it is offered in good faith, and by a responsibility. Let the Evening Journal bring out its man, and he will be matched in a hurry. We hope there will be no Republican back down, on the part of this champion of Mr. Seward." That is talking right to the point, and we fear there will be some backing down.

We find the above in the Buffalo Republic. The appendage to the above offer to bet, appeared first in this paper, and the gentleman who stands ready to take the bet resides here, and his name will be given when called for.

"TIRED OF THE NEGRO QUESTION."—"A subscriber" writes to the Pittsburgh Journal, saying: "I am an Old Line Whig, and vote the Republican ticket; and I want to say to you, that I am about tired of the negro question. I think it is about time to attend to white men, and let the negroes alone. I perceive it is impossible to do them any good, and if we would succeed as a party we must drop the darkies."

At the time of the New World disaster a colored waiter on board was accused of attempting to turn a penny by selling life preservers to the frightened passengers. He committed suicide a few nights since by jumping overboard from the Hendrick Hudson.

A Card.

BOSTON, Nov. 30.

The following card printed in the several morning papers excites attention.—It is dated at the Missionary House Boston:

To the public:—Facts have recently come to the knowledge of the prudential committee of the American Board of Commissioners, for Foreign Missions, deeply important, implicating the moral character of Dr. Pomroy and rendering his possible that he should longer retain for official position as Secretary of the Board. He has resigned and is no longer to be recognized as an officer of the Board.—The facts referred to have no connection with his official action.

By order of the Prudential Committee.

Signed CHAS. STODDARD, Chair.

ST. LOUIS, Nov. 29.

The Evening Bulletin announces on the authority of the editor of the Arcadia Prospect, the organ of the Missouri mining interest, intelligence of the discovery in South-east Mission of a vein of horn blende rock, which it is believed will yield $10,000 worth of gold to the ton. Assays are now being made, and the next issue of the Arcadia Prospect will contain full particulars.

GENERAL SCOTT'S VALET.—The General's valet is no inconsiderable personage, although he is a foil to his master—one is a giant, the other a dwarf. The latter hovers around the General as a wasp does around a cow. Why great men should thus secure such puny efforts I know not, but our dwarf is a consequential personage. He dresses the General; brushes around him with a whip; dusts him off; seizes his hat, and brushes up the General's few remaining gray hairs; wipes the nap of the hat, replaces the same, and the whole duty is conducted in silence. These attentions are repeated three or four times a day, and the General takes the same as a matter of course. He never replies or thanks—it is a matter of course—and the little tiger, with his gray military cap and garrote collar, struts around as important an individual as any one on board.—*Corr. Alta California.*

HAPPY CHANGE.—A Scotch girl was converted under the preaching of Whitefield. When asked if her heart was changed, her true and beautiful answer was; "Something I know is changed: there is a great change somewhere, I'm sure; for everything is different from what it once was."

COAL ON THE RAILROAD.—The Utica *Herald* says:—"The Central Railroad has lately put a coal-burning locomotive on the road. It has passed through this city two or three times. It has long been a matter of surprise that the Central has not tried coal for fuel, inasmuch as the experiment has been successfully tried elsewhere." Coal is now used on nearly all the railroads leading out of Chicago, and found to be more economical than wood.

The Atlantic Monthly.

Commencement of a New Volume.

In assuming the control of the Atlantic Monthly, its new proprietors deem it scarcely needful to spend many words in assurances or promises. The congratulations and good wishes they have received from all parts of the country seems to justify them in the confidence that their own character as publishers will be accepted by the numerous readers and friends of the magazine as a warrant that they will do everything in their power to increase its interest, to enlarge its circle of attraction and to raise its standard of ability in all departments.

They think it proper to say, simply, that no change will be made in the general character of the magazine.

The Atlantic has never been and never will be, a sectional journal. Its publishers acknowledge no parallels in the Republic of Letters; and while they will judge of any article offered them, not by the source from whence it come, but by its own intrinsic merit, they will at the same time endeavor to maintain its character as a periodical in which earnest thinkers, may find expression unhampered by fear of that narrow censorship which what is loudest, but not deepest, in Public Opinion would fain establish.

TERMS—Three dollars per annum, or twenty-five cents a number. Upon the receipt of the subscription price, the publishers will mail the work to any part of the U. S. prepaid. Subscriptions may begin with either the first or any subsequent number. The postage of the Atlantic is thirty-six cents a year, if prepaid.

CLUBS—For Ten Dollars the publishers will send five copies of the Atlantic for one year, the sub-cribers to pay the postage.

ABOUT A BODY.—Nobody likes to be nobody; but everybody is pleased to think himself somebody. And everybody is somebody; but, when anybody thinks himself to be somebody, he generally thinks everybody else to be nobody.

LOCAL MATTERS.

A NEW SCHOOL.—Mrs. Knight, formerly Miss Thrall, has commenced a School for children in the little building south side of Main-St next to Mrs. Bergens.

We feel sure that a large number of our citizens will rejoice in this Enterprise, for the other Schools are too distant from that part of the town for little Misses, in the winter season. Mrs. Knight was five years a very popular teacher in the Union School, and possesses every qualification for an excellent Instructress.

THE GREAT AMERICAN

Boot & Shoe Store,

No. 2, Odd Fellow's Hall.

GREAT DISCOVERY!

NEW MODE OF ADVERTISING.

The Proprietor of the Great American Shoe Store, No. 2 Odd Fellows Hall, south side Main street, nearly opposite the Post Office, claims to be the inventor of the cheapest and best mode of advertising in the world. He claims to be the manufacturer of

BOOTS AND SHOES

that will advertise themselves, by giving ample satisfaction to the wearer, thereby speaking in language not to be misunderstood by him, which he immediately interprets to his neighbors. After having tested the merits of his invention for the last twenty years, he feels confident of its

ENTIRE SUCCESS,

and would recommend it to all the other Boot and Shoe makers and dealers in this vicinity to be adopted by them. And he would especially call the attention of the citizens of Genesee county and advise them to study well its operations.

He has on hand a good assortment of Stock such as

Oak and Hemlock Sole Leather,

French calf skins, kip and morocco, &c., which he holds will stand investigation from the best of judges; and *MECHANICS* to manufacture it who are second to none in the State.

Also the largest stock of Ready Made Boots and Shoes in the county; both *Eastern and Home Made, at prices that defy Competition.*

Thankful for the very liberal patronage you have been pleased to extend, I would respectfully solicit a continuance of the same.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,

PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and take none but *Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGGSWELL'S NEW MEDICAL SALT, instead of its being a remedy for all ills, has control over but one ill, has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen extremities or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases, (no other,) by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflamation?

NOTICE TO INVALIDS! The following forms which the unballanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose lungs and liver, Neuralgia Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

DR. COGGSWELL'S NEW MEDICAL SALT does just what it claims to do—no more no less—equalizes the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

DR. COGGSWELL'S NEW MEDICAL SALT. Get a Circular. Ask any Druggist about the *New Medical Salt*

Ask your neighbors about the *New Medical Salt*. If sick, try; if not sick, remember the *New Medical Salt*.

DR. COGGSWELL'S NEW MEDICAL Salt is for sale in Batavia by H. W. Fellows and by all enterprising druggists wherever the Herald is.

As it is not a Patent Medicine, but the prescription of an eminent Physician, no one should fail to try the New Medical Salt.

Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE,
PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also HEM, FELL, GATHER, AND STITCH in the most superior manner, and are the only machines in the market that are so well and simply made, that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE

and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States who will permit the drudgery of hand sewing in his family, when a *Grover & Baker Machine* will do it better, more expeditiously, and cheaper than can possibly be done by hand?

HOSTETTER'S
STOMACH BITTERS.

IT is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREAUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box; Five Boxes for $1.00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER'S, and take no others. The sick want the best aid there is for them, and they should have it.

[illegible]

CONSUMPTION.

WINCHESTER'S

GENUINE PREPARATION OF THE

HYPOPHOSPHITES

OF LIME AND OF SODA,

The Specific Remedy for Consumption, Chronic Bronchitis, Asthma, Scrofula, Dyspepsia, General Debility, and all Nervous Diseases.

The success of this NEW REMEDY (discovered by Dr. Churchill, of Paris) in obtaining for it the most UNBOUNDED POPULARITY throughout Europe and the United States. It is a purely SCIENTIFIC PREPARATION, and acts with INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases. The *Hypophosphites increase the Principle which constitutes nervous force, and are the most powerful blood generating agents known.*

The Cure of Consumption,

In the second and third stages (at a period, consequently when there can be no uncertainty as to the nature of the disease,) can be obtained. IN ALL CASES by this treatment, except when the existing lesion of the lungs is of itself sufficient to produce death.

This Remedy has not only a curative effect, but will, if used when there exists a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act as a PRESERVATIVE WITH REGARD TO CONSUMPTION, JUST AS VACCINATION DOES WITH REGARD TO SMALL POX.

Professional Correspondence.

"COLUMBUS, Ohio, Aug. 3, 1859.—I have been treating this disease for twenty-five years, and have derived more satisfaction from the use of the HYPOPHOSPHITES *than from all other forms of medication combined.*"

"MANCHESTER, Mich., Aug. 3, 1859.—I have used the Hypophosphites in my practice *with very happy effects*—so much so that I WOULD NOT BE SATISFIED TO REMAIN WITHOUT THEM."

"MONTGOMERY, Va., Aug. 3, 1859.—I believe the Hypophosphites used in the manner and way Dr. Churchill used them, will cure CONSUMPTION."

"CHRISTIANSBURG, Va., Aug. 16, 1859.—I have prescribed the Hypophosphites in several cases, and am *delighted with its effects*. It is ACCOMPLISHING WONDERS."

"LORAIN, O., July 5, 1859.—I have used in all about forty bottles, and in but one instance have they failed to benefit the patient, and that was a hopeless one before I was called. I have had several cases given up by attending physicians, who are now enjoying COMPARATIVELY GOOD HEALTH, and escaping from ALL THE SYMPTOMS of pulmonary illness. I have used the REMEDY in my own case, *with decided success.* It was regarded as a ~~[illegible]~~ [illegible] by physicians and friends, as well as by myself, under the 'old treatment.' I am now able to ride in attending on the sick, as many miles, perhaps, in a day, as any other physician in the county."

"[illegible], Pa., July 26, 1859.—I received the twelve bottles of Churchill's Remedy for Consumption. * * * It HAS WORKED WONDERS IN EVERY CASE." ☞

CONSUMPTIVES, in any stage of the Disease, should resort *immediately* to the use of the HYPOPHOSPHITES OF LIME AND SODA. "WINCHESTER'S GENUINE PREPARATION" (in dispensing, in extra large bottles, is "chemically pure;" is the only kind prescribed by Dr. Churchill "for general use;" and is prepared according to his *original Formula.*

Dr. Churchill's Work on Consumption,

Containing his Report made to the Imperial Academy of Medicine, Three Notes of Cases, and Letters, Documents, Testimonials, &c., together with a Circular, will be sent on receipt of TWELVE CENTS in stamps.

CAUTION.—Interested Druggists will try to sell you other preparations than mine. Do not buy them! My "Genuine Preparation" bears my *fac simile* signature.

Beware of all Preparations claiming to be the Hypophosphites, which contain IRON, or any DRUG. The country is likely to be flooded with spurious preparations. By writing to me, you obtain information that will prevent any deception being practised upon you.

PRICES.—One Bottle, $1; three Bottles, $2; Concentrated Solution, by mail, pre-paid, $2. Sold Wholesale and Retail at the Sole General Depot in the United States, (where all orders should be addressed) by

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eyesight, loss of memory, dizziness of the head, neuralgy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Flour Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarly in the sexual organs, and arise from morbid excitement and chronic inflamation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

DR. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $2 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

THE
NEW YORK WEEKLY,
A HANDSOME QUARTO PUBLICATION,
BEAUTIFULLY ILLUSTRATED,
IS NOW UNIVERSALLY ACKNOWLEDGED TO BE
THE BEST STORY PAPER
IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States! Such writers as Justin Jones, (Harry Hazel,) Augustine J. H. Duganne, William Earle Binder, Harry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Ella Mayville. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, The Mute Spy! Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child of Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting *melange*, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taken tens, they are now taking hundreds of copies. This is the general effect among the five thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $12. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to pre-pay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW WEEKLY, must be addressed Editors.

A CALL TO CASH BUYERS.

THOSE wishing *Credit*, I do not expect, for they chose to go where they have to pay 25 per cent more. I state this from experience for every business man knows that he can buy in Eastern Markets at least 15 per cent. cheaper for cash than the best of credit. I keep a large stock

AND GOOD VARIETY,

And instead of having my Capital out of my hands from one to two years, I have it every day, and in readiness to take advantage of the Market, and in this way give such prices to our customers that Competion from time houses prove useless. My Stock consists of every variety of Goods to be found in Eastern Markets. In my

DRESS GOODS DEPARTMENT,

You will find, Paramettas; Delaines; plain figured and plaid Merinoes; Cashmeres; Valencias Black and Fancy Silks; Traveling Goods and many other kinds too numerous to mention. My

DOMESTIC DEPARTMENT.

In this will be found every grade of all brands of Sheetings and Shirtings, striped and checked Canton Flannels, brown and bleached, red and white Flannels, at all prices; Denims Towelings and every thing to be found in any market. In my

WORSTED DEPARTMENT,

I keep Hoods, Comforters, Armlets, Leggins, Mittens and everything new and novel. In the selection of Hosiery I have paid particular attention especially Ladies and Misses Ribbed Hose, which I am selling at half the usual price. Now to the

RAGLAN DEPARTMENT.

My stock of these goods cannot be surpassed as for style and elegance, and in this department I would particularly call the attention of the Ladies and to those who have heretofore been obliged to go to Rochester or Buffalo in order to get a fashionable Raglan or Cape, or even Dress Goods, I only ask to call and examine our stock and prices to be convinced at once, that to look further will be of no use.

Most kinds of Produce taken or Cash.

Our Terms are Cash and One Price.

Recovery of Gerrit Smith.

It seems now that the recovery of **Gerrit Smith** is likely to put those who are anxious to overthrow his political and religious opinions, to the necessity of hunting up a new theory for his insanity, other than that of hereditary predisposition. It is a marvel indeed, that with all the experience of the world, mankind still persist in charging every step in deviation from the old beaten track either in religion, politics, or philosophy, as the result of insanity, or monomania. Such contracted notions are unworthy of enlightened minds, and the age in which we live.

Men in all positions in life have been visited with calamity like that which has prostrated, for a time at least, the Philanthropist of Peterboro. Robert Hall from the pulpit; Hugh Miller from the fields of science; Thomas J. Lusk from the Halls of the United States Senate, have all alike been stricken down, besides thousands in less conspicuous walks in life.

True magnanimity will measure out justice even to a foe. Take the two, extreme opinions now heldconcerning the execution of John Brown, and they illustrate human nature. Neither can possibly be right. The invasion of Virginia by Brown was but the act of an outlaw, yet the man is worthy of a better end than that of being hung.

There was a species of malice in the almost universal opinion that obtained from, certain quarters, that Mr. Smith had long been bordering on insanity. His calamity let what may by the result, is conclusively shown to be entirely independent of either predisposition, or evidence of such a result until within a very few weeks before he was taken to Utica.

No man or class of men ever strengthened a position by attempts to prove an opponent in the wrong, and yet this is the most common result in set defence. Mankind may be wiser and more just in the future we hope.

Lyceum Lectures--List Completed.

We publish to-day the completed list of Lectures for the ensuing Winter. It will be seen that it opens with Dr. Bellow's address to young Men, on Tuesday next; and closes with Bayard Taylor, on the 10th of Febuary.

We are especially glad to hear that the Young Business Men of this village are interesting themselves, warmly, in the success of the present course.

For their accommodation, the experiment is to be tried of commencing the Lectures at *half past seven* instead of 7 o'clock.

We trust that, as heretofore, the Farmers, in this and adjoining towns, will avail themselves of the privilege, so very cheerfully extended to them, of listening to instructive and suggestive discourses from some of the brightest and most original of our literary men. The price of tickets ($1 only) is believed to be lower than that of any other like Association, and we should rejoice to see the Mechanics and Artisans of the village, without exception, regular attendants upon, and listeners to this lecture series.

The price was reduced to that small figure in order to remove just as far as possible every pecuniary objection and difficulty; and to enable ALL to attend who really desire and covet the opportunity.

The New York *Tribune* says that Gov. Wise has written a letter to Mrs. Brown, in reply to one from her begging for her husbands remains assuring her that they shall be placed at her disposal. An order was enclosed for a safe conduct for her messenger to Charlestown, and that the remains, unmutilated, should be decently committed to his care.

A Cruel Suggestion.

Some time since, a money lender of this city lent a merchant a small sum of spelter, at two per cent a month, but owing to the hard times the note was not taken up at maturity, which alarmed the lender not a little. For several days after the note was protested, he would call at the store of the borrower, on East Water street, seat himself by the stove, sit his hat carefully on the counter, put on his gold spectacles and read some newspaper, advertisements and all, for several hours. Whenever a dime or a dollar would be taken in, he would lower his paper, drop his head slowly, and look out over his spectacles to see where the money went as if he feared it might drop in some place where it would not be found. The merchant stood it as well as a man could under the circumstances till one rainy day, when custom was scarce and the air chilly enough to give one the blues, in came the lender and took his regular seat. Soon a boy came in for a spool of thread, and as the half dime was thrown on the counter, the merchant saw the eyes of his shadow, apparently saying "good-bye" to the coin. Human indurance could stand it no longer. The merchant walked from behind the counter, poked the fire, turned around once or twice, and then, approaching close to his tormentor, said slowly, "Mr.———, *do you think Webster was really to blame for murdering Parkman?*" The old chap started suddenly, lay down his paper, took his spectacles in one hand, and hat in the other, and left the store without saying a word, and has not been there since. As Webster murdered Parkman because the latter bothered him for lent money, the question scared the old fellow nigh unto death.—*Milwaukee News.*

A Lusus Nature.

Mr. Robt. Shacklett, Sheriff of this county, has now in his possession a colt of remarkable peculiarities. It is covered with wool instead of hair, and it utterly devoid of mane, and without a hair upon his tail. The animal is beautifully proportioned.—It is now four months old, is four feet seven inches in hight, and measures twenty one inches around the arm. It is the compeer of the animal of Freemont notoriety—a woolly horse. He has been carefully examined by our stock growers, and they universally admit the wonderful character of this freek of nature. It was exhibited at the late Macon county fair, and received a premium as a draft stallion colt. It is Mr. Shacklett's intention to exhibit the colt in the Eastern cities during the coming spring, unless disposed of before that time. It will remain at Mr. Shacklett's residence for the present, and persons desirous of examining the article can have an opportunity by calling at the Sheriff's office, where they will find its owner always ready to show his pet.—We learn that the colt is for sale, but at what figures we have not heard.—*Palmy (Mo.) Courier.*

An Ambrotype of this animal can now be seen at the Eagle Hotel in this village.

An Immense Iceberg.—Capt. Kirby, of ship Uncowah, at San Francisco from New York, reports that he passed an immense floating island of ice about fifty miles south of Cape Horn, on the 9th of August. It was eight to ten miles long, and very high—a solid mass of ice, against which the sea broke, as upon the iron-bound shores of a continent. At four miles distance the water about the ship was agitated with eddies and ripples caused by the opposing presence of so large a body to the usual ocean currents. The sides along which the ship passed appeared to be precipitous for more than a hundred feet up from the water, when they broke up towards the peaks of the interior of the island; and down the steeps, the spy-glass showed the existence of great gullies and water courses. When the sun shone full upon the island it reflected the light with great brilliancy. It was a majestic spectacle.

Rev. Dr. Cumming, in a recent sermon, stated that more people went out of London every sabbath on excursions of pleasure than were found in the churches and chapels of the city, and that out of a population of three millions there were but one hundred and fifty thousand communicants in the churches of all "evangelical denominations.

Among the last visitors to Sunnyside, previous to the death of Mr. Irving, was the Governor of the State, who was passing Thanksgivingday at his brothers house in the neighborhood. On the afternoon of that day Gov. Morgan, in company with Mr. Moses H. Grinnel and Mr. G. D. Morgan, called on Mr. Irving to pay his respects Mr. Irving was in his usual cheerful spirits, seated in the parlor, and surrounded by his relatives. After a conversation of ten minutes the party bid Mr. Irving farewell, little thinking it would be for the last time.

The shipment of gold from California this year will probably be $40,000,000; about $36,000,000 have arrived.

A Bit of Person at History.

Cook the accomplice of John Brown, gives, in his confession, the following history of one of his fellow conspirators:

"Richard Realf, one of our original party, and our Secretary of State, came from Chatham to Cleveland a few days before Captain Brown's arrival from the East.—Soon after his arrival, he (Captain Brown) sent Realf to New York City, at which place he embarked for England for the purpose of carrying out the plans of Captain Brown. Realf was born and raised in England. He is a peasant's son, but his native talents brought him into the notice of some of the nobility, who took care of him, and made arrangements to give him a finished education.—He was taken into the family of Lady Noel Byron, where he made his home while pursuing his studies. Falling in love with a young lady of noble birth, who was a relative of Lady Byron's he was censured by Lady Byron for his presumption. He was offended at her interferance, and finally left Lady Byron to work his own way in the world.

About this time the Chartist movement was made, which Realf joined and the result was he was obliged to seek safety by emigrating to America. He made his home some years in New York City. A part of the time he was there he was engaged as superintendent of the Five Point Mission. He gave up his situation as assistant superintendent, and went to Kansas in the summer or fall of 1856. I first met him in Lawrence, Kansas. No word was received from him, to my knowledge, after he left for England, to which place he went in his own capacity and that of our secretary of State, to solicit funds for the support of our organization. He proposed to deliver a course of lectures in various parts of England, and the net proceeds of which were to be given to carry out Captain Browns plan.—He is a man of rare talents, and a powerful and fluent speaker. He is about twenty-eight years of age, Mr. Kagi, I believe, got a letter from some one in England a few months ago, stating that Realf had sailed for this country, and that he had quite a sum of money with him, but further than that we have been unable to find any trace of him. Captain Brown and the rest of our company who knew him, think that he is dead.

6TH ANNUAL ANNOUNCEMENT!

CONTINUED SUCCESS OF THE

COSMOPOLITAN ART ASSOCIATION.

From all sections of the country subscribers to this popular Art Institution, (now in the sixth year) are being received in a ratio unparalleled with that of any previous year.

Any person can become a member by subscribing $3, which will entitle him to

1st.—The beautiful Steel Engraving, "Shakspear and His Friends."
2d.—A Copy of the elegantly Illustrated Art Journal one year.
3d.—A Free Season Admission to the Galleries, 548 Broadway, New York.

In addition to which, over *four hundred* valuable **Works of Art** are given to subscribers as Premiums, comprising choice Paintings, Sculptures, Outlines, &c., by the first American and Foreign Artists.

The Superb Engraving, which every subscriber will receive immediately on receipt of subscription, entitled

„SHAKSPEARE AND HIS FRIENDS"

is of a character to give unqualified pleasure and satisfaction. No work of equal value was ever before placed within the reach of the people at such a price. The Engraving is of very large size, being printed on heavy plate paper, 30 by 38 inches, making a most superb ornament suitable for the walls of either the library parlor, or office.

It can be sent to any part of the country by mail, with safety, being packed in a cylinder, postage *pre-paid*.

Think of it! Such a work, delivered free of charge, and the *Art Journal* one year, for three dollars!

Subscriptions will be received until the Evening of Tuesday the 31st of January, 1860 at which time the books will close and the Premiums be given to subscribers.

No person is restricted to a single subscription. Those remitting $15 are entitled to six memberships.

Subscriptions from California, the Canadas, and all Foreign Provinces, must be $3 50 instead of $3, in order to defray extra postage, &c.

Persons wishing to form clubs will apply for a circular of terms, &c.

The beautifully Illustrated Art Journal, giving full particulars, will be sent on receipt of 18 cents, in stamps or coin.

Address C. L. DERBY, Actuary C. A. A.,
544 and 548 Broadway, N. Y.

Subscriptions also received by WILBER SMITH Hon. Sec., for Batavia and vicinity.

THE GREAT AMERICAN

Boot & Shoe Store,

No. 2, Odd Fellow's Hall.

GREAT DISCOVERY!

NEW MODE OF ADVERTISING.

The Proprietor of the Great American Shoe Store, No. 2 Odd Fellows Hall, south side Main street, nearly opposite the Post Office, claims to be the inventor of the Cheapest and best mode of advertising in the world. He claims to be the manufacturer of

BOOTS AND SHOES

that will advertise themselves, by giving ample satisfaction to the wearer, thereby speaking in language not to be misunderstood by him, which he immediately interprets to his neighbors. After having tested the merits of his invention for the last twenty years, he feels confident of its

ENTIRE SUCCESS

and would recommend it to all the other Boot and Shoe makers and dealers in this vicinity to be adopted by them. And he would especially call the attention of the citizens of Genesee county and advise them to study well its operations.

He has on hand a good assortment of Stock such as

Oak and Hemlock Sole Leather,

French calf skins, kip and morocco &c., which he holds will stand investigation from the best of judges, and *MECHANICS* to manufacture it who are second to none in the State.

Also the largest stock of Ready Made Boots and Shoes in the county; both *Eastern and Home Made, at prices that defy Competition.*

Thankful for the very liberal patronage you have been pleased to extend, I would respectfully solicit a continuance of the same.

Batavia, August 11th, 1859.

BY TELEGRAPH

Evening Report

New York, Dec. 1.

The Saxonia, for Southampton and Bremen, took out $700,000 in specie.

Still Further by the Uropa

[Latest by Telegraph to Queenstown.]

PARIS, Saturday.—The formal and official invitation will be sent to London and the Cabinets of Vienna and Paris simultaneously. The invitation will not be identical.

Austria will propose that the Congress assemble in Paris, while France will abstain from indicating any place.

It is certain that Austria, through the medium of Prince Metternich, has protested against the nomination of a Regent by Peidmont, as such a Regency would be contrary to the conditions of Peace signed at Zurich.

It is stated also that England has made representations against the Regency.

The Paris correspondent of the Times of Saturday, says that a confidential communication, of an important nature, has been addressed by the Minister of the Interior to all the Prefects of France, with a view of obviating the effect produced in England by the violent language of the French press. The Prefects are instructed to invite such journals to be more circumspect. The Minister says that a journal while defending energetically the rights of the country might easily avoid offending the susceptibility of a great people by pursuing this line of conduct.—Also, that the dignity as the Imperial policy may be reconciled with the interest of the alliance of France, and the maintenance of peace.

It is reported that Cardinal Antonelli will represent the pope in the Congress.

The London Times upon the San Juan difficulty, enlarges upon the general conviction that war between America and England is impossible. It however, says there are some convictions which work out their own truths in practice, but there are others which tend to their own practical refutation. We sincerely hope that the different readings of the action, that war with England and America is impossible, may not be an illustration of this truth. The editorial, after pointing out the importance of San Juan to England an impossibility of a surrender of it, unless some very different title be brought forward from any yet seen, concludes by expressing much satisfaction that the right of the island will be cooly discussed in Washington and London, while the affairs on the spot will remain in statu quo.

The London Herald understands that Mr. Lever has again offered to charter the Great Eastern for 12 months, but the proposal was refused without hesitation by the directors.

The Times has again a disquieting article on the relations of England and France. It complains that in France every instrument that can work on public opinion is employed to raise a violent spirit of animosity, and that the army are taught to look on a war with Europe as not remote. The Times cannot discover any serious question at issue between the two governments, and affirms that it is the power of the Emperor alone to put an end to the state of things daily becoming more serious, and if he does not do so, there is a responsable ground for drawing a gloomy interference from his silence.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P. S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflammatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGGSWELL'S NEW MEDICAL SALT instead of its being a remedy for all ills, [illegible] has but one ill, has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or position, whether in the head, throat, abdomen, extremities or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases, (no other,) by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflammation!

NOTICE TO THE AFFLICTED! The following forms which the unbalanced fluids assume, and many not herein enumerated, that have more or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver, Neuralgia, Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough, Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

DR. COGGSWELL'S NEW MEDICAL SALT does just what it claims to do—no more, no less—equalizes the fluids by removing from the system all arterial and venous obstructions. Descriptive Circulars may be obtained from any Druggist who has this valuable medicine for sale.

DR. COGGSWELL'S NEW MEDICAL SALT. Get a Circular. Ask any Druggist about the *New Medical Salt*.

Ask your neighbors about the *New Medical Salt*. If sick, try it; if not sick, remember the *New Medical Salt*.

DR. COGGSWELL'S NEW MEDICAL SALT is for sale in Batavia by H. W. Fellows and by all enterprising druggists wherever the Herald is [illegible]. As it is not a Patent Medicine, but the prescription of an eminent Physician, no one should fail to try the New Medical Salt.

THE GROVER & BAKER

Sewing Machine Co.

Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE,

PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also

HEM, FELL, GATHER, AND STITCH

in the most superior manner, and are the only machines in the market that are so well and simply made, that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE

and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

HOSTETTER'S

STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

OFFICE 95 MAIN STREET,

(2d door, Up Stairs, Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorrhœa, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study; dimness of eyesight, loss of memory, dizziness of the head, neuralgy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhœa, or Flour Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

DR. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without exposure, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $1 a series of Health Rules, and perfect chart of cure, which will be to them a true pole star through life.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, The Mute Spy! Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child of Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting *melange*, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of Interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without [illegible] [illegible]

SUBSCRIPTION PRICE 6 CENTS PER WEEK.

TO CORRESPONDENTS:

No notice can be taken of anonymous communications. Whatever is intended for insertion must be authenticated by the name and address of the writer; not necessarily for publication, but as a guarantee of his good faith.

We also beg to inform our readers that we do not hold ourselves responsible for the opinions of our correspondents.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

Where will the Lyceum Lectures be Held.

The extremely low price at which the Tickets for the Lyceum course of Lectures are offered this year, gives serious apprehension that the receipts will not be sufficient to pay the Lecturers engaged. We pay here but one dollar for a full course of Lectures from speakers that ordinarily it will cost at least fifty cents each lecture to hear. In reducing the price so low, and yet securing the highest order of talent, the Lyceum has incurred a considerable risk in an undertaking which is purely for the public good. The main difficulty consists in the want of a Lecture Room of sufficient capacity to hold comfortably all who will desire to attend these Lectures. Ellicott Hall is quite too small as former occasions has fully demonstrated, and if the Lectures must from necessity be held there, many will be deterred from attempting to secure seats for the course. The experiment last year of opening the Presbyterian church for Bayard Taylor's Lecture tested conclusively the advantage of a commodious and comfortable place to seat an audience. We understand that ninety dollars for extra tickets were taken on that evening.

The funeral of Washington Irving took place Thursday, at Tarrytown. It was an occasion long to be remembered. Business was suspended. Stores were closed. From almost every house mourning drapery was hung. The bells of the churches tolled for some hours. From the surrounding country, and from New York and other cities, thousands of people assembled, in and about the church, where the funeral services took place. A procession, more than a mile in length, followed the remains of the deceased to the grave, where, besides many of the most distinguished men of the City, were nearly all the Episcopal clergy, including the Provisional Bishop of the Diocese. The New York Common Council and the Trustees of the Astor Library were present; and the Historical Society was well represented. The services in the church and at the grave, were conducted by the Rev. Dr. Creighton, Pastor of the church at Tarrytown, of which Mr. Irving was a member.

A BUSINESS CHANGE IN ROCHESTER.—The book store of ALLINGS & CORY, Nos. 10 and 12 Exchange street, has passed from the control of the old proprietors into the hands of Mr. CHARLES G HOUSTON, who will hereafter assume the management of the business. The Messrs. ALLINGS & CORY, design to devote their whole attention to the wholesale trade in paper and stationary, which is the reason of their selling out. Mr. HOUSTON, will doubtless, sustain the well earned reputation of the establishment.

Bayard Taylor delivered his lecture on the Life and Character of Alexander Von Humbolt, in New York last evening. From personal interviews, and the ample opportunities Mr. Taylor has enjoyed for gathering materials, the lecture could not fail to be exceedingly interesting. Mr. Taylor Lectures before the Batavia Lyceum during the coming course upon the same theme.

The sum of five hundred dollars (ten fifty dollar bills) of the Troy City Bank were received at that institution on Tues- from the Union Bank, which had been paid out about ten years since, and were for the first time returned to the institution from which they were issued.

Wm. Watches, son of Richard of W. the town of Annsville Oneida Co., was killed last Monday by the falling of a tree upon him whilst he was chopping in the woods. He was about twenty years of age.

A Boston Clergyman in Trouble.

The card on the wings of the Press, implicating Rev. S. L. Pomroy D. D. of the American Board of Missions meets with the following explanation which showeth the Rev. D. D. to have been a [illegible] Dunce. It is stated that during the temporary absence of Dr. Pomroy, letters addressed to him at the Mission House were opened, making developments which induced him to appear before the Committee and make a confession, which, in substance, was to the following effect: That some months ago he was walking out in the evening, and was accosted by a well-dressed female, and at her request accompanied her to her home. While in the parlor in conversation with her a man came in, and, under the threat of exposure, forced him to sign a note of $500, which he did, and subsequently paid it.—Since that he was enticed by another female into another house, and there two men assailed him, and forced him to sign another note of $500, which he subsequently paid. Another woman, by the representation that she was suffering with a dissipated husband and destitute children, enlisted his feelings, and he opened a correspondence with her, and subsequently, by the advice of Mr. CHOATE, paid $500 to get his letters back, which he did, and destroyed them. These statements Dr. POMROY admits to be true, and nothing further.

GOV. WISE having requested the opinion of Attorney-General TUCKER, of Virginia, as to the bearing of the State laws upon the distribution of incendiary publications through the Post-office, that officer writes a long report on the subject, in which he takes the ground that the Federal power to transmit mail-matter does not carry with it the power to publish and circulate, and, therefore, that local laws affecting such publications as the incendiary documents in question, may be enforced. After this decision the circulation of objectionable mail-matter in Virginia may be regarded as definitely prohibited. A new panic has been created by the alleged discovery of "infernal machines," which, according to the Richmond Enquirer, are to be addressed to all the leading citizens of the State, with the immediate and diabolical design of blowing them up.

Marvelous Inventions.

Among the numerous marvellous inventions which American genius has produced within the last few years, are the following, compiled from the Patent Office Report:

The report explains the principles of the celebrated Hobbs lock. Its "unpickability" depends upon a secondary or false set of tumblers which touches the real ones. Moreover, the lock is powder proof, and may be loaded through the keyhole and fired off till the burglar is tired of his fruitless work, or fears that the explosions will bring to view his experiments more witnesses than he desires.

There is an invention that picks up pins from a confused heap, turns them around with their heads up, and then sticks them in paper in regular rows.

Another goes through the whole process of cigar making, taking in leaves and turning out finished cigars.

One machine cuts cheese; another one scours the knives and forks, and another rocks the cradle; and seven or eight take in washing and ironing.

There is a parlor chair patented that cannot be tipped back on two legs, and a railway chair that can be tipped back in any position without any legs at all.

Another patent is for a machine that counts passengers in an omnibus and takes their fare. When a very fat man gets in it counts two and charges double.

There are a variety of guns patented that load themselves; a fishing line that adjusts its own bait, and a rat-trap that throws away the rat, and then baits itself, and stands in the corner for another.

There is a machine also by which a man prints instead of writes his thoughts. It is played like a piano forte. And speaking of pianos, it is estimated that 9,000 are made every year in the U. S., giving employment to 1,900 persons, and costing over $2,000,000.

LIFE OF JOHN BROWN.—Lydia Maria Child is to write the life of John Brown, on behalf of his family. Mrs. Child is already in possession of all the facts and incidents of John Brown's earlier history, which she has only to complete by the story of his late career, down to to-day.—The book, no one can doubt, will be quite worthy of its subject, and the event that will have called it forth.

LEAVENWORTH, Dec. 2.

The Denver City Express of the 24th. ult. has arrived with $12,000 in treasure. The news is unimportant.

New York, Dec. 2.

August Belmont proposes to place, at his own expense, on the grounds of the Central Park, a statute in marble or bronze of Com. Perry.

Senator Sumner left the city this mornig for Wasington.

The Directors of the Pacific Mail Steamship Co. had a meeting to-day, when the committee of negotiation for the sale of the property and franchises of the company to Mr. Vanderbilt, reported that that gentleman had receded from his proposition to purchase; whereupon the committee was discharged, and the Directors passed resolutions that hereafter no similar proposition would be entertained, excepting under certain conditions.

The John Brown prayer meeting at Dr. Cheever's Church, was numerously attended and lasted two hours. A prayer meeting was also held at Shiloh Church.

ATLANTIC CITY, N. J., Dec. 2.

A small steamer painted black with a white stripe, has been lying at anchor in the inlet since Wednesday. A man who came a shore said she was from New York for Havana, and had been purchased by the Spanish Government, and had put in in consequence of head winds. From the fact that she is still remaining in the inlet, and from the number of men on board it is suspected that she is a fillibuster vessel.

It seems to us that there is something exceedingly inappropriate in inviting a distinguished man like Dr. Bellows of New York to come here to lecture, and decline to give him the best place the village affords. But by far the most weighty consideration is that of giving all who may desire to hear the distinguished speakers who are engaged to minister to our entertainment and instruction an opportunity to hear them. If the Presbyterian society here would adopt the example of the church of the Pilgrims in Brooklyn N. Y. and open their House for the use of the Lyceum, it would be greatly to their credcredit, and subserve public good.

A GOOD ANSWER.—"What's whiskey bringing?" inquired a large dealer in the article. "Bringing men to the gallows, and women and children to want," was the reply.

FOR GOSSIPERS TO READ.—Modesty in woman is the charm of charms—it is like the mantle of green to nature, without which she is a desert or a morass. It is modesty which supplies the very nerves and soul to beauty. "A fair woman without virtue," saith the Bible, "is like palled wine." *It is a woman's point of honor*, which she can never allow to be insulted with impunity. Her honor, like the snow, is melted with the slightest touch. It is like rosewater in a beautiful glass break but the glass, and how doth the fragrant essence embrace the dust, and lose for ever its charming sweetness!

LAST EVENING'S REPORT.

John Brown's Execution

HARPER'S FERRY, Nov. 2.

John Brown was hung at Charlestown, at 11½ o'clock to-day.

The military assembled at 9 o'clock, and were posted in the field leading to the place of execution, and also at various points, as laid down in the general order.

Everything was conducted with the strictest military discipline, as if the town were in a state of siege.

Mounted scouts were stationed in the woods to the left of the scaffold, and picquet guards were stationed out towards the Scenandoah mountains in the rear.

The military on the field formed two hollow squares. Within the inner one was the scaffold, and between the inner lines and the outer the citizens were admitted, no one being allowed outside the line except the mounted guard.

At 11 o'clock the prisoner was brought out of the jail, accompanied by Sheriff Campbell and assistants and Capt. Avis, the jailor.

A small wagon, containing a white pine coffin, was driven up, in which he took his seat.

Six companies of infantry and riflemen and one company of Horsemen and the General and his Staff, (numbering 26 officers,) headed the procession and moved towards the place of execution.

Brown was accompanied by no ministers; he desiring no religious services either in the jail or on the scaffold.

He looked calmly on the people, was fully self-possessed, and mounted the scaffold with a firm step. His arms were pinioned by the Sheriff. Brown then bid farewell to Capt. Avis and Sheriff Campbell, and at half-past eleven o'clock the trap of the scaffold was pulled away, and with a few slight struggles, John Brown yielded up his spirit.

The body was placed in the coffin, and is now on the way to Harper's Ferry, to be delivered to his wife, under a strong military escort.

CHARLESTOWN, Dec. 2.

The interview between Brown and his wife lasted from 4 o'clock P. M. until nearly 8 P. M., when Gen. Taleferro informed them that the period had elapsed and that she must prepare for departure for the Ferry. The carriage was again brought to the door. The military took possession of the square and with an escort of twenty mounted men, the carriage moved off. Captain Moore of the Montgomery Guard accompanied her.

The interview was, I learn, not a very affecting one, rather of a practical character, with regard to the future of herself and children, and the arrangement and settlement of business affairs. They seemed considerably affected when they first met, and Mrs. B. was for a few moments overcome, but Brown was as firm as a rock, and she soon recovered her composure.

There was an impression that the prisoner might possibly be furnished with a weapon or with poison, by his wife, and before the interview, her person was searched by the wife of the jailor, and a strict watch kept over him during the time they were together. At the time of separation they both seemed to be fully self-possessed, and the parting, especially on his part exhibited a composure either feigned or real, that was truly surprising.

I learn from Capt. Moore that she rather reproved all attempts on his part to express sympathy with her under her affliction. She resented the idea that Capt. Brown had done anything to deserve death or to attach dishonor to his name, and declared that the ignominious character of the punishment that was about to be inflicted upon him, was as cruel as it was unjust.

BOSTON, Dec. 2.

John Brown's execution to-day attracted considerable crowds about the newspaper offices as the evening editions were issued, and several individuals promenaded the street with crape attached to their persons.

Tremont Temple was crowded this eve to commemorate the death of John Brown. All the colored men of Boston and vicinity were present, together with many ladies, a large number of whom attended through curiosity.

On the platform were seated many of the most prominent abolitionists of New England, and erected upon which was the standard of Virginia, with its coat of arms draped in black. In front, the rostrum was decorated with a large black cross, underneath which was a photograph likeness of John Brown, which was draped in mourning.

Mr. Sewell made the opening speech, stating the object of the meeting was one of sympathy and to commemorate the death of John Brown, whom he designated as a martyr to freedom. He concluded by characterizing Gov. Wise as the modern Pontius Pilate.

Wm. Lloyd Garrison then read the various letters and documents which have emenated from [illegible] ey have heretofore been

Dr. M'Lane's

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

Dr. Coggswell's New Medical Salt, instead of its being a remedy for all ills, has control over but one ill, has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

New Medical Salt. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases, (no other,) by producing an equilibrium, of the fluids in the body, the want of which is the sole cause of inflammation!

Notice To Invalids! The following forms which the unbalanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver; Neuralgia Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough Dyspepsia, Veneral Diseases, Rheumatism, Gout, Scrofula, and all Itching and other cutaneous eruptions.

Dr. Coggswell's New Medical Salt does just what it claims to do—no more; no less—equalizes the fluids by removing from the system all effects and [illegible] obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

Sewing Machine Co.

Having greatly increased their facilities for manufacturing their Celebrated Family Machines, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE, PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also HEM, FELL, GATHER, AND STITCH in the most superior manner, and are the only machines in the market that are so well and simply made, that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

HOSTETTER'S

STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

Fever and Ague.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Affections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. [illegible]

DR. HOOFLAND'S

GERMAN BITTERS,

AND

DR. HOOFLAND'S BALSAMIC CORDIAL,

The great standard medicines of the present age, have acquired their great popularity only through years of trial. Unbounded satisfaction is rendered by them in all cases; and the people have pronounced them worthy.

Liver Complaint, Dyspepsia, Jaundice, Debility of the Nervous System, Diseases of the Kidneys,

and all diseases arising from a disordered liver or weakness of the stomach and digestive organs, are speedily and permanently cured by the GERMAN BITTERS.

The **Balsamic Cordial** *has acquired a reputation surpassing that of any similar preparation extant. It will cure,* WITHOUT FAIL, *the most severe and long-standing*

Cough, Cold, or Hoarseness, Bronchitis, Influenza, Croup, Pneumonia, Incipient Consumption,

and has performed the most astonishing cures ever known of

Confirmed Consumption.

A few doses will also at once check and cure the most severe **Diarrhœa** *proceeding from* Cold in the Bowels.

These medicines are prepared by Dr. C. M. Jackson & Co., No. 418 Arch Street, Philadelphia, Pa., and are sold by druggists and dealers in medicines everywhere, at 75 cents per bottle. The signature of C. M. Jackson will be on the outside wrapper of each bottle.

In the Almanac published annually by the proprietors, called Everybody's Almanac, *you will find testimony and commendatory notices from all parts of the country. These Almanacs are given away by all our agents.*

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorrhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community, dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus or consumption; wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs; great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body, pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea or Fluor Albus &c. Likewise Epilepsy Hysteria, and Nervous Spasms.

Now, in nine cases out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the urinal organs, and arise from morbid excitement and chronic inflammation—a state of mental inactivity, hence the want of success on the part of old school Doctors.

Dr. JOHNSON is now engaged in treating this class of maladies with the most astonishing success. The treatment adopted by the Doctor is new, it is based upon scientific principles, with newly discovered remedies, without mineral or poisons. The facilities of cure are such, that patients can be cured at their own homes without suspicion, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for a stamp a copy of Health Rules, and perfect mode of cure, which will be to them a true guide through life.

READ AND REFLECT!

JUST PUBLISHED

A NEW WORK SPLENDIDLY ILLUSTRATED (with elaborate engravings) of nearly 300 pages, the best work on diseases of the genital organs ever introduced to the public, is Dr. REYNOLDS' MEDICAL GUIDE: Embracing every subject known in the catalogue of human ills, as venereal, or other diseases of the genital organs, and how all persons can avoid them, and if they are so unfortunate as to have contracted such diseases, how to effect a speedy and permanent cure—it being in fact, a complete and practical work on the Physiological Mysteries of the Male and Female system, and will be mailed in sealed wrappers to any part of the world. Price TWENTY-FIVE CENTS, or 5 copies for $1.

N. B.—The author has devoted nearly twenty years to the treatment of diseases of a private Nature, (both male and female) and can be consulted on all and every variety thereof, at his old established Hospital, Rochester, N. Y.

Secret habits in young men effectually cured, although abandoned by the entire faculty, and given up by all making pretensions to the healing art. All cases warranted. No Mercury used.

Patients treated at home by letter, and packages forwarded to all parts of the world.

Females afflicted with Irregularities, obstructions, &c., can obtain Dr. Vinnois' Female Monthly Pills at the above office. Ladies in a certain situation should not use them, the particulars of which will be found on the directions accompanying each box. Price, One Dollar.—Sent by mail free of charge.

DR. REYNOLDS' PATENT FRENCH SAFE.

This enables those whose health or circumstances do not permit an increase of family, to regulate or limit the number of their offspring without injuring the constitution. It is the only safe and sure preventive against Pregnancy and disease. The above article is specially intended to fulfill this desideratum; it is perfectly safe; no metallic substance enters into its composition.

The price of this article is one dollar and it can be sent by mail to any part of the United States or Canadas free of charge.

THE

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION, BEAUTIFULLY ILLUSTRATED, IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best and most popular writers in the United States. Such writers as Justin Jones, Harry Hazel, Augustine J. H. Duganne, William Earle Binder, Henry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Ena Mayville. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

THE WEEKLY is designed more especially as a First Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES. The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short Sketches of Life and Manners, Notices of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, The Mole Spy! Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child of Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting melange, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS.

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taking tens, they are now taking hundreds of copies. This is the general effect among the five thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is four cents, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $12. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken as pay for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to pre-pay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW WEEKLY, must be addressed Editors.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

Execution of Brown.

The "Martyrdom" of John Brown is still the predominant subject of even the telegraph reports. We print but a small portion of it.

We see that Governor Wise is characterised as the modern Pontius Pilate, by the rabid Abolitionists.

The Old Man is now taking most likely a "birds eye" view of Slavery, and in the world of Spirits we trust that he will learn that aggressive measures for the removal of evils, form no part of the law or the government of the Divine Father. It is to be hoped that the inflammable elements of Northern fanaticism will be kept under subjection, and that the deed that is done will not be allowed to push us on to civil discord and disruption with the Southern States.

John Brown will hereafter be the main plank of the Republican platform, for though the party forsook him, as did Peter his master, in the hour of greatest need, yet as soon as his character can be worked up to a sufficiently excitable point, the Republicans will worship him —afar off.

The execution of John Brown is destined to mark an important era in the history of this country, but whether the changes it inaugurates will be creditable to our history, will depend upon the steadfast adherence of the stable minds of the Union to measures of moderation. On this question the New York Times holds the following language:

All that is left to be done in the matter now by Northern men who love their country and would see the rights of all its sections justly maintained, is to protest against the extravagant and inflammatory use which fanatical and reckless men at the North will now be swift to make of this decision and this deed in Virginia. By every sound principle of public law the life which Virginia has taken was forfeit to the State. Whatever we may think of the wisdom and the policy of the consummation to which Virginia has ripened John Brown's enthusiastic dream of duty, we cannot doubt, and we must not silently suffer others to deny, that our sister Commonwealth has been in her Right from the first; and that, if we mean this Union to endure as a great national system, founded upon the equality and fraternity of the States, we must earnestly repudiate and to the best of our abilities repress the sympathy which thousands of easy enthusiasts will now be hastening to offer to the memory of a man in whom Virginia can only see the invader of her established order, and the implacable enemy of the social institutions by which she will choose to abide.

A BRAKESMAN KILLED.—William Ashly Dickinson, was killed on saturday night last, near Albion. He was employed as brakesman on the Rochester and Niagara Falls, R. R. and it is supposed that his foot slipped in stepping from the first to the second car and fell between them.—His remains, terribly mutilated, were taken to Rochester where he resided.

Mr. DICKENSON was about twenty-two years of age. His father was IRA DICKENSON, an old engineer and machinist, who died some months since, and he has two brothers now in the employ of the Central Company. Another brother is on a railroad in Michigan, and still another was killed on a railroad near the head of Cayuga Lake a good many years ago.

It seems that divorces are very easily obtainable in Kansas. Twenty days' residence is all that is required, and cold feet are said to be sufficient cause for cutting the knot.

Very Likely.

A letter from the N. Y. correspondent of the Mobile Register, gives the extraordinary information that "there is now a treaty to unite the Herald and Tribune, by Hudson and Dana, and to get Bennett and Greeley both out of the two establishments. If the Herald and Tribune are united, it is understood that Bennett and Greeley shall neither one continue to act as editor. They may own a certain amount of stock and draw their dividend regularly."

The above is in perfect character with Dana. That he is ambitious enough for such a scheme there is no question, and that he has the vanity to think that if he could only obtain entire control of the Tribune he would be enabled to bring the world to a recognition of his merits, would seem to be evident from some of his past maneuvers. He has tried once to crowd Mr. Greeley out of the Tribune, and no doubt thinks that he is a great detriment to its prosperity, whereas Greeley has suffered more by the truckling tergiversations, and malignant spites of this man Dana than he can outlive in a lifetime.—Without Mr. Greeley, The Tribune would be like a serpent without a backbone.

Published and for Sale this Day.

THE OLD STONE MANSION, by Chas. J. Peterson, Publisher and Editor of Peterson's Magazine; and Author of Kate Aylesford, Cruising in the last War, The Valley Farm, Grace Dudley, etc, etc., complete in two volumes. Paper cover, price one dollar, or bound in one volume cloth for one dollar and twenty-five cents.

This is a tale of American life, with enough of social detail to pass as a novel of society, and a dash of the legendary to give it the interest of romance. The characters are well drawn and contrasted; and the observations of the author, insinuated and not formally propounded, show a keen perception and well considered experience. The descriptions of places are graphic and naturally introduced. Of course Mr. Peterson did not undertake the work with any such purpose, but he has incidentally demonstrated that the incidents, scenes, characters and events, which must form the material of a modern tale, may, by a skilful kaleidescopic art be so arranged as to present the appearance and the charm of novelty. The same substances are employed in every edifice.—The true architect makes with them original and striking combinations. The 'Old Stone Mansion,' devoid of any adventitious claims to notice, and standing on its own merits, may be referred to as an American novel, worthy of the name. The plot is well constructed, the situations have a highly dramatic interest, and the lesson of life which the tale teaches, is wholesome and impressive without being forced.

BUFFALO REPUBLIC'S ADVICE TO THE BOYS.—Never marry a girl who is fond of being always in the street—who is fond of going to the theatre—who has a jewelled hand and an empty hand—who will see her mother work and toil while she lies in bed and reads novels or feigns sickness—who is ashamed to own her mother because she dresses plain—never learned grammar or was accustomed to the etiquette of the drawing-room—who is always complaining that she cannot get enough money to dress like Miss So-and-so or to go to parties like Such-a-one—who wears her shoes slipshod, or has a hole in her stocking and is too lazy to mend it.—Should you get such a one, depend upon it you will have a dirty, untidy, miserable home and life of it. But the kind, affectionate, tidy girl, who helps her mother, who is always ready and anxious to accommodate her mother, father, brothers and sisters, who is kind to the poor, who dresses neatly and according to her means who is always cheerful and fond of accommodating others—if you can get such a treasure, your home will be a paradise.

WHAT IS A REMITTANCE?—A suit involving the question whether money sent in a registered letter is a remittance, was decided in New York a few days since.—Edward Morrison sued the Farmers' Bank of North Carolina for $250, the product of a draft collected, and which was sent to him in a registered letter, but not received. The court held that as the defendant was not authorised to remit money instead of drafts, as is the usual custom, the money mailed to the address of the plaintiff could not be considered payment, and the defendant was therefore liable in the action. The jury found a verdict for the plaintiff accordingly.

New-York Politics---A One-Eyed Idea.

Several copies of the following circular, which has been extensively distributed in the lower part of the City, have been sent to us by the unwilling recipients:—Says the N. Y. Times.

> NEW-YORK, Dec. 1, 1859.
>
> DEAR SIR:—I am again before the People as a candidate for the Mayoralty, and desire your support. If elected I pledge myself to discharge the duties with a single eye to the public good. Upon this principle alone I am a candidate, and ask your support.
>
> Very truly,
> FERNANDO WOOD.

The comments of our correspondents are not exactly complimentary to the author of this "Call to the unconverted;" and if Mr. Wood is to be filled with the fruits of his own devices, he will probably find them rather difficult of digestion.

Some of his victims wish to know what Mr. Wood means to do with his other eye if he keeps but "one" on the "public good." It is quite natural that he should not have more than one eye to spare for the *public good*, in his devotion to the public *goods* and chattels; but his own note answers the question, for he has upset the ordinary rules of spelling to fix his superfluous *i* upon the Mayoralty, which to him appears as the *Mayorality*. Another gentleman is very anxious to know why he should be compelled to receive a note from Wood, as he has always "tried to lead a decent life." He objects, moreover, on the ground that he is not a citizen of New-York at all, but resides in Brooklyn. This objection our friend may rest assured never occurred as a difficulty to Wood, who filled his Cooper Institute meeting on Monday night with boys and half-grown youths from Brooklyn, Hoboken and Jersey City; and is now, no doubt, hard at work preparing to pour the same population in upon the City on election day.

Extremes Meet.

Under the head of "Sympathy for the South," the New-York Day Book runs up the following notice under the editorial head:

"All persons in favor of calling a public meeting in New-York city, to express their sympathy with the South in the present crisis, and their abhorrence of the motives and acts of Old Brown and his followers in their assault upon the peace, safety and lives of our fellow citizens of the State of Virginia, are requested to send their names to the Day Book office, No. 40 Ann street."

The Schenectady News publishes a letter from Governor Wise addressed to *Isaac V. Reagles, Esq. Captain Schenectady Washington Continentals*," returning thanks to the valiant captain for a tender of his "gallant company," and "free of charge" at that, to protect Virginia "in this her hour of need when she is endangered by treasonable invasion from without and servile insurrection within." The Gov. assured Captain Reagles that if he should need outside assistance he would "instantly inform you, and in such case expect your prompt assistance." This doubtless came much nearer to an acceptance of the proffered service than the sanguinary Captain expected.

About Patents.

An ice making machine has been patented, which is worked by a steam engine. In an experimental trial it froze several bottles of sherry, and produced blocks of ice the size of a cubic foot, when the thermometer was up to eighty degrees. It is calculated that for every ton of coal put into the furnace it will make a ton of ice.

From Mr. Examiner Dale's report we gather some idea of the value of patents. A man who had made a slight improvement in straw-cutters took a model of his machine through the Western States, and after a tour of eight months returned with forty thousand dollars. Another man had a machine to thresh and clean grain, which, in fifteen months, he sold for sixty thousand dollars. These are ordinary cases, while such inventions as the telegraph, the plaining machine, and indiarubber patents are worth millions each.

Examiner Lane's report describes new electrical inventions. Among these is an electrical whaling apparatus, by which the whale is literally "shocked to death." Another is an electro-magnetic alarm, which rings bells and displays signals in case of fire and burglars. Another is an electro clock, which wakes you up, tells you what time it is, and lights a lamp for you at any hour you please.

There is a "sound gatherer," a sort of huge ear trumpet, to be placed in front of a locomotive, bringing to the engineer's ears all the noise ahead, perfectly distinct, notwithstanding the noise of the train.

In a divorce case which the late Rufus Choate was arguing against the probability of guilt, he said "the parties were playful, gentlemen of the jury, not guilty. After the morning toil, they sat down upon the hay mow for refreshment, not crime. There may have been a little youthful fondling—playful, not amorous. They only wished to soften the asperities of hay making."

It takes three editors to start a paper in New [illegible] killed in a duel, one to [illegible] ver, and one to write [illegible] defunct two.

THE VIRGINIANS PROPOSE TO CUT THE ACQUAINTANCE OF THE NORTH.—A meeting of citizens of Richmond, Va., convened for the organization of the "Southern Rights Association." The Whig says the meeting was composed of the "solid men" of Richmond, manufacturers, merchants, mechanics, clerks, &c. A large number of persons enrolled their names, as members of the association, and it was resolved to call a general meeting of the citizens of Richmond, Henrico and the adjoining counties. Daniel London, Esq., the chairman, stated that $40,000,000 of Northern goods were annually sold in Virginia. Mr. L. also said that a meeting of ladies of Richmond would be held some evening this week, for the purpose of organizing a Ladies Southern Rights Association. He likewise stated that a large number of ladies had informed him that they had resolved to discriminate in their purchases hereafter against articles made in the Northern States.

French papers relate that the nephew of the late Sir Robert Peel, Sir Edward Egertown, is at Cannes, in France, trying to engage divers to search for a will which went down in a steamer wrecked a few months ago. the documents put him in possession of £32,000,000 sterling (!) the property of a lately diseased relative, and he offers a reward of £20,000 for its recovery.

The New York Independent says that among the creditors of Uncle Sam abroad are Lord Overstone, to whom we owe $350,000; a Spanish lady, Merced de Lascca, $200,000; brother of the King of Naples, $75,000; and his niece, the daughter of Bomba, $50,000, also smaller sums to the late Duchess of Orleans, Count Rossi, Paul Julien, Tocqueville, Lord Macauly, Baring Brothers, and Lord Elgin.

STARTLING EVIDENCE.

LET THE SICK HEAR.—The Boston Scalpel, a medical publication says: Dr. Herrick's Sugar Coated Pills, made at Albany, N. Y., appear to be the pill of the world. Dr. H. makes no secret of their compound; he furnishes all physicians in good standing with the receipt of their ingredients, and with the Pills sugar coated, by the pound. Among all medicine manufacturers, Dr. Herrick stands in Medical knowledge and medical responsibility, unapproached. As Spring is upon us, and hot weather expected, and a few doses of Herrick's Matchless Pills.—Dundee Record.

PHYSICIANS USE THEM.

☞ Dr. C. T. Fancast, of Baltimore, M. D., in a note to Dr. Herrick, says: I have tested your purgative Sugar Coated Pills in a variety of diseases, and find them superior to any cathartic I ever used. My customers, particularly the female portion, have fallen in love with them, and frequently ask me to give them the Sugar Coated Pill. Your discovery in coating a pill with sugar should immortalize your name, and I doubt not your invention will be handed down to future posterity as a discovery worthy the day in which we live. Please accept my thanks for the can of pills which reached me this morning by express. Enclosed find the amount of your bill. Sold everywhere.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

HOSTETTER'S
STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the stomach or bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

DR. JOHNSON'S
HERB DISPENSARY

OFFICE 95 MAIN STREET,

(Up stairs, Up Stairs, Buffalo, N. Y.)
A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorrhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Flour Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new. It is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $1 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

THE

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION

BEAUTIFULLY ILLUSTRATED,

IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States. Such authors as Emerson Bennett, Harry Hazel, Augustine J. H. Duganne, William Earle Binder, Henry Hastings, [illegible]

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, [illegible] [illegible] a host of other well known writers, contribute regularly to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent not equalled or rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before—[illegible] appeared in the Literary World received such flattering notices from the Press. From all quarters our editorial brethren have cheered us on by speaking of our enterprise in a manner to [illegible] our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

THE WEEKLY is designed more especially as a First Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these [illegible] will be to inculcate moral knowledge under the [illegible] guise of fiction, or to teach good moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Sketches of Travel and Adventure, Short Stories, General Summary of Events, Humorous Sketches, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, The Sun Spy! Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child of Charity! While, in speaking of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting melange, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels are items of interest, etc., etc. In a word, the Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can with safety place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to distinction and wealth.

OUR CIRCULATION & PROSPECTS.

The NEW YORK WEEKLY has grown up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the previous week taken [illegible], they are now taking hundreds of copies. This is the general effect among the [illegible] Thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, that is a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to maintain a Post Office, will have its News Agent.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3. Four copies for $5. Eight copies for $10. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to prepay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW WEEKLY, must be addressed Editors.

THE DAILY HERALD

BATAVIA, Tuesday, Dec. 6, 1859

SUBSCRIPTION PRICE 6 CENTS PER WEEK.

TO CORRESPONDENTS:

No notice can be taken of anonymous communications. Whatever is intended for insertion must be authenticated by the name and address of the writer; not necessarily for publication, but as a guarantee of his good faith.

We also beg to inform our readers that we do not hold ourselves responsible for the opinions of our correspondents.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

Congress assembled at Washington yesterday and took the preliminary steps towards organization. It is hardly possible that the organization of the House can be so far perfected so as to authorize the presentation of the President's Message for some days yet. The Democrats have done their share, however, towards expediting affairs. On Saturday a well-attended caucus fixed unanimously upon the name of Hon. THOMAS S. BOCOCK, of Virginia, as its candidate for the Speakership. The question of the Clerkship was not discussed. The Opposition held a conference, from which the Southern Americans absented themselves, but no action was taken.—Doubts as to the Clerkship, for which the Anti-Lecompton Democrats urge the name of Col. FORNEY, are said to have required the postponement of the subject. It is understood that, upon the meeting of the House, the Opposition will scatter its vote, gradually concentrating either upon Mr. SHERMAN or Mr. GROW. The Southern Americans have fixed upon Mr. JOHN A. GILMER, of South Carolina, as their candidate. Their position is understood to be temporarily occupied—to be abandoned as the smoke clears from the field.

The Election for Mayor of the City of New-York takes place to-day. There are three candidates in the field, FERNANDO WOOD, GEO. OPDYKE, and W. F. HAVEMEYER, the last being the man the regular Democrats are determined to *have Mayor*. Mr. Havemeyer has formerly served as Mayor, we believe, two terms, and it is to be hoped that he will be elected again.—If Fernando, can empty the prisons and get the vagabonds under sufficient train, it is believed that he will be elected.

FROM WASHINGTON.

The Meeting of Congress.

WASHINGTON, Dec. 5—HOUSE.—The interest in the organization of the House is, if possible, on the increase.

Long before noon the galleries were densely filled, and crowds were unable to obtain admittance.

Notwithstanding the inclemency of the weather, there is the usual attendance of ladies.

On the floor there were the customary salutations among members and others, and a pleasant excitement prevailed everywhere.

Mr. Allen, the Clerk of the last House, called the House to order at noon. The din of voices immediately ceased, spectators were excluded from the floor and the members took their seats.

The roll was called and 231 members answered to their names. The absentees were Messrs. Stalworth and Landrum, of Alabama; Brown and Adams, of Kentucky; Hinman and Rust, of Arkansas; and Hamilton of Texas.

On motion of Mr. Phelps, the House agreed to proceed to the election of a Speaker *viva voce*.

Mr. Houston nominated Mr. Sherman of Ohio.

Mr. Adams nominated Mr. Davis of Indiana.

Mr. Haskin nominated Mr. Hickman of Pennsylvania.

Mr. Stephens nominated Mr. Grow of Penn.

Mr. Briggs nominated Mr. Botler of Va.

Various voices impatiently, "Call the the roll."

The Clerk appointed Messrs. Houston, Corwin, Adrian and Briggs tellers.

Mr. Florence said: In listening to the call of the roll I noticed that several members were absent, and in order to enable them to participate in the election, I move that the House adjourn till to-morrow.

Mr. John Cochrane: I hope the gentleman will withdraw the motion.

Mr. Cobb: Oh, let us have one vote.—(Laughter.)

The House took the vote by acclamation, amid which and Laughter Mr. Florence withdrew his motion and the House proceeded to vote.

The common opinion is, that we should take good care of children at all seasons of the year, but it is well enough in winter *to let them slide.*

Brown's Interview with his Fellow Prisoners.

Sheriff Campbell bade the prisoner farewell in his cell, the latter returning thanks for the Sheriff's kindness, and speaking of Capt. Pate as a brave man.

The prisoner was then taken to the cell of Copeland and Green, he told them to stand up like men, and not betray their friends; he then handed them a quarter each, saying he had no more use for money, and bade them adieu. He then visited Cook and Coppie, who were chained together, and remarked to Cook: "You have made false statements."

Cook asked: "What do you mean?"

Brown answered: "Why, by stating that I sent you to Harper's Ferry."

Cook replied: "Did you not tell me in Pittsburg to come to Harper's Ferry and see if Forbes had made any disclosures?"

Brown: "No, sir! you know I protested against your coming."

Cook replied: "Capt. Brown, we remember differently," at the same *time dropping* his head.

Brown then turned to Coppie and said, "Coppie, you also made false statements, but I am glad you have contradicted them. Stand up like a man." He also handed him a quarter. He shook both by the hand, and they parted.

The prisoner was then taken to Steven's cell, and they kindly interchanged greetings.

Stevens—"Good bye, Captain; I know you are going to a better land."

Brown replied, "I know I am." Brown told him to bear up, and not betray his friends, giving him a quarter.

He did not visit Hazlett, as he has always persisted in denying any knowledge of him. On his way to the scaffold, Mr. Sadler, an undertaker, who was in the wagon with him, remarked, "Capt. Brown, you are a game man." He answered, "Yes, I was so trained up; it was one of the lessons of my mother; but it is hard to part from friends, though newly made." He then remarked, "This is a beautiful country; I never had the pleasure of seeing it before.

DEATH.—A solemn, long-visaged, heartless, ubiquitous wretch—the demolisher, or perpetuator of our woes. He takes us from kind friends, men, women and children, and babes at the breast, who have been awaiting our decease so they may scramble for our property, and the mention of whom in our will is regarded as a royal charter of liberty to forget us.—*Exchange.*

The poor wretch who feels what the above expresses is greatly to be commiserated, yet, undoubtedly it is the sentiment of more than half of the world who live to make money, and exemplify their sincerity by disparaging every pursuit or attainment that does not contribute to that end. Death should always be represented as an angel of light, and he who fears death is a very weak and unwise man.

A dishonest servant girl, suspected by the proprietor of a New York hotel, was "overhauled" as she was about to depart, and concealed among her hoops and clothing were found half a dozen cut glass tumblers, three or four glasses of currant jelly, several collars and other articles of wearing apparel; four fine linen handkerchiefs two of which she used as garters, and with the other two she secured her skirts which were rather heavy from the weight of the glass ware; and also two fine sheets wrapped around her person, and $15 sewed in the lining of her dress—all of which had been stolen from various persons in the house. It took a long while to unpack her.

EDWARD CLODDOS is very anxious for an introduction to a refined family, in which there are some elegant young ladies.—His laudable object is not so much matrimony, for he has no money, as to be induced gradually to wean himself from the habit of inebriation, keeping his hat on in a room, wearing muddy boots, and smoking a short clay pipe. He thinks that in time, if he had familiar access to such a household he might be cured of some, if not all of these practices. Any West End family desiring such a guest can write to *Mr Punch.*

A CONSCIENTIOUS FLUNKEY.—"Not at home" is the means of sparing persons feelings. "Out" would be a falsehood.—If you were to say "Engaged,' a caller might wish to wait; If you were to say "Does not wish to see anybody," vanity instantly whispers that an exception is or ought to be made in the enquirer's case; whereas "Not at home" means anything or nothing, and the visitor goes away tranquil. If you were our Jeames' and intruded on your betters with scruples of the kind, you would be served as the elder Nicholas was by the saint of that name in Mr. Barham's ballad.

A Rocky Mountain correspondent of the New York Evening Post, who writes himself "Henry E. Land," describes Oregon as the most delightful country in the world. Our citizens if they choose, can go out there, and *see how the Land lies.*

NEW YORK, Dec. 5.

No signs of the Anglo Saxon at Portland.

LAWRENCE, Mass., Dec. 5.

Daniel Saunders, the city candidate, was elected Mayor to-day 155 majority over J. R. Rollins, Republican candidate. A large majority of the Common Council in the city and county are also elected. The result is claimed as a triumph for the Democrats.

BOSTON, Dec. 5.

Mr. Burnham, late State Liquor Agent whose term of imprisonment for contempt expired on Saturday, was brought before the Police Court to-day, on a charge of selling adulterated liquors, but the trial was postponed and his bail of $5,000 continued.

NEW YORK, Dec. 5

The Seventh and Eighth regiments are are ordered to be at their armories at 6 o'clock to-morrow morning, and remain there all day for use in case of emergency. A strong force will also be stationed at the Arsenal to prevent any attempt to seize the arms stored there.

Preparations are making for a great Union meeting in Philadelphia on Wednesday night.

NEW BEDFORD, Dec. 5.

At our municipal election to-day Isaac C. Taber (independent) was chosen Mayor by 573 majority, over Weston Howland citizens' candidate. A majority of the City Council on the Tabor ticket are also elected.

TROY, Dec. 5.

The body of John Brown, accompanied by Mrs. Brown and Wendell Phillips, passed through this city, to-day, arriving in the cars at noon. It started at 6 o'clock for its destination.

Little or no excitement was created during the time the body remained at the depot.

The funeral takes place on Thursday at North Elba.

A HINT TO LOVERS OF FLOWERS.—A most beautiful and easily attained show of evergreens may be had by a very simple plan, which has been found to answer remarkably well on a small scale. If geranium branches, taken from luxuriant and healthy trees, just before the winter sets in, be cut as for slips and immersed in soap-water, they will, after drooping for a few days, shed their leaves, put forth fresh ones, and continue in the finest vigor all winter. By placing a number of bottles, thus filled, in a flower basket, with moss to conceal the bottles, a show of evergreen is easily insured for the whole winter. All the different varieties of the plant being used, the various shapes and colors of the leaves blend into a beautiful effect. They require no fresh water. So says a lady who has tried it, and handed us the above slip for publication.

THE GOLD DISCOVERIES—FURTHER NEWS.—The St. Louis *Bulletin*, says, we have received further intelligence about the discoveries of gold in Southeast Missouri, which confirms previous reports.—Assays have been made, and latter experiments have settled beyond question, that there are rich deposits of gold in the Southeast. The information given to us is a more confirmation of the facts which we published a few days since. The ore is imbedded in hornblende rock, and contains about 2½ per cent of precious metal, and will yield at least $10,000 per ton.

A WISE PRECAUTION.—The poor people of Philadelphia have a Fuel Saving Society," which takes their earnings throughout the year in dimes and half dimes, and gives the amount in fuel at wholesale prices. A cent a day buys one ton of coal; eight cents for nineteen weeks, entitles the depositor to half a ton; Those able to buy their own fuel are not allowed as depositors. It is for the poor exclusively, 222 of them used it last year, depositing $1,118, and drawing 324 tons of prime coal.

PATENT MEDICINE CERTIFICATE.—Dear Sir:—I kicked the bucket last night, but while the undertaker was placing me in the coffin a vial of your Essential Oil burst in his pocket and streamed down into my face—I opened my eyes sneezed and then arose. The shroud having received a portion of Oil, instantly took root in the floor and expanded into beautiful cotton stalks, each filled with bursting balls.

WOMAN KILLED AT GENEVA.—The Buffalo Courier states on Saturday afternoon as the cars on the Central Railroad were backing up at Geneva, a lady named Davis stepped across the track, when she was caught by the wheels and run over.—Both legs were cut off below the knees and the unfortunate lady was picked up in a dying condition, and conveyed to a hotel, where she received prompt medical attendance, and every attention.

GREAT DISCOVERY!

NEW MODE OF ADVERTISING.

The Proprietor of the Great American Shoe Store, No. 2 Odd Fellows Hall, south side Main street, nearly opposite the Post Office, claims to be the inventor of the cheapest and best mode of advertising in the world. He claims to be the manufacturer of

BOOTS AND SHOES

that will advertise themselves, by giving ample satisfaction to the wearer, thereby speaking in language not to be misunderstood by him which he immediately interprets to his neighbors. After having tested the merits of his invention for the last twenty years, he feels confident of its

ENTIRE SUCCESS.

and would recommend it to all the other Boot and Shoe makers and dealers in this vicinity to be adopted by them. And he would especially call the attention of the citizens of Genesee county and advise them to study well its operations.

He has on hand a good assortment of Stock such as

Oak and Hemlock Sole Leather,

French calf skins, kip and morocco, &c., which he holds will stand investigation from the best of judges; and *MECHANICS* to manufacture it who are second to none in the State.

Also the largest stock of Ready Made Boots and Shoes in the county; both *Eastern and Home Made, at prices that defy Competition.*

Thankful for the very liberal patronage you have been pleased to extend, I would respectfully solicit a continuance of the same.

SPARKLING EVIDENCE.

Let the Sick Read.—The Boston Scalpel, a medical publication says: Dr. Herrick's Sugar Coated Pills, made at Albany, N. Y., appear to be the pill of the world. Dr. H. makes no secret of their compound; he furnishes all physicians in good standing with the receipt of their ingredients, and with the Pills, sugar coated, by the pound. Among all medicine manufacturers, Dr. Herrick stands in Medical knowledge and medical responsibility, unapproached. As Spring is upon us, and hot weather expected, and a few doses of Herrick's Matchless Pills—[Dundee Record.

PHYSICIANS USE THEM.

☞Dr. C. T. Poncost, of Baltimore, M. D., a note to Dr. Herrick, says: I have tested your Purgative Sugar Coated Pills in a variety of diseases, and find them superior to any cathartic I ever used. My customers, particularly the female portion, have fallen in love with them, and frequently ask me to give them the Sugar Coated Pill. Your discovery in coating a pill with sugar should immortalize your name, and I doubt not your invention will be handed down to future posterity as a discovery worthy the day in which we live. Please accept my thanks for the can of pills which reached me this morning by express. Enclosed find the amount of your bill. [illegible]

DR. M'LANE'S

CELEBRATED

VERMIFUGE AND LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated
Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of Liver Complaints, all Bilious Derangements, Sick Head-Ache, &c. In cases of

Fever and Ague,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

Fleming Brothers,
Pittsburgh, Pa.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

HOSTETTER'S

STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, Dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, [illegible] in the blood at [illegible] the system will be [illegible] Cleanse the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

Spermatorrhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of diseases prevail to a fearful extent in community, dooming at least [illegible] youth of both sexes, annually, to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs; great palpitation of the heart; asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eyesight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body, pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhœa or Fluor Albus, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named, have their seat primarily in the [illegible] and arise from morbid or [illegible] inflammation—or state of [illegible] hence the want of success in the general old school practice.

DR. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new; it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own homes, without exposure, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young men suffering from these direful ills, will receive for 6[illegible] a series of Health Rules, and perfect charts of cure, which will be to them a true polar star through life.

THE

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION,
BEAUTIFULLY ILLUSTRATED,
IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States! Such writers as Justin Jones, Harry Hazel, Augustine J. H. Duganne, William Earle Binder, Harry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Ella Magville. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our energy, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

THE WEEKLY is designed more especially as a First class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES. The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Sketches of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, The Mute Spy! Francis S. Smith's intensely Interesting Domestic Story, Maggie, The Child of Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house keepers and others.

Our Pleasant Paragraphs, an interesting *melange*, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the news-men were taken tens, they are now taking hundreds of copies. This is the general effect among the *five* thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting applications for club orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $12. Postmaster and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to prepay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW WEEKLY, must be addressed Editors.

The New York Election.

FERNANDO WOOD is again elected Mayor of the City of New York. He is represented to have once said that the height of his ambition was to be Chief Magistrate of the Empire City. His aspirations are satisfied we hope, but a new reign of terror has set in for the peaceable inhabitants of the Metropolis, and especially for all tax-payers, while the Vandal hosts will once more rejoice over the shield that is set over them, that will lighten their burthens, and make their escape from justice easy and sure.

In some quarters the Election of Mr. Wood is attributed to the influence of the New York Tribune, hoping thereby to create prejudice against the Democratic Party in making it responsible for all the misdeeds that may occur under the administration of Wood previous to the Presidential Election next fall. This game will be most effectually blocked, if it is not already, is the fact that Mr. Havemeyer received nearly the full true Democratic vote of the City. Wood's election is the work of the noparty men who go in for sefl defence, against a just Government, and the administration of justice.

Impolitic but True.

The New York papers publish an affidavit in which it is set forth that when Mr. Havemeyer was appealed to, during the hard winter of 1854–5, to append his name to a call for a meeting to take measures for the relief of the working classes, he refused, on the ground that the sufferings of the workingmen were altogether their own fault; and that instead of wearing broadcloths and silks, mechanics and their wives ought to dress in tow cloth, &c. The Brooklyn Eagle thereupon says:

"It was not an opportune time to promulgate such sentiments when people were starving, but if Mr. Havemeyer used the language attributed to him, he uttered an important truth, though a harsh and unreasonable one. It is the foolish vanity of attempting to dress beyond one's means and which is not confined to any particular class, that is at the bottom of one-half of the evils and immoralities which affect our social system. "The age has grown so affected that the toe of the peasant comes so near the toe of the courtier that he galls his kibe." The servant girl must affect the style of her mistress, and the mechanic and clerk out-dress and out-jewel their employers. Mr. Havemeyer was not so far wrong. But then a man who ever expects to be a politician should have no opinions, or if he has, he ought to be too much of a coward to utter them.

OBEDIAH ROGERS who don't believe "larnin" necessary in order to know how to raise "taters," lives near Warren, Connecticut, and posted on his meadow fence the following:

PEACE MAKERS.—They are a queer set in Rochester. When no other small excitement can be got up, such for instance as a Little murder, an elopement, a crim. con. case, or some similar Rochesterian interlude, the Police force "go in" on their own private account. Last week the Chief and some of the policemen gave each other the lie in Court, and in presence of the magistrate, and a general fight ensued. The scene was repeated on the following day, and the belligerent policemen will be arraigned for contempt of Court. One of the fighting officers says he understood his duty to be to keep the peace, and having no other peace to keep, he though he might as well hew off a

KEEP THE BIRTH-DAYS.—A western exchange makes the following excellent suggestions, which must meet the approbation of all. We trust they will also be received with favor by the "old folks." It says:

Keep the birth-days religiously. They belong exclusively to and are treasured among the sweetest memories of home. Do not let anything prevent some token, be it ever so slight, that it is remembered.—Birth-days are great events to children.—For one day they feel that they are heroes. The special pudding is made expressly for them; a new jacket, or trowers with pockets, or the first pair of boots, are donned; and big brothers and sisters sink into insignificance beside "little Charlie," who is "six to-day," and is soon "going to be a man."

Fathers, who have half a dozen little ones to care for, are apt to neglect birth-days; they come too often—sometimes when they are busy, and sometimes when they "are nervous;" but if they only knew how much such souvenirs are cherished by their pet Susy, or Harry, years afterwards when away from the hearthstone they have none to remind them that they had added one more year to the, perhaps, weary round of life, or to wish them, in old-fashioned phrase, "many happy returns to their birth-day," they would never permit any cause to stop between them and a mother's privilige.

THE FASHIONS.—Every paper now-a-days has something to say of the fashions for the ladies a matter about which we, personally, care very little, being always satisfied that the "dear creatures" will look just as sweet as they can, whatever the style may be. But speaking of fashions, suggests the propriety of producing a description of an "old style" that was adopted in Paris in "the good old times," which we find in the Boston Post. It is said that the tendency now is to reproduce the styles of the "First Empire," and as the fashion described was indulged in for a short time in those days in imitation of the Greeks, it may not be uninteresting to know what it was. The exchange referred to, says:

"In an old Columbia Sentinel we find a letter from Paris, which gives an idea of what that style was. It says, describing an evening costume, "The dress was a loose muslin robe drawn up and festooned at the right knee, so as to show the whole leg.—The robe passed under the left breast, which was left entirely naked, and was fastened above the left hip. both arms were naked from the shoulder; their length was only relieved by two bracelets. The effect of this dress I shall not attempt to describe, but the gentlemen all allowed that it was fascinating in the extreme. The ladies have dispensed entirely with the chemise, as the folds of it, they say, prevent their elegant shapes from being seen; and the taffeta robes they wear are suited to display every grace in the most striking manner."

SCARING THE LION:—Punch is poking fun at Louis Napoleon. He has the picture of a large British Lion, sitting on a headland overlooking the C[illegible], while on the opposite shore stands Louis Napoleon, holding in his hand a diminutive toy dog, a French poodle, with which he is vigorously "Bow-wow-ing" in the face of the Lion, by means of the barking apparatus. The joke is a good one, for an Englishman, but the probability is that the British Lion, while affecting contempt for the bark of the French dog, might be glad to run from his bite.

The Troy Whig is responsible for the following cat story:

A lady residing in Lansingburgh, whose husband does business in this city, had a pet cat, which took a violent fancy to her baby. The latter was seized with a violent attack of whooping cough a few weeks since, and the cat and her two kittens caught the disease from the child.—The baby died, and the cat was for a long time inconsolable for the loss of her favorite, until at last she pined away and died of grief.

DOMESTIC MEDICATION.—A lady whose two children were sick with the measles, sent to a female friend—one of those good Samaritans who are ever ready to help their neighbors with advice gratis—for a prescription. The friend who had just been writing a receipt for another party for pickling cucumbers, replied to the more important enquiry without delay, but by mistake sent to the anxious mother of the sick children the following horrible directions—"Scald them three or four times in very hot vinegar, and sprinkle them well with salt, and in a few days they will be cured."

A gentleman in Boston recently gave a great party. Some wag gave him the names of all his political opponents in the smallest towns of his district, instead of a list of his friends and supporters, and the former were invited to the banquet while the latter were left out in the cold. The joke was so good that no one took offense.

THE FARMERS CREED.—We believe in good fences, good barns, good farm houses good stock, good orchards, and all the

Union Demonstration.

PHILADELPHIA, Dec. 6.—Extensive preparations are being made here for the Union demonstration to-morrow by a mass meeting, irrespective of party.

To-night cannons are to be fired and flags displayed throughout the day on shipping and public buildings. They are determined to show Gov. Wise that the conservative element at the north are not passive or diminishing in strength. Much enthusiasm was displayed, and the demonstration promises to be general.

New-York Election.

NEW-YORK, Dec. 6.—Nineteen wardes give Wood 25,998; Havemeyer, 20,073; Opdike, 18,927. Wood's majority will exceed 2,000.

LATER.

The total vote for Mayor in twenty-three wards: Havemeyer, 26,781; Wood, 30,054; Opdyke, 21,706.

Pacific Railroad.

NEW-ORLEANS, Dec. 6.—The sale of the Pacific Railroad stock and bonds closes on the 10th inst., when a conditional sale will be made on the balance, amounting to $1,000,000, which will be set aside to purchase negroes to complete the road.

Fire at London.

LONDON, C. W.—To-day, the United Presbyterian Church, the Great Western Railroad repair shop, Cothane's sash factory, and a large quantity of Lumber, was destroyed by fire. Three cars in the repair shop were also destroyed. Loss $14,000.

THEY MAY GO HOME.—Messrs. Richmond, Simeon B. Jewett, Peter Cagger and the rest of the Albany Regency clique at the St. Nicholas, may as well go home! They can effect nothing here. Fernando Wood, Green C. Bronson and James Lynch are as good as elected. Richmond, Jewett and Cagger may go home.—*N. Y. News.*

MR. RICHMOND is in Chicago; MR. JEWETT at home in Monroe County; MR. CAGGER, in this city. None of them have been recently in New-York, or occupied themselves with the Mayoralty question. Wood and his organ is disposing of themselves with sufficient rapdity to spare them the trouble of intervention in the city election, were they inclined.—*Albany Argus.*

"The Beginning of the End."

This is the caption which the Evening Journal places over its John Brown tirades. Is it of the Union it speaks? Does it prophesy the end of the Government? Or does it allude to the design prophesied by Seward and initiated by Brown, to extinguish Slavery in blood and flames? Is that the "End" which has just begun?

We tell it that it misinterprets the hand-writing on the wall. It is the end of Sewardism that has begun. It is of the fortunes of the Black Republicans it reads "the beginning of the end."—*Alb. Argus.*

THE WEBSTER HOMESTEAD AT MARSHFIELD.—The Webster Statute Committee met on Saturday, in Boston, to close up their affairs. There appeared to be remaining in the hands of the Treasurer a balance of $6,500, which was placed in the hands of the Executive Committee as a perpetual trust fund, the proceeds whereof are to be devoted to keeping in repair the home of Mr. Webster at Marshfield.

A couple (not long married) were contending about their first and only child.

"William, my dear I want to name him Peter."

"Oh! no, my love; I don't like Peter he denied his master. Let us call him Joseph."

"Why, William, I can't bear Joseph—he denied his mistress."

Beecher says of his youthful days:

"If I had not been more afraid of hell than I was of heaven, I should have wished not to go to heaven. It was only second in rank among the places where I did not want to be. The idea that I picture of Heaven is no more agreeable now than when I was young. But I have put away childish things. We are not to praise God as if we were so many parasites so many courtiers, whose interest and duty it is to say grandiloquent things around the throne."

You might as well go to the catacombs of Egypt and scrape up the dust of the mummies and knead it into forms and bake them in your oven, and call such things men and present them as citizens and teachers for our regard, as to bring old, time-worn institutions to serve the growth and the living wants of to-day.

BY TELEGRAPH

WASHINGTON, Dec. 6.

House—Mr. Clark's resolution coming up.

Mr. Crawford made an informal motion to submit a resolution for the adoption of the House rule, it being evident that after Mr. Clark shall conclude his remarks a reply will be expected from the other side. It would be remembered that in the 34th Congress one gentleman occupied the floor on two days, hence his proposition.

A resolution was adopted that the daily hour of meeting be 11 o'clock.

SENATE.—Mr. Mason's resolution, offered yesterday, came up.

Mr. Trumbull said it would receive his cordial support whenever murder had been committed. Let us ascertain who are guilty, and hold them responsible. He hoped the investigation would be thorough and complete. He believed it would do good by disabusing the public mind, especially in the South, of the idea that such a movement receives support from any considerable number of citizens. The investigation should be impartial and thorough, and the effect on the country will be most salutary. Had a similar transaction occurred in 1855, it would have been better. The arsenal at Liberty Mo., was then broken open and public property taken away. He briefly recapitulated the facts of that occurrence, as stated by Capt. Leonard in the charge there. That, however, was for the purpose of forcing Slavery into Kansas, while that of Harper's Ferry, the effect was to abolish Slavery. He then offered an amendment to the resolution extending inquiry to former cases.

Mr. Mason replied he would not stand in the way of the inquiries suggested, but the very document read contained all the facts officially set forth. If the Senator wanted to prevent such a transaction he would not stand in the way of proper legislation. But now, when four years had elapsed, and neither that Senator nor those who act with him have asked an investigation, it is a little strange that he should be so anxious to couple these transactions.

The committee could not examine both at once, and therefore it would be time and expense lost by adoption of the amendment. He wanted to ascertain whence the resources were derived for the Harper's Fery invasion; who supplied the money, munitions and council. Congress could not act on the subject without official information, and if it should turn out that Congress had no power to prevent such a transaction, it is the duty, not of the South, but of all the States, to take proper measures for protection. He alluded to the remark of Mr. Trumbull, representing the shrieks from Kansas not being heard in Virginia, by saying that no shrieks would be heard from Virginia, happen what may in their political relations with others. He did not know what a man's political education could be to lead him to make such expressions in relation to *recent* events.

Mr. Trumble answered that nothing the Senator might say would drive him to speak disrespectfully of Virginia or any other State of the Union. He used the term "shrieks" as used in regard to the people of Kansas, but not with the view of casting ridicule on any portion of the country.

Mr. Mason's impression was that the term came from the political association of Mr. Trumble. At first it was shrieks of freedom.

Mr. Hale followed denouncing the Supreme Court of the U. S. and defining his position generally in regard to the Slavery question.

Mr. Trumbull thought that Kansas shrieks was first applied by the democratic party. This was not an official report of Capt. Leonard. He had read from the report of the Kansas investigating Committee. The Senator from Virginia paid little attention four years ago to the cries of the people of Kansas, but now his ears open. In one case, those engaged in unlawful proceedings had been punished, in the other case those engaged in similar transactions were rewarded with offices.—He trusted now the other would get the attention it deserved.

Mr. Hale defined his position. He was for the resolution and also for the amendment. He was sorry, however, it had been so early introduced in the season, as he wanted to keep up the era of good feeling until after Christmas. He did not expect to serve on the committee for several reasons. That committee should consist of leading men deeply versed in philosophy, phrenology and theology, so as to go to the end of the whole affair. He wanted to look the whole thing in the face and go to first principles. Some had relied on a passage of Scripture, that God had made of one blood all the nations of the earth.—He wanted to know whether that did not mean all white me[illegible] word in respect of all [illegible] to admit or deny that; but would say the Republican party of the North never sought to tamper with slaves. Fears had been entertained of danger to the Union, but he thought the greatest danger arose from the constant obloquy and reproach heaped upon the people of the Northern States, whenever an opportunity presented itself. He alluded to the incitements to blood-shed found in the Southern papers. For instance in the Richmond Inquirer, there appeared an advertisement offering a reward of $10,000 for the head of a distinguished citizen of Ohio. He denounced the Supreme Court of the U. S. as distinguished for servility to the slave power, and expressed his views at some length on the various topics connected with slavery.

Mr. Hunter expressed his surprise at the manner this resolution had been received. It was proper in itself, and made eminently necessary by circumstances of recent occurrence. The South was not so much startled by the foray of Brown and his men, as at the sympathy so openly expressed in the North for him, and the apparent indifference of the great masses at the North at such manifestations of sympathy. The Senator from Illinois proposes to turn the matter into a party one.—Does he suppose the South regards the peace and safety of the company as a party matter? They are loth to believe that such things can be treated with indifference by those bound to them by ties of common government, but if such is the case, it was time they were made aware of it upon such an occasion as this, which has no parallel in the history of the country. The levity displayed by the Senator from New-Hampshire is like the laugh of the inebriate at the bedside of death. The South can take care of themselves if no remedy can be found in the general government. Let the South know, so that they can take action. Is this Union to be used only to stay the arms of States for self-defence, and give no protection against such insurrections? If there be in truth such sentiments and fears, that the resolution cannot pass without being smothered with party issues, let us know it at once.

DR. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. C. M. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P. S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGGSWELL'S NEW MEDICAL SALT instead of its being a remedy for all ills, has control over but one ill, has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases, (no other,) by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflammation!

NOTICE TO INVALIDS!! The following forms which the unbalanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver, Neuralgia Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

DR. COGGSWELL'S NEW MEDICAL SALT does just what it claims to do—no more no less—[illegible] fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any druggist who has this valuable medicine for sale.

DR. COGGSWELL'S NEW MEDICAL SALT. Get a circular. Ask any Druggist about the *New Medical Salt*.

Ask your neighbors about the *New Medical Salt*. If sick, try; if not sick, remember the *New Medical Salt*.

DR. COGGSWELL'S NEW MEDICAL SALT is for sale in Batavia by H. W. Fellows and by all enterprising druggists wherever the Herald is. As it is not a Patent Medicine, but the prescription of an eminent Physician, no one should fail to try the New Medical Salt.

Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE,

PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also HEM, FELL, GATHER AND STITCH in the most superior manner, and are the only machines in the market that are so well and simply made, that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

HOSTETTER'S

STOMACH BITTERS.

IT is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorrhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion, Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study; dimness of eye-sight, loss of memory, dizziness of the head, neuralgy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhœa, or Fluor Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement, and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without exposure, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for 50 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

THE DAILY HERALD

BATAVIA, Thursday, Dec. 8, 1859

SUBSCRIPTION PRICE 6 CENTS PER WEEK.

TO CORRESPONDENTS:

No notice can be taken of anonymous communications. Whatever is intended for insertion must be authenticated by the name and address of the writer; not necessarily for publication, but as a guarantee of his good faith.

We also beg to inform our readers that we do not hold ourselves responsible for the opinions of our correspondents.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

The Congressional Report of last evening is not of sufficient interest to print.—It seems that the John Brown invasion is to be entirely gone over with. Horace Greeley, and Wm. H. Seward, are already brought on to the floor, and the probability is that the whole term will be devoted to personalities, and political schemes bearing upon the next Presidency. Slavery is the eternal watch word of contention and discussion. The time wasted in discussing this question is worth more put to honest labor than all the negroes are worth at the highest Southern estimates, yet it can be settled only by agitation we suppose, and if such is the case we ought not to complain. But this carrying the "irrepressible conflict" into the Halls of Congress so early in the Session augurs a stormy time of which to say the least, no one can fail to deplore.

The organization of the House seems to be a question under indefinite suspension, and how long it may remain so, there is as yet no indications for a decision.

AN ANCIENT AND VALUABLE CLOCK.—The Union gives an interesting account of a very curious and antique clock, now in Rochester, which is the property of Ellicott Evans, Esq., of this place, now residing in Buffalo. It descended to Mr. Evans from his uncle, the late Joseph Ellicott, Esq., and is said to have been constructed by the last named gentleman's father, Joshua Ellicott, and is supposed to be ninety years old at least. There are three dials to this curious time piece, one of which indicates the year, month, day of the month, time of the day, changes of the moon etc. Another dial shows the position of the heavenly bodies, and is in fact an orrery, in which revolve the planets, Mercury, Venus, Mars, Jupiter, Saturn and the Earth with its attendant Moon.—The third dial is a musical index—for, with its other accomplishments, the clock is capable when in order, of playing no less than twenty-four tunes.

The Election of Wood.

Mayor Wood makes a speech at Mozart Hall, in which he says:—

However gratifying the results have been to me personally, yet the vindication of the principles maintained by me have been more so. (Cheers.) So far as I am concerned personally, I have before proclaimed myself as simply the representative of those principles. The result I look upon as indorsing the position which I thus assumed. I advise my friends to regard their victory with an humble spirit—("Hear, hear")—to avoid arrogance and to practice no oppression over those who had differed with them. (Cheers.) True greatness is always magnanimous.—Much as I have been abused, and traduced, and misrepresented, yet I am quite prepared to forgive my former enemies, and I feel as if I could afford to treat the the people of the whole City with the same spirit of tolerance and liberality, without discriminating as against any party, any class, or any portion of my fellow-citizens. I recommend a like spirit of magnanimity in others. (Cheers.) I deeply thank those who have voted for me for their confidence and support, and I shall endeavor to give them no cause for regretting their having deposited their votes for me this day. (Cheers.) I pledge myself to administer the duties of the office of Mayor, if I be elected, with impartiality, with fidelity, and with equality, so far as the whole people of New York are concerned, without respect to political religious, or any other consideration. In no better way could I acknowledge the many obligations I rest, under to the people of New-York than by making a faithful, upright and diligent Chief Magistrate.

If Wood will live out the above programme, he will be intitled to the credit of being the best "converted" man this country ever afforded, in fact there will be little difficulty in believing that he has been born again literally.

CONGRESSIONAL.

Evening Report.

WASHINGTON, Dec. 7.

House—Mr. Kellogg rose to a privileged question, and caused to be sent from the New York Tribune dispatches dated the 2th inst, signed, "n. a."

Mr. Kellogg wished to show the false position Mr. Greeley holds to the Republican party. When his (Kellogg's) constituents complained of him, then it would be time for the gentleman of New York to complain.

If the Republicans have any regard for their own dignity, they will rebuke those who by treachery prepare papers for others to sign. When the struggle in Illinois commenced, Mr. Greeley and others met in the parlor of Senator Douglas and planning to sell Illinois and Missouri.

He (Kellogg) knew it and could prove it. He never loved a traitor. The idea was to make Mr. Douglas Senator to re-elect him, and it was done. Mr. Douglas, in the meantime, was declaring that he was a Democrat.

When the battle had been fought, Mr. Greeley did say that Mr. Douglas was a Free Soiler good enough for him. He (Kellogg) had no knowledge or recollection that he signed a recommendation for the Helper book. He never saw it.

There was not a man in his district who would trample on the Constitutional rights of the South. The North was becoming less and less Democratic, and the South stronger and stronger Democratic; and the time would soon come when a great majority of the people would be republican.

Mr. McClernand replied, that if such a consultation occurred, how came his colleague (Kellogg) to honor it. If the consultation was private, he as an individual would have scorned to reveal what was said.

It was strange that such a charge should now be made. After it was known that Mr. Greeley had endeavored to defeat Mr. Douglas's reelection, employing unscrupulous means for that purpose. Money, too, for that end was raised in New York.

ST. LOUIS, DEC. 7

A despatch from San Francisco, 14th ult., 6 P. M., via Gilroy, says:—The Bulletin of this evening contains the following editorial remarks:

We learn from a reliable source that General Scott upon his recent arrival in the vicinity of British Columbia, despatches a letter to the authorities of Van Couvers Island, announcing his arrival, and indicating his readiness to confer with the British authorities with a view to the peaceful solution of the San Juan difficulty.

At the last accounts, Capt. Lay, bearer of Gen. Scott's letter, had not returned, therefore nothing was known of the spirit in which gen. Scott's communication was received.

Should Governor Douglas act in a spirit of frankness and moderation, there is reason to believe that the arrangement made will be the withdrawel of Gen. Harney's force, and the restoration of the same condition of affairs on San Juan Island, as existed previous to its occupation by the American troops.

It is not at all probable, however, that General Scott will assent even to an implied appology for Gen. Harneys act, or arrange for a joint occupation of the Island If he withdraws the troops at all, it will be done distinctly as a concession to British sensibility, with a clear understanding that such withdrawal is not to be considered as implying a doubt as to the validity of the American title to the disputed territory; but that its sole object is to restore matters to such a position that England may with honor to herself, resume active negociations for the settlement of the boundery question by treaty.

SYRACUSE, Dec. 7.

The District Delegates and Hard Democrats are having a grand jubilee to night. More than 200 working live Democrats are seated at supper in honor of Fernando Wood's election. 70 guns were fired for the People's 70 Delegates to Charleston. Jno. A. Green Jr. Chairman State Committee, presided, supported by 20 vice presidents.

ALBANY, Dec. 7.

One hundred guns were fired here this evening bonfires burned, and the standard (hard) office illuminated, in honor of the election of Fernando Wood.

A rumor to-night is that the leading Hards, Wason, McMahon and others, have arranged to press the claims of Fernando Wood for the Presidency, at Charleston.

ENORMOUS TAPE WORM.—The Boston Traveler states that a lady living in the neighborhood of Boston, was recently relieved of at least one thousand feet of tape worm, which was expelled by means of an orgeat, or mucilage of pumpkin seeds—a simple remedy which was first successfully administered in this city. The Boston case is said to be without a paralell.—*Exchange.*

We should think so! The "case" of a tape worm a thousand feet long must be a "queer critter" to paralell.

Items.

The London Times at last editorially pronounces the Great Eastern a failure.

Religion in Cincinnati must be at a low ebb, nine Churches in the city are advertised to be sold for taxes.

The Bostonians have sent one of their most famous sculptors, Mr. Dexter, to Columbus, Ohio, to procure an original clay model of Gov. Chase.

Gerrit Smith is so much improved, that his relatives are permitted to visit him, or correspond with him at the Asylum.

Parties at Quebec have taken the contract to erect the new Parliamentary and department buildings at Ottawa, Canada for $518,000.

It is one of the Waltham watch manufactory statistics which is worth remembering, that a single pound of steel, costing but fifty cents, is manufactured into one hundred thousand screws, which are worth eleven hundred dollars.

The great work of M. Thiers, the "History of the Consulate and Empire," which has come to an apparent stand still for the last two years, is to be finished this Winter, by the appearance, at short intervals, of the four concluding volumes' announced now to be in press.

Rev. Theodore Parker has taken rooms in Rome for six months. His health is better. In pursuance of advice from his physician, he has given up the idea of preaching any more.

A prominent railroad official says the resolutions passed by the Cleveland Convention, against giving free passes, "has no more binding effect upon him than a dose of salts."

"FUZ" IN A SLEEPING CAR.—Fuz writes to the Mac-a-Cheek Press:

I took the owl train, as it is called, and paid fifty cents for a birth in the sleeping car—I would have paid another fifty to have cleared myself of the scrape.—My neighbor (may he be confounded) was a fat man, and fat men, as a general thing snore. This is as much of a fact as the other I have observed, that all weak men play the flute. This was bad enough, but the other observation brought me to a more disagreeable conclusion, that the gentleman further along, with his feet based on my head, had evidently regarded water as good for navagable purposes only. The uper strata had been removed, but the under secondary formation remained, throwing off an atmosphere fearful to encounter. To pinch my companion in the back so as to break up "Old Hundred," in which his nose was indulging, into a few explosive snorts—and to beg my Christian friend farther along for "Heaven's sake not to work his toes," did not add to the harmony of the occasion. Indeed, the conductor, assisted by two brakesmen, had to separate severel of us, which was precisely what I wanted.

Gerrit Smith's wife, by the consent of her husband's physicians, visited him at Utica, on Tuesday of last week.

SPALDING'S

PREPARED GLUE.

SAVE THE PIECES.

☞ "A STITCH IN TIME SAVES NINE." ☜

As accidents will happen, even in well regulated families, it is very desirable to have some cheap and convenient way for repairing Furniture, Toys, Crockery, &c.

SPALDING'S PREPARED GLUE

meets all such emergencies, and no household can afford to be without it. It is always ready and up to the sticking point. There is no longer a necessity for limping chairs splintered veneers, headless dolls and broken cradles. It is just the article for cone, shell and other ornamental work, so popular with ladies of refinement and taste.

This admirable preparation is used cold, being chemically prepared in solution, and possessing all the valuable qualities of the best cabinet-maker's Glue. It may be used in the place of ordinary mucilage, being vastly more adhesive.

"USEFUL IN EVERY HOUSE."

N. B.—A Brush accompanies each bottle.—Price, 25 cents.

Address, HENRY C. SPALDING & CO.,
Box No. 3,600, New York.

Put up for Dealers in Cases containing four, eight and twelve dozen—a beautiful Lithograph Show-Card accompanying each package.

☞ A single bottle of SPALDING'S PREPARED GLUE will save ten times its cost annually to every household.

LOCAL MATTERS.

THE LYCEUM.—The opening of the Lyceum Season by a Lecture from Rev. H. W. Bellows on Tuesday evening last, gave decided indications of an interesting and profitable term of this institution.—Dr. Bellows Discourse was listened to by a very large audience notwithstanding the inclemency of the weather on that evening. The Subject of the Lecture was "Direction" and in discussing it the Speaker brought out in a comprehensive light, the aims of life, and the importance of starting in a right direction in all things.

We learn that there was a bonfire in the street last evening, got up expressly to celebrate the election of Fernando Wood to the office of Mayor of New York at the expense of one of our "hard" citizens. Though it was a Wood fire it was not very brilliant. The moon will not "hau off" until after the next quarter.

and would recommend it to all the other Boot and Shoe makers and dealers in this vicinity to be adopted by them. And he would especially call the attention of the citizens of Genesee county and advise them to study well its operations.

He has on hand a good assortment of Stock such as

Oak and Hemlock Sole Leather,

French calf skins, kip and morocco, &c., which he holds will stand investigation from the best of judges; and *MECHANICS* to manufacture it who are second to none in the State.

Also the largest stock of Ready Made Boots and Shoes in the county; both *Eastern and Home Made, at prices that defy Competition.*

Thankful for the very liberal patronage you have been pleased to extend, I would respectfully solicit a continuance of the same.

Arrival of the Steamship Edinburg.

NEW YORK, Dec. 7.

The Edinburg arrived to-day from Liverpool, via Queenstown, 24th ult.

The announcement that invitations had been issued for the Congress, was premature. Nothing authentic was yet known in the matter.

It was reported that negociations were progressing for the forwarding of New York direct mails via Queenstown.

Dr. Barsy, Catholic Bishop of Savannah, had died in Paris.

The father of the child Mortara had arrived in Paris, determined to demand from the Congress the restoration of his child.

The Bourse was dull but steady at 69f. 95c.

Garibaldi, in a proclamation announcing his retirement from the army of Central Italy, complains of underhand macinations against Italy, and says he will resume his service the moment Victor Emanual calls to arms, and recommends the Italians to rally around the King of Sardinia.

The Spanish movement against Morocco was progressing slowly.

Later news had been received from India, but it was unimportant.

GREAT BRITAIN.

The Morning Advertiser states that it is the intention of the Government to limit the intended Reform Bill to the mere extension of the franchise. The question of disfranchisement and the mode of taking the votes are either to be defered or made separate measures.

The ship duke of Wellington, from Liverpool, bound to Bombay, was burnt at sea November 11th, off Cape Finisterre.—All hands were compelled to take to the boats, and were picked up after 48 hours exposure.

FRANCE.

The Herald's Paris correspondent says it is derived in well informed quarters that the French papers are to be restrained in their expressions against England. The Guyenne, a Bordeaux journal had been seized for publishing the letter falsely attributed to the King of Sardinia, from the Ami de la Religion. The Courier Dimanche had received warning for an article written by Count de Hussonbille.

The ratification of the treaties of peace were exchanged on the 21st. The letters of invitation to the Congress will be sent out from Paris. Prince Metternich will send out those of Austria.

Le Norde says it is probable that the discussions of the Congress will extend over five or six mouths.

The Treaty of peace will be first examined, and then the Italian question will be discussed.

SPAIN.

A Madrid dispatch of the 21st says the fortifications of Ceuta cotinues.

The embarkation of the first corps d' armee has been completed and that of the second has commenced.

The bad weather renders the shipment of war materials difficult.

The organization of the battalion in the Basque province is proceding actively.

ST. LOUIS, Dec. 7.

The overland mail has arrived, with San Francisco dates of the 14th ult., and advices from Van Couvers Island to the 10th inst.

The U. S. revenue cutter Jeff. Davis arrived at Victoria November, 2d, with dispatches from Gen. Scott to Gov. Douglass,

Gen. Scott arrived at Victoria Nov. 7th, but the papers do not state whether he had an interview with Gov. Douglass.

The Victoria Gazette of Nov. 10th, says the U. S. troops, with the exception of Capt. Picket's Company, have withdrawn from San Juan by order of Gen. Scott.

Capt. Provost and the officers of the British ship Satellite visited General Scott on board the steamer Massachusetts, while she was in the harbor of San Juan.

Gen. Scott left Victoria previous to the 10th of Nov. for Fort Townsend, to take the steamer Northerner for San Francisco, where he would wait farther instructions from Washington.

The overland mail of Oct. 24th reached San Francisco on the 13th, 20 days out, the shortest trip yet made.

The Italian Relief Commissioners forwarded $3,900 by the steamer of the 25th of Nov., for the relief of the destitute widows of soldiers killed in the late war.

Discouraging accounts have been received from the Carson Valley mines, resulting, doubtless, from the inability to work the mines on account of cold weather.

A rich vein of gold bearing quartz had been discovered near Geneva.

DR. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

DR. CHAS. M'LANE'S Celebrated
Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

HOSTETTER'S
STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, Dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend bitters of some kind; then why not use an article known to be infallible? All nations have their bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be defeated and driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtues of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

For sale by all the Druggists in the county by every Druggist and Merchant in the county.

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box; Five Boxes for $1.00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER'S, and take no others. The sick want the best aid there is for them, and they should have it.

GERMAN BITTERS,

AND

DR. HOOFLAND'S BALSAMIC CORDIAL.

The great standard medicines of the present age, have acquired their great popularity only through years of trial. Unbounded satisfaction is rendered by them in all cases; and the people have pronounced them worthy.

Liver Complaint, Dyspepsia, Jaundice, Debility of the Nervous System, Diseases of the Kidneys,

and all diseases arising from a disordered liver or weakness of the stomach and digestive organs, are speedily and permanently cured by the GERMAN BITTERS.

The **Balsamic Cordial** *has acquired a reputation surpassing that of any similar preparation extant. It will cure,* WITHOUT FAIL, *the most severe and long-standing*

Cough, Cold, or Hoarseness, Bronchitis, Influenza, Croup, Pneumonia, Incipient Consumption,

and has performed the most astonishing cures ever known of

Confirmed Consumption.

A few doses will also at once check and cure the most severe **Diarrhœa** *proceeding from* COLD IN THE BOWELS.

These medicines are prepared by Dr. C. M. JACKSON & Co., *No. 418 Arch Street, Philadelphia, Pa., and are sold by druggists and dealers in medicines everywhere, at 75 cents per bottle. The signature of* C. M. JACKSON *will be on the outside wrapper of each bottle.*

In the Almanac published annually by the proprietors, called EVERYBODY'S ALMANAC, *you will find testimony and commendatory notices from all parts of the country. These Almanacs are given away by all our agents.*

[illegible] AND MOST SUCCESSFUL [illegible]

Spermatorrhoea, Nervous Debility, Marasmus or Wasting Consumption,

AND ALL

Diseases of the Urino-Genital Organs,

A class of Maladies prevail to a fearful extent in community, dooming at least fifty [illegible] youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion, Marasmus, or muscular wasting and consumption of the tissues of the whole body, shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat, shaking of the hands and limbs, aversion to society, and to business or study, dimness of eyesight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body, pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea [illegible], &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now in ninety-nine cases out of everyone hundred [illegible] the above named disorders and a host of others not named, have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of [illegible] hence the want of success on the part of the School Doctors.

DR. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the [illegible] is new, it is based upon scientific principles, with new discovered remedies, without [illegible] or poisons. The facilities of cure [illegible]. JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

On a "Pass."

EXPLAINS UNDER WHAT CIRCUMSTANCES HE IS WILLING TO RECEIVE RAILROAD PASSES.—Mr. S. H. Hammond recently elected Senator from the Steuben district, explains, as follows, the circumstances under which he is willing to receive Railroad passes.—

Should a pass be offered to me on the railroads under circumstances inducing a suspicion that it was intended to influence my official action, I think I need not tell you it would be rejected with indignant scorn. But should one be presented by a personal friend, whose motives I had no right to question, I know of no good reason why I should offend him by rejecting it. I have to much confi ence in my own integrity to suppose I can be influenced by such an act of friendly courtesy. And I have no fears that those who know me would suspect any thing of the kind.

We think Mr. Hammond is right; and we don't know but we could be induced to take a pass on the same terms, conditionally, that the pass "run both ways."—It is a very easy thing for a man to get a pass out of town, but—to *return*—not quite so easy. We don't know how we should feel with a pass in our pocket, though we remember a trip from Albany to New York once on the credit of a pass but it was'nt our pass, but that of an Editor who wanted us to do some business for him. With this exception we never rode on any other pass than current bank bills, although we have written complimentary notices of Packet Ships and Steamships on the Atlantic, of Steamboats on the Lower and Upper Mississippi, on the Western Lakes, on the Hudson River, and *slightly* complimented the "gentlemanly and perfectly safe management" of several Railroad lines, and all these from actual observation and experience. Moreover we have been honored with a *whole, perfect* and *entire* Resolve—to our honor and credit for "indefatigable exertions" and "assiduous care" for the "injured" in a general "blow up," and yet we paid our *fare clear through*.—On the whole we think we are entitled to a pass—merely on the ground that having passed (at our *own expense*) nearly all over one side of this lower kingdom, on public conveyances, without having been killed, we stand as a monument not only of mercy, but an instance of wonderful preservation through dangers "by sea and by land," greatly to the credit of the Railroads and Steamboats. Ought not the managers of those Institutions to take an interest in us?

As we do not intend to go out of town for a year to come, we would briefly say that all favors will be thankfully received at this office, unless it should be a pass across the Atlantic, that we could not accept anyhow, it might influence our opinions.

TO DESTROY THE APPETITE FOR TOBACCO.—A clergyman says that he cured his appetite for tobacco in the following manner:—

"I had a deep well of cold water, and whenever the evil appetite craved indulgence, I resorted immediately to cold water. Of this I drank what I desired, and then continued holding water in my mouth, throwing out and taking in successive mouthfulls, until the craving [illegible].—By a faithful adherence to this [illegible] for about a month, I was cured. I [illegible] the use of the weed in any form, far [illegible] than I did before I contracted [illegible] of indulgence.

Mr. Annan, of Downfish, N. Y. a few days since, wishing to have the honey taken from one hive without killing the bees, blew chloroform into the hive, when the bees fell asleep and were removed to another hive without harm. Next morning they were all awake and in a lively state.

An English paper speaks of John Brown as a negro, "daring to raise his hand against white men, his oppressors."

XXXVIth Congress—First Session.

WASHINGTON, Dec. 8.

SENATE.—Mr. Slidell gave notice of his intention to introduce a bill making an appropriation to facilitate negotiations for the purchase of Cuba.

Mr. Johnson, of Tenn. gave similar notice of a Homestead bill,

Several other notices were given, including one for the construction of a railroad in Pennsylvania Avenue, Washington.

Mr. Mason's resolution came up, when Mr. Trumbull resumed his remarks, showing the importance of an inquiry relative to the sacking of an arsenal at Liberty, Mo.

The seizure of an arsenal, recently, is regarded as a matter of great importance, yet the President, in his message, never alluded to the seizure of the arsenal in Missouri. A resolution was adopted in March 1856, calling on the President for all the information in the departments relative to the affairs of Kansas, yet the report of Chas. T. Leonard has never been sent to the Senate.

HOUSE.—The House was opened with prayer.

Mr. Davis, of Massachusetts, rose to make a speech.

A running discussion ensued on the pending proposition whether it was relevant to make speeches, as the previous question had heretofore been demanded and seconded, to cut off discussion on Mr. Clark's resolution and Mr. Giler's substitue.

The Clerk subsequently rose to put the question, as had been proposed, whether it was competent for him to decide questions of order pending the election of a Speaker.

Mr. Millson objected to a private citizen elected by a former House as its subordinate officer, presiding over this body.

Mr. Grow agreed with Mr. Millson, and would not favor a violation of the express law of Congress.

Mr. Maynard differed from both these gentlemen.

The points of order were then withdrawn

Mr. Davis, of Massachusetts, was in favor of a continuation of harmony. He believe : the government worth saving. He was not a Democrat *per se*, and would make as many sacrifices as any man, to preserve the Union. But notwithstanding his devotion to the Union, there are evils greater than the Union itself. He insisted on a strict observance of the Constitution, in order to secure every section of the country, its just equality and reghts. It was the duty of all conservative and patriotic men to rally to the support of the Democracy, the only national party, to put down the abolition spirit. There was, notwithstanding what had been said to the contrary, great cause of alarm to the country. We should act instantly, or it will be altogether too late.

He quoted from speeches of Mr. Seward to show that dangerous statements were avowed to distract the country and accomplish the overthrow of the South.—To say that the labor of the two sections was conflicting, and irreconsilable was a declaration of war, and hence the South were alarmed and looked *to their defence*. He earnestly appealed to all patriots to put down treasonable design. In alluding to remarks heretofore made by Republicans, he said that armed men had been sent to the South to kill their people and deprive them of their property. Could the South be patient under those circumstances, and could they be blamed for taking means for their defence? We of the South want peace. Let the North stand by the compact of our Fathers. He said, Seward is a traitor and deserves the gallows. (Applause from the Southern side.) Virginia has hung the traitor Brown and if they get hold of Seward they will hang him.—(Laughter and applause.)

Mr. Morris, of Pa., said that, occupying a perfectly independent position, he was at liberty to vote on all questions according to his sense of duty to his country. He was opposed to all unnecessary agitation of the question of slavery, and did not wish to discuss it, unless it came before them in a legitimate way. This wicked administration countenanced every act of violence and fraud on the people of Kansas, and brought into Congress a Constitution, from beginning to end, which would not stand the test of examination. His friend, Mr. Sherman, here, stood nobly firm for the rights of the people and against the government, standing up for law, order, concord and peace; and for this the gentleman should have his vote so long as there was any probability of his election. He knew the gentleman was a friend to the protection of domestic industry, and would so organize the committees as would assure a fair consideration of that question.

He was a man of just temper and mind and incapable of perverting the rules into an instrument of despotism. The objection has been urged that Mr. Sherman signed the recommendation of Helper's book. He (Morris) did not sign, nor had he read the book. So far as he understood, it was written by a native of a Southern State. It was almost exclusively addressed to Southern men, and showed the experience of Southern men as regards the value of Southern labor. Gentlemen magnify the book and make it a formidable engine of mischief to the peace of this country. Had not his friend declared that he was against that book, *so far as it contemplated* an infringement on the Constitutional rights of the South.

What had the House to do with Helper's book? Were they as a college of Jesuites, to expurge the literature of the book, and were they to act as censors of every incendiary work? It was a most extraordinary proceeding, and lifted Helper into a consequence he never dreamed of attaining.

Mr. Moore of Ala., in reply to Mr. Morris, said that such a charge as the gentleman mentioned had never been made by the South n the entire people of the North. He knew there were men in the North as true to the Constitution as any in the South, but when it was said that in the North there was no sympathy for John Brown it was a libel. The papers of the North were full of demonstrations of sympathy and some were in mourning for Brown.

Items.

This year it is estimated that there will be received about 200,000 barrels of flou and over 5,000,000 bushels of wheat, at Milwaukee.

A joint stock company, with a large capital, is reported to have been formed in Cincinnati, with the design of controlling the Pork market.

Over three hundred barrels of Sorghum molasses have been made in Carroll county, Ind., the present fall. It sells readily at 60 cents per gallon.

Several of the survivors of the wreck of the steamer Indian have arrived in Boston in a very destitute condition. They are generally Hungarians. Sums of money have been contributed for their relief.

Bourbon county, Ky., possesses a family consisting of man, wife and eight children whose average height is 6 feet 3½ inches in height.

The Warrenton, Va. Flag, having been informed that over twenty copies of the New York Tribune are taken at the Post offices of Prince William county, suggests that those receiving them should not only be presented before the Grand Jury and fined heavily, but dealt with even more severely.

The Lincoln Times says: "It is not improbable that Newstead Abbey, the seat of the late Col. Wildman, and formerly the residence of Lord Byron, with its magnificent domain, will shortly pass into the hands of Mr. Charles Seeley, of Heighington Hall, who we are informed is in treaty for this interesting property."

The towns in the neighborhood of Boston are preparing for the skating season with great enthusiasm. A skating park has been completed at Maplewood, and at a large and spirited meeting of citizens a committee was appointed to prepare a list of gentlemen to constitute a permanent board of officers of the "Maplewood Skating Club."

The present Fall has been the best for the several railroads running out of Boston for several years, both for freight and passengers.

A thriving trade has been driven at Harper's Ferry in John Brown pikes. An enterprising mechanic manufactures them to order.

The ladies of the French Court are in open rebellion against the Empress. It is said they do not at all like the "dethronement of crinoline" or short de laine dresses.

Mr. C. C. Coe, the balloonist, who was injured by falling from a tree, while endeavoring to extricate his balloon, lies prostrate, unable to turn over without help. His spine is injured.

Rufus Daws, the well known poet and scholar, died in Washington, D. C., on Wednesday last, November 30th, in the fifty-sixth year of his age. The deceased was son of the late Judge Thomas Dawes, of Boston. He was born in Boston January 26th, 1803, and was a graduate of Harvard College.

A QUEER SUM IN SUBSTRACTION.—A destitute woman, who gave her name as Mrs. Lofty, applied to the Overseer of the Poor, says the Rochester Express, for accommodations suitable to her condition, which, evidently, was rather precarious and demanded instant attention. There was no time for explanations. A carriage was called, into which the woman was placed, and the driver directed to put his Jehues against time, under promise of an "extra fare." On reaching the Infirmary, and opening the door of the carriage, the driver discovered that by the oddest rule of *substraction* his cargo had been *multiplied*, and that the *extra fare* so mysteriously alluded to by the Overseer, had become a stubborn, demonstrative and *squalling fact*. Mother and child were taken care of by the Superintendent of the establishment, and [illegible] doing "as well as coul[illegible]

SPALDING'S
PREPARED GLUE.
SAVE THE PIECES.

☞ "A STITCH IN TIME SAVES NINE." ☜

As accidents will happen, even in well regulated families, it is very desirable to have some cheap and convenient way for repairing Furniture, Toys, Crockery, &c.

SPALDING'S PREPARED GLUE

meets all such emergencies, and no household can afford to be without it. It is always ready and up to the sticking point. There is no longer a necessity for limping chairs splintered veneers, headless dolls and broken cradles. It is just the article for cone, shell and other ornamental work, so popular with ladies of refinement and taste.

This admirable preparation is used cold, being chemically prepared in solution, and possessing all the valuable qualities of the best cabinet-maker's Glue. It may be used in the place of ordinary mucilage, being vastly more adhesive.

"USEFUL IN EVERY HOUSE."

N. B.—A Brush accompanies each bottle.—Price, 25 cents.

Address, HENRY C. SPALDING & CO.,
Box No. 3,600, New York.

Put up for Dealers in Cases containing four, eight and twelve dozen—a beautiful Lithograph Show-Card accompanying each package.

☞ A single bottle of SPALDING'S PREPARED GLUE will save ten times its cost annually to every household.

Country Merchants should make a note of SPALDING'S PREPARED GLUE, when making up their list. It will stand any climate.

Arrival of the Steamer Persia.

NEW YORK, Dec. 8.

The steamship Persia arrived here this morning, bringing London and Liverpool dates to the 26th ult.

The steamships Nova Scotia, Arago and Jason had all arrived out.

News unimportant.

New postal arrangements had been made between the government and the Canadian line of steamers, by which those steamers will hereafter touch at Queenstown, to land and receive the mails.

GIFT OF A BIBLE FROM JOHN BROWN.—A day or two before his execution, John Brown sent for Mr. J. E. Blessing, a merchant of Charlestown, and a noble and generous hearted man, who had been extremely kind to him in dressing his wounds and paying other attentions; and presented him as a token of his regard, his pocket Bible. It is one of the common Bible-class edition bound in calf, and of the cheapest description. It bears upon the fly-leaf this dedication:

"To JNO. F. BLESSING, of Charlestown, Va., with the best wishes of the undersigned and his sincere thanks for many acts of kindness received. There is no commentary in the world so good in order to a right understanding of this blessed book as an honest, childlike, and teachable spirit. JOHN BROWN.

Charlestown, 29th Nov., 1859."

Upon the opposite page is the following inscription:

"JOHN BROWN. The leaves were turned down and marked by him while in prison at Charlestown, Va. But a small part of those passages, which in the most positive language condemn oppression and violence, are marked."

Many hundred passages were marked by turning the leaves and by heavy pencil marks. These invariably had reference near or more remote to slavery, and showed the strong religious ground work of his mental constitution.

PRENTICE ECLIPSED—ROCHESTER AHEAD.—At an examination of applicants for admission to the Bar, held on Wednesday, one of the Committee proposed the question: "What is a *base fee?*" The candidate addressed—whose knowledge of feudal tenures and the Common Law of England was very superficial—turned uneasily in his seat and cast a beseeching look at a young attorney who sat near him—It was our witty friend W. R. C., who loving a joke, whispered the definition in his ear; and thus prompted, the young man, much relieved, confidently faced the examiner, and replied: "Any fee under five dollars, lawyers call a base fee." A general roar of laughter followed, much to the confusion of the candidate, who gravely remarking that he "could see nothing to laugh at," looked around to his friendly prompter for an explanation. But that gentleman had disappeared.

IMPROVEMENT IN SKATES.—Asa Wheeler, of Brattleboro, Windham county, Vt., has invented an improvement in fastening the skate to the shoe or boot, and tightening the same thereto after the skate has been strapped to the foot. The invention consists in making the heel part of the stock longitudinal adjustible by a thumb screw, which passes through the heel and into the fore part of the stock, so that, after the ankle strap and instep have been buckled tightly on the foot, the skate is further tightened by the set screw. Dealers will make a note of it.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS, Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros. will do well to write their orders distinctly, and take none but *Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post-paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

HOSTETTER'S

STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, Dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

Ayer's Sarsaparilla,

A [illegible] have labored [illegible] of Para Sarsaparilla [illegible] other substances of still greater [illegible] as to afford an [illegible] Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. [illegible]

[illegible]

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

READ AND REFLECT!

JUST PUBLISHED

A NEW WORK SPLENDIDLY ILLUSTRATED (with elaborate engravings,) of nearly 300 pages, the best work on diseases of the genital organs ever introduced to the public, is Dr. Reynold's Medical Guide: Embracing every subject known in the catalogue of human ills as venereal, or other diseases of the genital organs, and how all persons can avoid them, and if they are so unfortunate as to have contracted such diseases, how to effect a speedy and permanent cure—it being in fact, a complete and practical work on the Physiological Mysteries of the Male and Female system, and will be *mailed* in sealed wrappers to any part of the world. Price, TWENTY-FIVE CENTS, or 5 copies for $1.

N. B.—The author has devoted nearly twenty years to the treatment of diseases of a private Nature, (both male and female) and can be consulted on all and every variety thereof, at his old established Hospital, Rochester, N. Y.

Secret habits in young men effectually cured, although abandoned by the entire faculty, and given up by all making pretensions to the healing art. All cases warranted. No Mercury used.

Patients treated at home by letter, and packages forwarded to all parts of the world.

Females afflicted with i regularities, obstructions, &c., can obtain Dr. Vichols' Female Monthly Pills at the above office. Ladies in a certain situation should not use them, the particulars of which will be found on the directions accompanying each box. Price, One Dollar.—Sent by mail free of charge.

DR. REYNOLD'S PATENT FRENCH SAFE.

This enables those whose health or circumstances do not permit an increase of family, to regulate or limit the number of their offspring without injuring the constitution. It is the only safe and sure preventive against Pregnancy and disease. The above article is special intended to fulfill this desideratum: it is perfectly safe; *no metallic substance enters into its composition.*

The price of this article is one dollar and it can be sent by mail to any part of the United States or Canadas free of charge.

THE

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION,
BEAUTIFULLY ILLUSTRATED,
IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States! Such writers as Justin Jones, (Harry Hazel,) Augustine J. H. Duganne, William Earle Binder Harry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Eda Mayville. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, The Mute Spy! Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child or Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting *melange*, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taken tens, they are now taking hundreds of copies. This is the general effect among the *five thousand* News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

Ho[illegible] [illegible]here to Get the "Weekly"

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $12. Postmaster and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to pre-pay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW WEEKLY, must be addressed Editors.

Congress.

We have no message this week. The Senate on Thursday, adjourned until Monday. Slavery, the subject standing ever ready to fill the mouth of "Gab" has been the only theme thus far of which we here give a brief resume.

Mr. Trumbull, of Illinois, having the floor upon his amendment to Mr. Mason's resolution, spoke at great length and with much force in defence of the Republican platform; yet in a sense so moderate and conservative as to disarm the attacks of the more ultra Southern Senators. He denied that Slavery was a crime, where it existed under the protection of the laws and admitted that it not only so existed in the Slave States, but also in the District of Columbia. As to the admission of new Slave States into the Union, he expressed his readiness to vote for them, whenever they presented themselves; and was at pains to repudiate the name of Mr. Seward as the leader of the Republican Party. Gen. Davis, of Mississippi and Mr. Wilson, of Massachusetts, followed. In the House, the honors of the day devolved mainly upon two representatives from Ohio, Messrs. Corwin and Cox. Mr. Corwin made a speech almost, in outline, the counterpart of that of Mr. Trumbull, in the Senate; eulogizing Virginia and South Carolina; disclaiming all hostility to Slavery, or any design to exclude slave States, and repudiating Mr. Seward. Mr. Cox, in rejoinder, could not accept the professions of Mr. Corwin as the creed of the Republicans of Ohio, especially of those in the Western Reserve. He claimed that with the exception of that infected region Ohio was eminently sound and conservative. The House, without attempting a third ballot for Speaker, adjourned.

Buffalo Newspapers.

Correspondence Boston Pilot

Buffalo is a great place for newspapers. When there were but twenty thousand inhabitants it supported from three to five dalies. Now there are six, and several weeklies, among which is Alderman Hagen's Catholic Sentinel. The Commercial Advertiser is the organ of the magnanimous American party in western New York, as the N. Y. Express is in Eastern. I have not noticed the politics of the rest, except the Republic, which goes for the Little Giant. This paper famous for its wit and humor, and, I may add, liberality and audacity, has for its editor in chief, C. C. Bristol, the original sarsaparilla man. He cured every curable disease and purified the blood of the nations, until he made a hundred thousand dollars; when he cut sarsaparilla dead, and, seating himself magnificently on the editorial tripod, began to regulate the political, social, moral, and religious affairs of the world, as he has aforetime attended to its physical maladies.

In his personal appearance, Bristol may be considered a model for Editors. His thick, long hair of raven blackness flows down upon his shoulders, while his immense beard, still longer than his hair, is almost white, not with age, but wisdom. The Philistine, who should intrude into his sanctum, approaching him behind, would take him for Samson; but if he met him face to face he would see a venerable sage. If ideas ever fail him, he lays down his pen and begins to stroke his long beard. This sort of milking process soon makes his brain "give down," and then come out those sparkling fancies, "wise saws and modern instances," which are the glory of the Republic.

Gerrit Smith is getting well so fast that his friends look to a complete family reunion at Peterboro on Christmas day.

A Pretty Good Story!

AND THE BEST PART OF IT IS, IT IS TRUE, WHICH CAN'T WELL BE SAID OF EVERY GOOD STORY.

In one of our southern seaboard cities, and on a long street—almost a road—leading therefrom to the country, "dwells an apothecary," a very tall and remarkably slender person—so thin, in fact, that one would suppose he fed exclusively on his own professional mixtures. No tailor dare venture to cut a coat or any other garment in any way approaching a *snug fit* to his person, for fear of having the work returned on his hands, and in that case they would be found to fit nobody else.

And yet, with this extraordinary paucity of flesh there was a great supply of humor in our hero; he was extravagantly fond of practical jokes, and practised them freely, when occasion and opportunity offered. He had an electric machine secluded from sight, and when any lazy person sauntered into his shop, and ventured to indulge in a nap or a lounge, he was sure to be *shocked* into activity, and push off. He was a great advocate of temperance and yet was ready to furnish gratis a brimming glass of any sort of liquor any customer might fancy, but his liquor was found invariably to produce more nausea than any other sensation.

But a contrivance which afforded him the most merriment, was a skeleton of a full grown man in a closet of easy access in his shop. This skeleton was placed erect on a platform which ran upon smooth wheels; and when the door was opened, this platform was pulled forward by an unseen thin wire or string, which connected it with the bolting of the closet door. There were also similar wires fastened to the wall behind the skeleton, and passing over each shoulder bone, were attached to the bones of the wrist. Consequently, when the closet door was opened, the platform on which the skeleton stood not only advanced, but both arms and hands were lifted upward!

If any intoxicated, noisy, boisterous or impudent fellow came into his shop, the apothecary would manage, in some way, to lead him to open that door: and it rarely failed (as he used to say) "to take the liquor and the spunk out of him." He had two or three apprentice lads in his employ, who naturally relished these jokes, and practised them, with his full consent, when he might be absent.

One day, during his temporary absence, a sailor came drifting along—occasionally stopping and dancing a jig and singing, to the great merriment of a gang of boys, who followed and surrounded him. He was just drunk enough to play the fool but not too drunk to navigate.—He eventually brought up at the door of our apothecary, and bracing himself in the doorway, yelled out:—

"Hellow, my hearties! here you are with your stuffed aligators and gallipots, and *mixins* for sick folks! Why the devil don't you keep grog for *tuff* folks like me?" and here he shuffled off a rigadoon, and made himself very merry.

"Well, Jack," said one of the lads, "what kind of grog do you want?"

"I'll take brandy,' was the prompt reply.

"Very well, go and help yourself," handing him a tin mug, "you will find it in that closet."

Jack went as directed, and pulling open the closet door, found himself within grasping distance of an advancing skeleton: he incontinently fell back a step, dropped his tin cup, turned ash color, made one spring to the door, and when he reached the street, took the middle of it, and ran like a deer till he reached a supposed safe distance.

Shortly after this, our apothecary returned, and being informed of the event, was greatly amused, but sadly lamented his absence.

"I would not have missed seeing it," said he, "for a great deal. I do wonder if he will come back this way!" But this was not probable, and yet it was the only way back to town.

In the course of a few hours, however, sure enough, Jack was heard at a distance on his way back singing and dancing.—Our apothecary hopefully anticipating an *encore*, went out on his door step and elevating his thin person, and extending his long emaciated arm and hand, very kindly beckoned Jack to repeat his visit. Jack no sooner saw him than he "put his helm hard a-port," and *sheered over*, to the other side of the street, buttoning his jacket over his breast, and pressing his *tar-pole* hat closer on his head, so as to be ready *for a run if chase was given*.

"Ay-yey, old bag of bones," says Jack "there you are again, are you? You think I don't know you, now you've got your clothes on;" and away he went on his course, leaving our apothecary rather puzzled in deciding which of the two got the sharpest end of the joke.—*Home Journal.*

A HANDSOME GIFT.—A Buffalo paper says the Central Railroad Company, thro Mr. Dean Richmond, on Thursday last presented to the Fireman's Benevolent Association of Buffalo the sum of *four hundred and fifty dollars*.

The innocence of clergymen in these wicked and desperate days is truly refreshing. The St. Louis papers tell how one of the cloth was fleeced by a villainous pair of the sexes the other day. The woman pretended to be in distress, and the clergyman accompanied her to her residence, where she related a pathetic story of griefs and miseries. He pulled out his pocketbook to give her some money, when she snatched it, and a scuffle ensued. Her accomplice rushed in and charged his reverence with "destroying the peace of his fireside" and rendering the world a bleak blank before his future life. The clergyman was glad to get off with his life, and prefered losing the money to appearing in a court of justice in an action for its return.

The Washington Star says that Daniel E. Sickles appeared in his seat in the House Hall on Monday. On his reappearance there he was warmly greeted by the Sergeant-at-arms of the House. "Messrs. Montgomery, Cox, and another whose countenance we did not recognize, had conversed with him ere he left the Hall, after the termination of the first ballot for Speaker.

It is estimated that the Brown military demonstration in Virginia will cost that State $100,000.

A NEW DEVIL.—The New-York Times touches up the Tribune on the election of Mayor Wood, in the following delicate manner:

The Tribune is a little startled by a glimpse of "the cloven foot." Naturally enough,—and it will be still more so when it comes fully to understand whose leg the "foot" in question belongs to. It is alarmed even at the hint that its adroit scheme for the election of Fernando Wood, in order to break down Tammany Hall, may possibly end in consolidating the two factions and making the Democratic Party more formidable than ever. Playing with edge-tools is pleasant enough, but it desirable for beginners always to keep the handle in their own hands. Fernando is not the safest of partners, and whoever attempts to eat porridge with him should have a long spoon. He has secured what he wanted from the Republican Party—a vigorous and active support of their own candidate. This gave him his election as Mayor, and has secured him complete supremacy in the Democratic party, as well as complete control of the power and patronage of the City. He probably now considers himself capable of taking care of himself.

PARSON BROWNLOW IN HIS COFFIN.—At a meeting in Lynchburgh, Va., on the 30th ult., in relation to the Harper's Ferry outrages, Rev. G. Brownlow stated that he would prefer to be with the South in Pandemonium, than with the Abolitionists in Heaven. He also remarked that he intended to give his family instructions, not to bury him in a Yankee coffin, but if, in case of an emergency, they should have to do so, that they must leave both ends open so that when the devil and the Abolitionists came in at one end, he could go out the other.

NEW-YORK, Dec. 9.

Mrs. Fernando Wood, wife of the Mayor elect, died in this city this morning.

Hon. Theodore Sedgewick, U. S. District Attorney for the Southern District of this State, died last night at the house of his mother in Stockbridge, Mass.

SPALDING'S

PREPARED GLUE.

SAVE THE PIECES.

☞ "A STITCH IN TIME SAVES NINE." ☜

As accidents will happen, even in well regulated families it is very desirable to have some cheap and convenient way for repairing Furniture, Toys, Crockery, &c.

SPALDING'S PREPARED GLUE

meets all such emergencies, and no household can afford to be without it. It is always ready and up to the sticking point. There is no longer a necessity for limping chairs, splintered veneers, headless dolls and broken cradles. It is just the article for cone, shell and other ornamental work, so popular with ladies of refinement and taste.

This admirable preparation is used cold, being chemically prepared in solution, and possessing all the valuable qualities of the best cabinet-maker's Glue. It may be used in the place of ordinary mucilage, being vastly more adhesive.

"USEFUL IN EVERY HOUSE."

N. B.—A Brush accompanies each bottle.—Price, 25 cents.

Address, HENRY C. SPALDING & CO.,
Box No. 3,600, New York.

LOCAL MATTERS.

MR. EDITOR:—The return thanks of the Rev. Mr. Huntley for the donations bestowed upon him on Thursday last, appear in the Advocate with the following closing paragraph:

"And may the blessings of heaven, which are promised to the liberal giver, be largely and richly shared by all the generous donors."

Now, Mr. Editor, I feel that the above is not sufficiently comprehensive—in fact it does not partake of the spirit of that large benevolence which should characterise a gospel minister. I am a poor man, and therefore not able to purchase a blessing, yet I desire one as earnestly as the richest man in the society, but I am left out—in fact, according to the above theology, there is no hope for such as me. I sincerely hope Mr. Huntly did not mean to be exclusive, but this looks very much like it. *

A REMINDER.—We have had placed in our hands a copy of the handbill issued by D. C. Miller, Sept. 18th 1826, giving an account of the abduction of MORGAN from this place, with many of the circumstances pertaining to that notable event. This sheet was found between the clapboarding and plastering of an old house, undergoing repairs in Wales Erie Co., that was occupied at the time by an anti-mason.

ACKNOWLEDGEMENT.—We are indebted to Hon AUGUSTUS FRANK, M. C., of Warsaw, for a copy of an official list of Members of the House of Representatives, with their places of residence.

BY TELEGRAPH

LAST EVENING'S REPORT.

WASHINGTON, Dec. 9.

SENATE—Not in session.

HOUSE—Mr. Morris, of Illinois, rising to a privilege question, caused to be read from the official report the remarks of Mr. Kellogg, that two years ago Mr. Greeley was planning and scheming with Senator Douglas in the parlor of the latter, to reelect him Senator, by holding out the politics of Illinois.

Mr. Morris also caused to be read Mr. Greeley's publication denying the truth of the charge, and while detesting Mr. Douglas' doctrine admired his pluck.

Mr. Kellogg replied, that but for the fact that he had been personally assailed in an infamous article in the Tribune, he would not have said a word, as he was anxious for an organization. He said that Horace Greeley and Judge Douglas had been put on trial, and gave notice that he should hereafter prosecute the issue.

Mr. Clark, of Mo., was called out by a remark of Mr. Kellogg, that a report had prevailed that according to arrangement the Missouri senatorship was to be given to Mr. Blair. He believed the charge against Mr. Douglas was a falsehood, but he did not attach importance to the statement of Greeley, whom he believed to be a thief, and of a character unworthy the notice of gentlemen in or out of Congress.

Mr. Kellogg repeated that as an issue had been made, he would meet it fairly. He disclaimed having made any attack on Douglas. He dealt with Mr. Greeley.

Mr. Logan said the charge was made to injure Mr. Douglas, who is the candidate for the Presidency of the great Northwest. The effort was to depreciate Mr. Douglas in the estimation of the South by associating him with Mr. Greeley. From this time he would never again notice his colleague, who shrinks from the responsibility of bringing forward proofs in support of his charges. When he (Logan) made a charge in the Legislature of Illinois and was called on for proof, he did not, like a spaniel, slink into a corner.

At this point Mr. Kellogg, who was sitting near Mr. Logan, deliberately advanced towards him as if with hostile intention. Logan, perceiving the movement, put himself in an attitude for combat. Gentlemen at once sprang to the scene, siezing Logan and others restraining Kellogg.

There was much excitement, and members all over the Hall were in agitation.

The Clerk, amid the din and excitement, called loudly to order, and requested gentlemen to take their seats, and soon the two Illinois gentlemen were widely separated.

Mr. Logan resumed. He said he was perfectly cool.

Mr. Morris, of Penn., called for the Sergeant at Arms.

Order was after a while restored.

Mr. Taylor, of Louisiana, said it was time such proceedings should cease. [Applause.] The time had arrived when this species of discussion, which could lead to nothing but irritation, should terminate, and the representatives of the people should proceed to an election quietly and decently. They should have some competent person to preserve order.

Mr. Logan said he had yielded the floor only for a moment. Gentlemen need have no apprehension of a difficulty between his colleague and himself. (Hisses.)

Mr. Taylor said they should have an organization, and then there would be an opportunity to discuss all these matters in order. The interruption just quieted would have terminated in a permanent interruption and perhaps in an adjournment, if it had not been for the interposition of friends of the representative gentleman from Illinois. [Applause.]

Mr. Logan resumed his remarks and eulogized in high terms the character of Mr. Douglas and pronounced the charge against him false in every respect.

Mr. McClelland produced a letter from Mr. Douglas who branded the charge as false.

Mr. Logan commented on the action of the Republican party in terms of reprobation. He alluded to the fact in Chicago a meeting had been held sympathizing with John Brown, and no Republican raised his voice against it. In conclusion he addressed a few remarks to the Anti-Lecompton Democrats, urging them to act with the Democratic party and let past issues be buried in oblivion.

DR. C. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated
Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros. will do well to write their orders distinctly, and take none but *Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

HOSTETTER'S

STOMACH BITTERS.

IT is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. CHURCHILL'S REMEDY

FOR THE PREVENTION AND CURE OF

CONSUMPTION.

WINCHESTER'S

GENUINE PREPARATION OF THE

HYPOPHOSPHITES

OF LIME AND OF SODA,

The Specific Remedy for Consumption, Chronic Bronchitis, Asthma, Scrofula, Dyspepsia, General Debility, and all Nervous Diseases.

THE success of this NEW REMEDY (discovered by Dr. Churchill, of Paris) is securing for it the most UNBOUNDED POPULARITY throughout Europe and the United States. It is a purely SCIENTIFIC PREPARATION, and acts with INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases. The *Hypophosphites increase the Principle which constitutes nervous force, and are the most powerful blood generating agents known.*

The Cure of Consumption,

In the second and third stages (at a period, consequently when there can be no uncertainty as to the nature of the disease) can be obtained IN ALL CASES by this treatment, except when the existing lesion of the lungs is of itself sufficient to produce death.

This REMEDY has not only a curative effect, but will, if used whenever there exists a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act as A PRESERVATIVE WITH REGARD TO CONSUMPTION, JUST AS VACCINATION DOES WITH REGARD TO SMALL-POX.

Professional Correspondence.

"CINCINNATI, Ohio, Aug. 3, 185[illegible].—I have been treating the disease for twenty five years, and have derived more satisfaction from the use of the HYPOPHOSPHITES *than from all other forms of medication combined.*"

• DR. HOOFLAND'S •

GERMAN BITTERS,

AND

DR. HOOFLAND'S BALSAMIC CORDIAL,

The great standard medicines of the present age, have acquired their great popularity only through years of trial. Unbounded satisfaction is rendered by them in all cases; and the people have pronounced them worthy.

Liver Complaint, Dyspepsia, Jaundice, Debility of the Nervous System, Diseases of the Kidneys,

and all diseases arising from a disordered liver or weakness of the stomach and digestive organs, are speedily and permanently cured by the GERMAN BITTERS.

The **Balsamic Cordial** *has acquired a reputation surpassing that of any similar preparation extant. It will cure,* WITHOUT FAIL, *the most severe and long-standing*

Cough, Cold, or Hoarseness, Bronchitis, Influenza, Croup, Pneumonia, Incipient Consumption,

and has performed the most astonishing cures ever known of

Confirmed Consumption.

A few doses will also at once check and cure the most severe **Diarrhoea** *proceeding from* COLD IN THE BOWELS.

These medicines are prepared by Dr. C. M. JACKSON *& Co., No. 418 Arch Street, Philadelphia, Pa., and are sold by druggists and dealers in medicines everywhere, at 75 cents per bottle. The signature of* C. M. JACKSON *will be on the outside wrapper of each bottle.*

In the Almanac published annually by the proprietors, called EVERYBODY'S ALMANAC, *you will find testimony and commendatory notices from all parts of the country. These Almanacs are given away by all our agents.*

OFFICE 95 MAIN STREET,

(3d door, Up Stairs, Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea or Fleur Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

DR. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $5 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

READ AND REFLECT!

JUST PUBLISHED

A NEW WORK SPLENDIDLY ILLUSTRATED (with elaborate engravings,) of nearly 300 pages, the best work on diseases of the genital organs ever introduced to the public, is DR. REYNOLD's MEDICAL GUIDE. Embracing every subject known in the catalogue of human ills, as venereal, or other diseases of the genital organs, and how all persons can avoid them, and if they are so unfortunate as to have contracted such diseases, **how to effect a speedy and permanent cure—it being in fact, a complete and practical work on the** Physiological Mysteries of the Male and **Female system, and will be mailed in sealed wrappers** to any part of the world. Price, TWENTY-FIVE CENTS, or 5 copies for $1.

N. B.—The author has devoted nearly twenty years to the treatment of diseases of a private Nature, (both male and female) and can be consulted on all and every variety thereof, at his old established Hospital, Rochester, N. Y.

Secret habits in young men effectually cured, although abandoned by the entire faculty, and given up by all making pretensions to the healing art. All cases warranted. No Mercury used.

Patients treated at home by letter, and packages forwarded to all parts of the world.

Females afflicted with Irregularities, obstructions, &c., can obtain Dr. Vichols' Female Monthly Pills at the above office. Ladies in a certain situation should not use them, the particulars of which will be found on the directions accompanying each box. Price, One Dollar.—Sent by mail free of charge.

DR. REYNOLD'S PATENT FRENCH SAFE.

This enables those whose health or circumstances do not permit an increase of family, to regulate or limit the number of their offspring without injuring the constitution. It is the only safe and sure preventive against Pregnancy and disease. The above article is specially intended to fulfill this desideratum; it is perfectly safe; no metallic substance enters into its composition.

The price of this article is one dollar and it can be sent by mail to any part of the United States or Canadas free of charge.

THE

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION,

BEAUTIFULLY ILLUSTRATED,

IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States! Such writers as Justin Jones, (Harry Hazel,) Augustine J. H. Duganne, William Earle Binder, Harry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Haymond, Eda Mayville, Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Sayings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, The Mute Spy! Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child of Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting *melange*, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of Interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has run up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY. The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the news-men were taking tens, they are now taking hundreds of copies. This is the general effect among the *five* thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How to Get the "Weekly"

Wherever there is a News Agent, get the paper *from him.* By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post-Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $12. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to prepay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW WEEKLY, must be addressed Editors.

When Slavery Shall Cease.

The interminable agitation of the question of Slavery calls for some new measure for its suppression. That it will ever cease through a compromise, or mutal agreement between the North and the South, brought about by Legislation we have no hope. That the North will ever *conquer* a peace with the South, or the South with the North is impossible.

It is fair to suppose that when an issue exists between two peoples, if either is right, *the* right will conquer and come uppermost in time; but where both are wrong, agitation will continue until that wrong is outlived on the one part or the other, before the first step can be taken for the settlement of the difficulty. This is the position of the North and South on this question of Slavery at the present time—that is—both are in the wrong, and it is difficult, as well as unnecessary to decide which is in the greatest degree the aggressor.

The first question bearing upon the subject that is to be answered is: *What is a man?* If every individual was called upon to give an answer to this question, the replies would be a subject of astonishment. The truth is, man has never yet learned who and what he is, and therefore is altogether incapable of deciding a question like that of Slavery, which rests solely upon the rights of manhood.

Whoever admits a negros to belong to the *genus homo*—grants him immortality—has no more right to hold him in Slavery, as a piece of property, than he has a right to make God his slave.

Man may call this nonsense, fanaticism, insanity or what not—we have but one test for such men, and that is the question: *What is a man?* Answer me this before proceeding to decide a collateral issue. If you cannot answer the question—and it cannot be done consistently with Slavery—then cease your imputations.—It will not do to say that a "nigger is nobody," and a man who has a just sense of manhood within himself, will never seek to support his position by such a subterfuge.

Let us look now upon the other side of this question, and see if we can, where the wrong is there. Was ever a man made better by compulsory force? Restraint may have interposed an obstacle to the commission of crime, but it never made a man better. No man was ever *convinced* of a truth, or convicted of wrong, converted to the right, or enabled to see with the eye of reason by any measure of compulsion. Force is a measure that is applicable to man's material nature alone, it has no office to perform over the soul. The instance is not on record in the history of the world where any good was done to man's moral nature by force; and the instance is not known where right was conquered, though right may have suffered many times, it was never redeemed by any power but that of reason. What has the North, always since the Slavery agitation commenced, been trying to do? She has been trying and persistantly too, to *force* the South to yield to her views upon this great moral question—she grew suddenly very conscientious and has ever sought to compel submission of the South to the rights of the negro, that she (the North) might have unlimited and unrestrained power over this Government.

The disposition on the part of the North *to force* the South into a position of submission, first gave birth to the antagonism that has ever since existed between Northern and Southern politics. Force [illegible] antagonism always, and antagon-
fatal of all barriers to the exercise of reason.

If the *right* was what the North has been *after* in its measures toward the South upon this question of Slavery, it would have long before this sought a *right mode* of action, but this has not been the case in a political, or in a moral sense. The North to-day is as much pro-slavery as the South, the difference is only a climatic one—by no means a moral one, for the South is as moral as the North, and probably more so—as a Slave I would rather be in the hands of one bred under the institution of Slavery, than be subject to a Northern master.—Whoever seeks by aggressive force to bring good into the world will reach his winter without a harvest. This has always been the experience of the world, and it always will be, for such means are in direct violation of an elementary and God given principle in man's nature.—Many will subscribe to this, and perhaps assert that they understand the principle perfectly, and yet by the very next remark show conclusively that they do not comprehend it at all.

The doctrine of non-resistance has long been taught by a few minds, but the doctrine that precedes that—non-aggression, has never had but one great teacher, and he lived eighteen centuries and more ago; and was never adopted either in religion, politics or civil government. Dr. Cheever of New York preaches radical Abolitionism—he would force the South into submission by political power, and quotes scripture to sustain his position.—Old John Brown went into Virginia armed with rifles, pikes and the bible. There is no blinking the fact that the Old Testament sustains Slavery, and also the doctrine of aggressive force to overcome evil. It is the stay and staff of the fanatic on all questions, simply because it is given a supremacy over man, God's greatest and most perfect work.

When men seek the abolition of Slavery for the good of humanity, let them go back to first principles, learn those and start right, and there will be little difficulty in the way. Slavery will never be abolished until men are too good to hold men in bondage, and Northern Abolitionism is doing very little—in fact it is an obstacle to Southern progress in the development of the right.

In won't do to ignore these views on the ground of infidelity to the bible, or deny the pertinence or justice of our premises. Christ the representative of God on earth, repealed the Old Testament law of aggressive force, and we can abide by such support of our views, though there may not be enough minds in any one community to give such opinions respectability—that is a matter we are not seeking after. The bane of the world is *false premises.* Earnest men often work all through life honestly and faithfully, but wrongly, simply because their starting point was wrong. We want less outside work, and more inside thought upon this question of Slavery. We want a public sentiment developed among the people that shall put down all attempts at aggressive measures for the abolition of Slavery, and then our Southern brothers will begin to reason with us. We should teach the Slave to be faithful to his master, and not to run away from him, then we shall begin to work a good that will abolish Slavery most perfectly and most justly. This is the best condition of the Slave until the time of his redemption shall come in the progress of events. The master alone is responsible for the evil done in holding a fellow man in bondage, and when he sees wherein he violates justice in so doing, he will rid himself of the curse that rests upon him—until he can see this clearly, there is no use in trying to force duty upon him.

When this principle of non-aggression shall become incorporated in the minds of men as a basic principle of all government, then the world will move on in the progress of its redemption from the evils that stay its onward course in the development of a true humanity.

The most amusing man in the world is a Frenchman in a passion. "By Gar, you call my vife a woman two three several times once more, an' I vill call the vatch house, and blow out your brains like a

LIKE HIS PLUCK.—The squabble between Kellogg, Rep., of Illinois, and Greeley has drawn out a letter from the latter, which concludes.

Mr. Kellogg, there is just one remaining tie of sympathy between Senator Douglas and myself, now that the relations of political antagonism between us are re-established. I detest his doctrines, but I like his PLUCK. Had *he* signed ever so heedlessly, a circular recommending Tom Paine's Age of reason, you would never have found him prevaricating, nor apologizing, nor deprecating; he would have simply and coolly told his adversaries to make the most of it. O that some Republicans could not be merely almost but altogether such as he in this respect, however unlike in any other!

THE CHARLESTON CONVENTION.—A SOUTHERN IDEA.—The Charleston *Mercury* would have the next National Democratic Convention regulate its representation by the number of Democratic Congressmen from each State. This rule would exclude most of the New England and some of the Middle and Western States, and give South Carolina as much power in the Convention as the Eastern and Middle States combined. It says that the Democratic party exists in its purity and power only in the Southern States, and that either the Convention should be a Convention of those States mainly, or should not assemble at all.—The proposition is not likely to find much favor among the Democrats, except a few fire eaters in and about Charleston. It is absurd to talk about, among the masses of the Democratic party at the South as well as the North.

WE PASS FOR WHAT WE ARE.—Ralph Waldo Emerson never uttered, anything truer than the following:

"A man passes for what he is worth.—Very idle is all curiosity concerning other people's estimate of us, and all fear of remaining unknown is not less so. If a man knows that he can do anything—that he can do it better than any one else—he has a pledge of acknowledgment of that fact from all persons. The world is full of judgement days, and into every assemblage that a man enters, in every action he attempts, he is gauged and stamped. In every troop of boys that whoop and run in each yard and square, a new comer is well and accurately weighed in the course of a few days, and stamped with his right number, as if he had undergone a former trial of his strength, speed and temper.—A stranger comes from a distant school with a better dress, trinkets in his pockets, with airs and pretentions. An older boy says to himself, "its no use, we shall find him out to-morrow.

The other evening, in Philadelphia, a lad rang at the door of a mansion, the lady thereof presenting herself. He placed in her arms a bundle and started on a run, away from the house. Instantly the lady, who had been so served on a previous occasion, imagined it was a foundling's and at once dashed of in pursuit; boys and men, attracted by the spectacle, fell in and the boy was captured. At the police office the boy was arraigned and the bundle produced and the pappoose unswathed, and it proved to be as fine a "leg of mutton" as a lady ever bore! The boy had been sent from the butcher's therewith.

ONE OF THE MOTIVES.—The following conversation took place in one of the "Citizen's Line" of coaches yesterday:

Mr. A.——(addressing a fellow passenger)—Why Mr. B. I was surprised to see your name, as well as those of your partners, appended to the call for the Fanuel Hall meeting; I had no idea that you sympathised with the administration office holders, or with the editor of the Richmond Enquirer, at whose suggestion, communicated through a son of Gov. Wise, I am told this meeting was started.

Mr. B.——Why, friend A., to tell the truth I don't care a d——n for the meeting; I shan't attend, and see no necessity for calling it; but you see, some of our best customers reside at the South, and during the traveling season, on their way to the White Mountains and sea-shore resorts, have usually purchased of us quite liberally, and we thought if we signed this call it might give us a lift for next season, and you know the meeting can't do any harm, anyhow.—*Boston Atlas.*

A NEW HALF DOLLAR.—A new half dollar has been got up at the United States Mint to be submitted to Government for its approval. The new coin, although of the same diameter as that now in circulation, is much thicker at the rim in consequence of the deeper sinking of the die, and hence much more durable.—On one side is a medalion portrait of Washington, with the head wreathed in laurel; the word liberty upon a scroll over the bust; at the bottom the date, 1859; and around the whole the words United States of America in plain, well adapted [illegible] the reverse side, a w[illegible] ops the words Half D[illegible] autiful letters. MRS. TOODLES AT AN AUCTION—A DEAD BABE IN A TRUNK.—The Milwaukee Wisconsin states that a few days since in that city—

A lady purchased a trunk at an auction sale in this city, and on reaching her home and opening the trunk, the body of a dead infant was found inside of it. It had the appearance of having been born alive, but had been smothered by confinement in the trunk. Blood is upon somebodys hands, and the perpetrator of such a revolting offence ought to be hunted out if possible, and then ought to receive the most severe punishment.

The total eclipse of the sun on the 18th of next July, will be a very important one to the scientific world. The director of the Dorpat Observatory was the first to remark that at the moment of obscuration, four of the principal planets—Venus, Mercury, Jupiter and Saturn—will appear in the vicinity of the eclipsed sun, as a kind of rhomboidal figure; a phenomenon of such extraordinary rarity that many centuries will elapse before its repetition.

The use of gas is becoming quite general in this country. The monthly gaslight Journal for December contains returns from three hundred and sixty two gas companies, representing an aggregate capital of fifty-two million three hundred and ninety-four thousand nine hundred and fifty dollars.

As accidents will happen, even in well regulated families, it is very desirable to have some cheap and convenient way for repairing Furniture, Toys, Crockery, &c.

SPALDING'S PREPARED GLUE

meets all such emergencies, and no household can afford to be without it. It is always ready and up to the sticking point. There is no longer a necessity for limping chairs splintered veneers, headless dolls and broken cradles. It is just the article for cone, shell and other ornamental work, so popular with ladies of refinement and taste.

This admirable preparation is used cold, being chemically prepared in solution, and possessing all the valuable qualities of the best cabinet-maker's Glue. It may be used in the place of ordinary mucilage, being vastly more adhesive.

"USEFUL, IN EVERY HOUSE."

NORFOLK, VA., Dec. 10.

The coroner's jury, in the case of the boy Leonard, have rendered a verdict of accidental death from a shot from a gun, which he held in his own hands. The announcement of the verdict gave great relief to the community.

NEW YORK, Dec. 11.

The store of James Rhodes, in Providence, was partially destroyed on Friday, with 400 bales of Mobile cotton. Loss $50,000.

A resolution was introduced in the South Carolina Senate on Tuesday, declaring it inexpedient for South Carolina to enter into any Convention with the Northern States for the nomination of candidates for the Presidency.

WASHINGTON, Dec. 11.

According to the opinions of prominent Congressmen it is not probable that a Speaker will be elected to-morrow; indeed, no idea can be formed how long the debate in the House will be extended.—Calculations continue to be made by Members outside of the Republican ranks as to the best means of uniting the Democrats. Southern opposition and such anti-Lecompton Democrats as have not voted for Mr. Bocock, but up to this evening they have not come to a satisfactory arrangement.

The Charleston Courier says that the Committee on Federal resolutions in the Legislature of South Carolina recommended the passage of resolutions re-affirming the position of the State as expressed in the Convention of 1852, declaring her right to secede from the Federal Union, and that the people should make common cause with those of Virginia, and be prepared to sustain her in her vindication of the resolutions of the South. The minority of the Committee report resolutions at the frontier States especially, and the Southern States generally may rely upon the aid of South Carolina, on their rights, in or out of the Union, and that the Military Contingent fund be increased $100,000. The debate will take place to-morrow.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,

PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

HOSTETTER'S
STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

WINCHESTER'S

GENUINE PREPARATION OF THE

HYPOPHOSPHITES

OF LIME AND OF SODA,

The Specific Remedy for Consumption, Chronic Bronchitis, Asthma, Scrofula, Dyspepsia, General Debility, and all Nervous Diseases.

The success of the NEW REMEDY discovered by Dr. Churchill, of Paris, is obtaining for it the most UNBOUNDED POPULARITY throughout Europe and the United States. It is a purely SCIENTIFIC PREPARATION, and acts with INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases. The *Hypophosphites increase the Principle which constitutes nervous force,* and *are the most powerful blood generating agents known.*

The Cure of Consumption,

In the second and third stages (at a period, consequently when there can be no uncertainty as to the nature of the disease) can be counted IN ALL CASES by this treatment, except when the existing lesion of the lungs is of itself sufficient to produce death.

The Remedy has not only a curative effect, but will, if used whenever there exists a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act as a PRESERVATIVE WITH REGARD TO CONSUMPTION, JUST AS VACCINATION DOES WITH REGARD TO SMALL POX.

DR. HOOFLAND'S
GERMAN BITTERS,

AND

DR. HOOFLAND'S BALSAMIC CORDIAL,

The great standard medicines of the present age, have acquired their great popularity only through years of trial. Unbounded satisfaction is rendered by them in all cases; and the people have pronounced them worthy.

Liver Complaint, Dyspepsia, Jaundice, Debility of the Nervous System, Diseases of the Kidneys,

and all diseases arising from a disordered liver or weakness of the stomach and digestive organs, are speedily and permanently cured by the GERMAN BITTERS.

The **Balsamic Cordial** *has acquired a reputation surpassing that of any similar preparation extant. It will cure,* WITHOUT FAIL, *the most severe and long-standing*

Cough, Cold, or Hoarseness, Bronchitis, Influenza, Croup, Pneumonia, Incipient Consumption,

and has performed the most astonishing cures ever known of

Confirmed Consumption.

A few doses will also at once check and cure the most severe **Diarrhœa** *proceeding from* COLD IN THE BOWELS.

These medicines are prepared by Dr. C. M. JACKSON *& Co., No. 418 Arch Street, Philadelphia, Pa., and are sold by druggists and dealers in medicines everywhere, at 75 cents per bottle. The signature of* C. M. JACKSON *will be on the outside wrapper of each bottle.*

In the Almanac published annually by the proprietors, called EVERYBODY'S ALMANAC, *you will find testimony and commendatory notices from all parts of the country. These Almanacs are given away by all our agents.*

Clark & Tryon, Wm. Seaver and H. Fellows Batavia; Porter & Co., Corfu; G. W. Wright East Pembroke; J. & S. R. Nutting, Richville and dealers generally through the country.

HERB DISPENSARY

OFFICE 95 MAIN STREET,

(2d door, Up Stairs, Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability; hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $1 a series of Health Rules, and perfect chart of cure, which will be to them a sure polar star through life.

The Blind Preacher on Aaron Burr.

Rev. W. H. MILBURN, formerly Chaplain to the Senate gives his lecture on "Aaron Burr" before the Lyceum, on Friday evening next, the 16th, inst. The fact that Mr. M., has risen to his present position notwithstanding almost entire absence of eye sight, has given him the title of "The Blind Preacher." His perseverance and struggles against this sad and severe drawback have doubtless done something toward bringing up his present popularity; and afford at least an example to our Young Men of what true personal devotion, self-denial and heroism will achieve.

Many allowances and a generous sympathy and indulgence are due in favor of any man who has not permitted even physical blindness to prevent the regular and faithful discharge of Ministerial duties and literary labors.

We suppose from announcements of Sermons, we see in the New York papers that Mr. MILBURN is now the Pastor of the Pacific street, Methodist Episcopal Church in Brooklyn.

JOEL HOUGHTON who has seen something of the South gives the following sensible adviso to the fanatics through the Rochester Democrat:—

"Deal gently, fraternally and reasonably, instead of coersively, none of us North or South are disposed to be drove—we were not brought up right for it—O! the Yankee blood. In my excursions South, years ago, I have took occasion to converse with slaveholders (uniformly pleasant, intelligent men,) every one of them, except one, conceded that slavery was morally wrong, but early associations—training, and the pecuniary interest handed down to them by their ancestors, from generation to generation, had bound them to the institution. My Northern friends be kind—'tis human to err."

OH!—A Convention of Bloomer damsels is reported to have resolved that they will wear short dresses or *nothing.* What an dreadful thing it would be if they shouldn't wear the short dresses this cold weather? Wouldn't they catch cold?

LARGE FIRE IN ROCHESTER.—On Saturday night a destructive fire occurred in Rochester by which the Baptist Church on Main street, and six stores adjoining belonging to Michael Falen, were destroyed.—The Advertiser says, the list of the principal sufferers are as follows:—E. W. Collins loss on building $5,000—insured $1,500. Loss on furniture &c., $1,500, not insured. Burns & Vance, grocers, loss on stock unknown, part being saved—insured between $4,000 and $5,000, which will probably cover all. Augustus Fallen, druggist, part of stock saved—loss supposed to be $1,500 insured $800.

Church property, loss $9,000—insured for $8,000. M. Fallon, $2,000. P. J. Hammer & Co., grocers—Loss on stock by damage from water, $1,200; insured $2,000. Mrs. S. J. Meyers, grocer, suffered considerable loss by removing goods, not insured. James McNulty, grocer—stock carried into the street and damaged more or less in the process; insured to cover loss. Mrs. Meyers' furniture and household goods over Burns & Vance's store, were materially injured; she has no insurance. Mr. Doran, boarding house keeper, was also a considerable loser by removal of property, and had no insurance.

The origin of the fire is supposed to be an incendiary.

The American Messenger says that in New England there are two million souls outside of the churches every Sabbath.

There will be twice the number if vindictive politics and pulpit sectionalism is instituted for the gospel of love.—*Atlas & Argus.*

LAST EVENING'S REPORT.

XXXVIth Congress---First Session

WASHINGTON, Dec. 12.

SENATE.—On motion of Mr. Davis, a Committee was appointed to wait on the President and inform him that the Senate was ready to receive communications in order that he may have opportunity to send communications and Executive business to the organization of the House.

On motion of Mr. Brown, it was resolved to proceed to the election of Chaplain on Thursday next.

Mr. Iverson said he had been misunderstood by the Constitution newspaper in a remark made the other day about the Democratic party, when he said he believed the Democratic party, if not corrupt was at least corruptible.

He did not accuse them of complicity or sympathy with John Brown, but simply meant to say that on the question of the territorial rights of the Southern people against a portion of the Northern Democracy they are unsound, and this was a vital question to the rights and interests of the South; and on this question he believed that a large portion of the whole of the Northern Democracy are unsound. He believed, with the Southern people, that under the Constitution they had the right to emigrate to any of the territories with their slave property, and when there have the right to the protection of the law in the enjoyment of their property, and Congress has the power to give that protection, and it is their duty to do so. It cannot be disputed that it is not the position of the Northern Democracy—at least that portion who follow Douglas. They deny the power of Congress over the subject. They deny that Congress can exercise jurisdiction so as to give that protection. They say that the power belongs to the people of the territories themselves in a territorial form, and that when a sufficient number of people go into a territory to form a political community, they have complete power to regulate the subject of slavery as they please; and they say that neither Congress, nor any human tribunal, has power to interfere. Now, he contended that position was as unsound as a Wilmot proviso.—When he said that the Democratic party were at least corruptible, he did not allude to them in a moral sense, but spoke in a political sense, thinking the time was coming when they would be so under the pressure of a strong and overwhelming sentiment at the North. If they had not already become abolitionized, they would become so.

Mr. Bigler was surprised to hear the remarks of the Senator the other day.—He thought he did the Democratic party North great injustice, for he certainly used strong language and went on at some length to say they were as rotten and corrupt on the subject as the Republican party. Mr. Bigler would tell him that such a declaration had no foundation in fact. Not only have no portion of the Democratic party sympathized with Brown in his atrocious onslaught on Virginia, but as little do they sympathize with abolitionism. He was gratified with the Senator's disclaimer as far as it went but justice required him to declare that the Northern Democracy had labored day after day, in season and out of season, in defence of the rights of the South.

HOUSE.—Mr. Kilgore said, on consulting with his friends, he found they were almost unanimous in the wish to proceed with the balloting, in order to bring about an organization. The administration was almost without money, as well as without friends, and he wanted to provide for the former. He wished to tell the gentlemen on the other side, that the Republicans will not shrink from the discussion at the proper time.

They would debate the question which had been introduced until all parties were satisfied, and he would take the first opportunity to examine the condition of things at the north and south. They had been informed that there would be a dissolution of the copartnership. He wished to examine how the account stands, and who has been doing wrong.

Mr. Maynard said they had been engaged a week and had taken only three votes for a Speaker. * * *

Mr. Kilgore said if Mr. Bocock answered the following questions to his satisfaction, he might vote for him, viz:

Are you in favor of Congressional legislation protecting slave property in the territories? Are you in favor of popular sovereignty in the territories, and its right to admit or exclude slavery therefrom.

Mr. Kilgore was ready to answer these questions for his candidate.

Mr. Stewart replied—The Democrats were acting on broad national grounds.

Mr. Haskin proceeded to pay his respects to the newspaper, the Constitution of this city, which he said was the home organ of the President. A rumor assigned to the President and Attorney General Black the writings of editorials for that paper. The man whose name appears as Editor was not a relative of John Brown, who was a truthful and brave man, but an imported Englishman, who, for several [illegible] editor on the Journal is Tappan and other original Abolitionist.

Mr. Brown, in 1858, took the stump in opposition to his (Haskin's) re-election.—Whilst the Constitution is Mr. Buchanan's home organ, the N. Y. Herald is his personal exponent. However much he (Haskin) opposed the doctrines in the Herald, he gave it credit for a complete control over the Administration, and a foreshadowing of the policy of the President and the Cabinet, notwithstanding it supported Mr. Fremont against Mr. Buchanan in 1856.

Mr. Haskin sent up an article from a recent number of the Constitution, which was read, and in which he was spoken of as being in the Black Republican reserve, and as having entered into a combination for the election of Mr. Forney as Clerk, and Mr. Sherman as Speaker. Mr. Haskin, in reviewing the article, said, its sentiments were evidently published by authority.—As to being a mercenary, nobody knew better than Mr. Buchanan the utter falsity of the charge. The President himself had endeavored, by the bestowal of patronage, to turn true men away from the path of duty. He emphatically and indignantly denied that he had entered into such a combination as alleged, and vindicated himself from the charge.

He would reply to the President himself, that he never asked for the appointment of a single man to office, and only recommended those whom his colleagues had recommended, and he believed they were appointed. The charge was as malicious as it was infamous. Another charge was, that his report on the purchase of Willett's Point was a failure. This he denied, and referred to the result of that investigation to the detriment of the Secretary of War. The Administration policy denied to the people the right to judge for themselves, and Mr. Buchanan endeavored to force Kansas into the Union with a Constitution repugnant to them. He recognized the Cincinnati platform as affording a test of Democracy but not of a Congressional caucus, and what the President can make and unmake. As to the charge of having formed a combination with Horace Greeley to help his (Haskin's) election, he never had any such understanding with him. He was not, however, indifferent to the able and patriotic support which the Tribune gave him and other anti-Lecompton Democrats in 1858. Although he differed from Mr. Greeley in his principles, he would say that Mr. Greeley was undoubtedly honest in his views—and where he was known, no man doubted his honesty.

When this House organized he trusted committees would be appointed to make investigations. There were corruptions in the supplies for the Paraguay expedition, for which the government spent millions and rendered us ridiculous forever. He referred in this connection to coal agencies and Post Office blanks. He had heard on this floor upward of a dozen Southern speeches, every one of which breathed disunion. The speeches were applauded in the galleries by men holding positions under the general government. He had not heard any speeches on the other side that did not breathe devotion to the Constitution and protection to the South in all its Constitutional rights. He was elected an independent man. He sympathized with Mr. Douglas, and would not vote for an administration candidate.

Mr. Florence, in reply to a remark made by Mr. Haskin, said that no fraud had been committed at the Philadelphia Navy Yard, and he could tell the gentleman that if the opportunity presented itself the same number of men would be employed there as heretofore. He stood up for that class of men who need defenders.

Mr. Noel said that there were men who were resolved upon the final abolition of slavery, and proceeded to discuss the relative powers of general and State governments. He remarked that if the sun of this American Union is to set forever, it must go down in a sea of revolutionary blood.

He congratulated the Republicans on their acquisition of anti-Lecomptonism support, but advised them not to trust their new allies, and not to put them on guard for a moment, for if men betray a good cause for slight reasons, they would betray a bad cause for less. If the democrats and Southern opposition prove recreant in this trying hour, they would suffer the stings of regret and the execration of posterity would be heaped mountain high upon them.

LAST WORDS OF JOHN BROWN.—The Philadelphia Inquirer, a cautious and conservative paper, whose reporters may have had the needed facilities at the execution, gives the following as the last words of John Brown:

He was understood to say:—"I die alone responsible for my own operations, and ask for no sympathy. I am satisfied in my own belief—but desire no other man to believe as I do, unless his conscien[illegible] approve. I am sing[illegible] my own acts, good or [illegible] wrong, the conse-

Cooper's Novels.

We are in receipt of the tenth number of Coopers Novels illustrated by Darley published by Townsend & Brother New York.

The hero of this interesting story as well as its name is "Lionel Lincoln" and its foundation is the American Revolution and its location in and about Boston. One of its most stiring incidents is the battle of Breeds Hill, which together with the occupation of Boston by the British is well and graphically described and to the readers is fraught with much interest.

We do not think this volume is as interesting in its incidents as many others of its illustrious author, but still it affords amusement of a profitable character and is highly deserving the attention of the reading public and we would therefore commend it to their attention.

The illustrations in it are of the most beautiful and artistic character and are worth to the man of taste half the price of the volume, while the paper upon which it is printed, and the binding are of the best possible quality for book making, and is entirely uniform with the preceding numbers and the enterprise of its publishers, we are happy to know meets with that success which it richly deserves.

PREPARED GLUE.
SAVE THE PIECES.

☞ "A STITCH IN TIME SAVES NINE." ☜

As accidents will happen, even in well regulated families, it is very desirable to have some cheap and convenient way for repairing Furniture, Toys, Crockery, &c.

SPALDING'S PREPARED GLUE

meets all such emergencies, and no household can afford to be without it. It is always ready and up to the sticking point. There is no longer a necessity for limping chairs splintered veneers, headless dolls and broken cradles. It is just the article for cone, shell and other ornamental work, so popular with ladies of refinement and taste.

This admirable preparation is used cold, being chemically prepared in solution, and possessing all the valuable qualities of the best cabinet-maker's Glue. It may be used in the place of ordinary mucilage, being vastly more adhesive.

"USEFUL IN EVERY HOUSE."

BY TELEGRAPH

NEW YORK, Dec. 12.

The steamship Atlantic has arrived from Aspinwall, 4th inst., bringing over 500 passengers and $1,865,000 in specie.—Among the passengers are Lt. Gen. Scott and staff, and Col. Lander. The Golden Age sailed from Panama on the morning of the 30th ult., with the California passengers taken out by the Atlantic. The Ariel reached Aspinwall on the evening of the 29th, some hours after the Atlantic.

The John L. Stephens left San Francisco on the forenoon of the 21st ult., and brought down the mails, the Vanderbilt Company having no steamer in consequence of the non arrival of the Cortes,

Gen. Scott arrived at San Francisco on the 20th ult., on the steamer Republic.

San Juan Island is virtually in the joint occupancy of the Representatives of England and the United States. The U. S. troops are withdrawn, except a few under Capt. Hunt, who remain to protect the settlers from the Indians. General Scott proposed to Gov. Douglass to send equal number of British troops for the purpose of a joint occupancy, leaving the matter to Douglass' discretion.

News from the Chiriqui diggins is that that the graves have been deserted for the gold washings at the huacas of Gomes.

Some $30,000 worth of gold images had arrived at Panama.

From Carthagena we learn that the revolutionists had taken Mompos and Corozal.

At the fight at Mompos about 80 were killed on each side. The battle at Mompos lasted 31 hours, and the city was finally taken by storm, and was pillaged to some extent by the troops, before they could be restrained. The fight at Corozal lasted five or six days, and the place was finally evacuated under a tremendous fire. Pasada was going to Barranquilla, having defeated a corps of revolutionists who had marched to that place to attack him. He was fortifying Barranquilla in expectation of an attack by Nieto.

Valparaiso dates are to November 1st. A destructive fire occured the previous night in the Calle la Planchada.

The damage by the earthquake at Corsiapo was estimated at one and a half million dollars.

STARTLING EVIDENCE.

LET THE SICK READ.—The Boston Sculpel, a medical publication says: Dr. Herrick's Sugar Coated Pills, made at Albany, N. Y., appear to be the pill of the world. Dr. H. makes no secret of their compound; he furnishes all physicians in good standing with the receipt of their ingredients, and with the Pills, sugar coated, by the pound. Among all medicine manufacturers, Dr. Herrick stands in Medical knowledge and social responsibility, unapproachable. As Spring is upon us, and hot weather expected, take a few doses of Herrick's Matchless Pills.—Dundee Record,

PHYSICIANS USE THEM.

☞ Dr. G. T. Pannee, of Baltimore M. D., in a note to Dr. Herrick says: I have tested your purgative Sugar Coated Pills in a variety of diseases, and find them superior to any cathartic I ever used. My customers, particularly the female portion, have fallen in love with them and frequently ask me to give them the Sugar Coated Pill. Your discovery in coating a pill with sugar should immortalize your name, and I doubt not your invention will be handed down to future posterity as a discovery worthy the day in which we live. Please accept my thanks for the care of pills which reached me this morning by express. Enclosed find the amount of your bill. Sold everywhere.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,

PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and take none but *Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. **All orders from Canada must be accompanied by twenty cents extra.**

HOSTETTER'S STOMACH BITTERS.

It is a [illegible], at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the stomach or bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, dysentery or flux, so generally contracted by new settlers and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend [illegible] [illegible] and why not use an article known to be infallible? All nations have their bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

Fever and Ague.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

For sale by all the Druggists in the county [illegible] and Merchant in the county.

A NEW, SURE, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorrhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community, dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea or Fluor Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases all the above named disorders and a host of others not named, have their seat primarily in the sexual organs and arise from morbid excitement and chronic inflammation—a state of [illegible], hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own homes without expense, in any part of the country, upon an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $1 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

READ AND REFLECT!

JUST PUBLISHED

A NEW WORK SPLENDIDLY ILLUSTRATED (with elaborate engravings,) of nearly 300 pages, the best work on diseases of the genital organs ever introduced to the public, is Dr. REYNOLDS'S MEDICAL GUIDE: Embracing every subject known in the catalogue of human ills, as venereal, or other diseases of the genital organs, and how all persons can avoid them, and if they are so unfortunate as to have contracted such diseases, how to effect a speedy and permanent cure—it being, in fact, a complete and practical work on the Physiological Mysteries of the Male and Female system, and will be mailed in sealed wrappers to any part of the world. Price, TWENTY-FIVE CENTS, or 5 copies for $1.

N. B.—The author has devoted nearly twenty years to the treatment of diseases of a private Nature, (both male and female) and can be consulted on all and every variety thereof, at his old established Hospital, Rochester, N. Y.

Secret habits in young men effectually cured, although abandoned by the entire faculty, and given up by all making pretensions to the healing art. All cases warranted. No Mercury used.

Patients treated at home by letter, and packages forwarded to all parts of the world.

Females afflicted with irregularities, obstructions, &c., can obtain Dr. Vichons' Female Monthly Pills at the above office. Ladies in a certain situation should not use them, the particulars of which will be found on the directions accompanying each box. Price, One Dollar.—Sent by mail free of charge.

DR. REYNOLDS' PATENT FRENCH SAFE.

This enables those whose health or circumstances do not permit an increase of family, to regulate or limit the number of their offspring without injuring the constitution. It is the only safe and sure preventive against Pregnancy and disease. The above article is specially intended to fulfill this desideratum; it is perfectly safe; no metallic substance enters into its composition.

The price of this article is one dollar and it can be sent by mail to any part of the United States or Canadas free of charge.

THE

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION,

BEAUTIFULLY ILLUSTRATED,

IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States! Such writers as Judith James, Harry Hazel, Augustine J. H. Duganne, William Earle Binder, Harry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Ella Mayville, Write for it regularly, while a score of other well-known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, The Mute Spy! Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child of Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting *melange,* ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of Interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taking tens, they are now taking hundreds of copies. This is the general effect among the five thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is four cents, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $12. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to pre-pay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW WEEKLY, must be addressed Editors.

EDWARD EVERETT'S
GREAT SPEECH,

At the Union Meeting, Boston, will appear in the DAILY HERALD to-morrow.—Persons desiring extra copies must speak for them before 9 o'clock to-morrow.

Late News.

A five story building, No. 6, Spruce st., occupied by the American Tract Society as a repository and bindery, was damaged by fire in the 4th and 5th stories, and the stock below by water, to the amount of $77,000, on Tuesday morning.

The original tract house escaped damage, but the bulk of the stock in No. 6 is almost entirely destroyed by water.

It will retard their business but a few days, insured for $88,000.

A special dispatch from Washington on Tuesday says, the Secretary of the Treasury refuses to pay members' mileage and salary, though appropriated, on the ground that no evidence of membership exists till a Speaker's certificate is furnished.

There is a rumor that a distinguished Senator and Representative from a Southern State have determined to settle a dispute of long standing by a duel. Their friends have been active all day in endeavoring to settle the matter.

The President will to-day send to the Senate the name of United States District Attorney to fill the vacancy occasioned by the death of Mr. Sedgwick.

Judge Amasa Parker is strongly urged by the Tammany men, as Judge Dean is by the Mozart Hall. Samuel J. Tilden, General Ward and Daniel E. Sickles are also mentioned for the position.

The financial estimate of Secretary Cobb shows that there will be needed, for the year ending June 30, 1861, appropriations amounting to $46,278,893 56. Of this sum, the principal items are: For the Military Academy, $183,892; for fortifications, ordnance, &c. $1,979,876; for the Naval establishment, $11,244,845 63; and to supply deficiencies in the Post-office revenues, $5,988,224 04. The estimated balances from appropriations for the year ending June 30, 1860, part of which are required for the payment of the liabilities of the present fiscal year, but which will not be drawn from the Treasury until after June 30, 1860, and the balance applied to the service of the ensuing fiscal year, amount to $12,562,452 75. This, with a total of $8,173,582 48 of the appropriations made by former acts of Congress of a specific and definite character, increases the grand total of the estimates to $66,714,928 79. The annual and permanent appropriations for the service of the year ending June 30, 1861, exclusive of the public debt, amount to $61,065,854 70.

The Franklin House, at the corner of Seneca and Ellicott streets, in Buffalo, caught fire Tuesday morning, and the upper portion was burned off. The landlord was Mr. Eldridge, a brother of John R. Eldridge.

This was one of the oldest public houses in Buffalo, and was formerly a hotel of mark—in old staging times. Latterly, however, the more modern hotels have eclipsed it, so that its position was that of a third rate house.

Parson Brownlow, of the Knoxville Whig, writes from New York that he has been to hear Henry Ward Beecher preach, and says, "I came to the conclusion that he was not a bad hearted man; and, crazy as he is on the subject of slavery, those of our friends in the South who are fortunate enough to get to Heaven, need not be astonished to find Henry Ward Beecher there."

LAST EVENING'S REPORT.

XXXVIth Congress—First Session

HOUSE.—The question being on the motion of Mr. Hickman to amend Friday's journal by inserting that he had offered a plurality resolution. Mr. Sickles observed that he would not trespass on the House, did he not deem it his imperative duty to protest against much which has been said on the floor in the course of discussion, as to the sentiment of the North. The gentleman from Pennsylvania, Mr. Hickman, avowed that the irrepressible conflict is not in the future, but is a fact, and is here. Mr. Sickles said the Northern sentiment is otherwise.—There are in the North millions of hearts devoted not only to the Union but to the Constitution on which it rests, and they would never relinquish their allegiance to it, or be unmindful of performing the obligations with which that allegiance is inseparably connected, and without which their love for the Constitution and the Union would be hypocrisy and a delusion. He said Mr. Hickman's view of Northern sentiment is as unfounded as the charge he made in the name of the North, and as the reasons for these feelings are justifiable.

In the course of replying to Mr. Hickman's charge that the South has violated all covenants, compacts and compromises, he referred to the history of the adoption of the Constitution, and to kindred subjects, to show that there had been no violation of good faith by the South. He desired an antidote to go forth with the poison. The gentleman from Pa., could not sustain himself in the first charge that the clause in the Constitution, abolishing the slave trade, was a concession to freedom on the part of the South, when he (Sickles) had found that the clause, as originally reported by eleven of the States was enlarged, and sustained by motion of gentlemen from the North. There was no instance where the southern courts failed to take cognizance of or punish those engaged in the slave trade.

Expeditions with this view were fitted, but with vessels sometimes expressly built for this purpose, and the proceeds of this traffic distributed in the North and East, and in all probability, at the South. The late District Attorney of New York, Mr. McKeon, gave it as his opinion, that more expeditions were fitted out, and sustained by Northern capital than from any other part of the Union. As to the charge that the South had broken the Missouri Compromise, he argued that it could not be called a compromise. It was an experiment, and had ceased to have vitality in a quarter, where alone it could be maintained. When the violent and excited feeling produced by the repeal of the Missouri restrictions shall have ceased, the North will, as heretofore, regard the principle of the Kansas Nebraska Bill, as congenial to their Convictions, and on which the best hopes of the patriot can rest, and entirely fair to all persons in the confederacy. He maintained that there had been no violation of the compromise of 1850 and '54.

The gentleman from Pennsylvania said that the great question to be presented in the next Presidential election was, shall slavery be allowed to go into the territories.—The gentleman had not shown any reason or justification for that issue. In view of such a contingency in our affairs as existed two or three years with reference to Kansas, we were to understand it was to be brought back as an abstract—not an existing question; but the North does not desire to enter the Presidential election on any such question. When the people of the North witness the inevitable result of the doctrines of the irrepressible conflict, and the acts of fanatics and traitors invading peaceful homes and firesides and creating alarm and death, when they find such are the consequences of giving an ascendency to a sectional party, they will sweep it out of existence as summarily as they would drive away an enemy from their own doors. He considered we were in the presence of the most serious danger that ever menaced the Confederacy, and therefore, as a faithful sentinel, it was his duty to admonish the North. He believed that, with a full knowledge of the facts, they would give a Patriotic response.

He alluded to the few demonstrations made in New York to sympathize with the doctrines professed and practiced by John Brown, and denied that the religious sentiment of the people tolerated or countenanced them. He did not believe there were any communities in the North which would permit assemblages within their borders, with a view to proclaim their purposes to carry invasion and death to the firesides of any portion of their country. As a citizen of New York he would say, that State would be faithful to its past history—faithful to the period of 1800, when it gave its deciding vote for Jefferson for President, and when it laid the foundation, deep as the mountain, of the Democratic party.

At the conclusion of his remarks, Mr. Sickles was applauded.

From the Cincinnati Enquirer.

National Convention.

The Charleston Convention—for the nomination of Candidates for President and Vice President—will be the eighth National Democratic Assembly which has convened for that purpose under the present organization. The first Democratic National Convention was held at Baltimore in 1832, and nominated Gen. Jackson for reelection as President, and Martin Van Buren for Vice President. The State of Pennsylvania did not, however, abide by the decision of the Convention on the Vice Presidency, but threw away her vote for William Wilkins. The next Democratic National Convention was held at Baltimore in December, 1836, and selected Martin Van Buren for President, and Richard M. Johnson of Kentucky, Vice President. In May, 1840, the third Convention was held. Mr. Van Buren was nominated for re-election; but no selection for Vice President was made. The Democrats all voted for Richard M. Johnson, except Virginia, which cast her electoral vote for Wm. Smith.

In May, 1844, the fourth Convention was held, and chose James K. Polk for President, and George M. Dallas for Vice President. The fifth Convention convened at Baltimore in May, 1848, and designated General Cass for President, and William O. Butler for Vice President. The sixth Convention was held at Baltimore in May, 1852, and nominated Franklin Pierce of New-Hampshire, for President, and Wm. R. King, of Alabama, for Vice President. The seventh Convention met in Cincinnati on the 1st of June, 1856, and nominated Buchanan and Breckinridge. Previous to the holding of the National Conventions, the Democrats used to nominate candidates for President and Vice President by a Congressional caucus. The Democratic members of Congress convened and nominated Jefferson, Madison and Monroe successively for President, and the people ratified the selections. Those districts and states that had no Democratic member of Congress, of course had no choice in the nomination.

In 1824 the last Congressional caucus for the nomination of a President was held. By this time the system became unpopular. Only sixty-one Members of Congress met, out of two hundred and forty. They selected Wm. H. Crawford, of Georgia, for President, and Albert Gallatin of Pennsylvania for Vice President. The great mass of the Democracy, however, supported General Jackson for President. In 1828 he ran again, without any national nomination as candidate, and was triumphantly elected.

The opposition to the Democracy never had any regular national convention for the nomination of President and Vice President until December, 1839, when they met at Harrisburg, Pennsylvania, and nominated General William Henry Harrison, of Ohio, for President, and John Tyler, of Virginia, for Vice President. Since then they have had their conventions regularly every four years.

A TOUCHING APPEAL.—A mother's love for her son is never weakened, never dies. The mother of Wm. A. Choice, under sentence of death at Atlanta, Georgia, for the murder of a young man named Webb, while under the influence of liquor, has petitioned the Legislature that her son may be saved from the gallows, on the ground that he was subject to frequent fits of aberration of mind.—It appears she was prevented from bringing this fact before the jury at the trial, in consequence of being prostrated by illness. In her petition she uses the following words, an appeal that could only come from a mother's heart: "The law, which cannot show mercy, has doomed him to die on the gallows, but I am still his mother, and that tie which nature creates and makes holy is most sacred—it is not weakened even by his impending fate.—If any among you be inclined to deem me intrusive, let him remember this—let him remember his own mother, and say whether she ought to be silent if a cruel destiny was about to consign you to such a fate." The Senate, after an able debate, passed a bill granting a pardon to the condemned by a vote of 54 to 53.

Death of Theodore Sedgwick.

The telegraph a few days since announced the death of Theodore Sedgwick, Esq., United States District Attorney for the Southern District of New York. Mr. S. was of one of the highest and oldest families. He was born in Albany in 1811 and was, consequently, forty-eight years old. He commenced his career as Secretary of Legation to the Hon. Edward Livingston, then Minister to France. On his return he commenced the practice of law, and soon took a prominent position among his brethren of the Bar. In January, 1858, Mr. Buchanan appointed Mr. Sedgwick United States District Attorney. He discharged the duties of this office with ability and efficiency until within a few months since, when, his health failing him, he returned to the family residence at Stockbridge, Mass., in the hope that rest and change of air would restore him. Independent of his eminence as a practicing lawyer, Mr. Sedgwick won for himself a name as a writer. He was the author of a very interesting biography of William Livingston, Governor of New Jersey; he edited a collection of the writings of William Leggett, and wrote various political essays, remarkable for their independence of tone and vigor of style.—Mr. Sedgwick, at the time of his death, was in the forty-eight year of his age.

PREPARED GLUE.
SAVE THE PIECES.

☞ "A STITCH IN TIME SAVES NINE." ☜

As accidents will happen, even in well regulated families, it is very desirable to have some cheap and convenient way for repairing Furniture, Toys, Crockery, &c.

SPALDING'S PREPARED GLUE

meets all such emergencies, and no household can afford to be without it. It is always ready and up to the sticking point. There is no longer a necessity for limping chairs, splintered veneers, headless dolls and broken cradles. It is just the article for cone, shell and other ornamental work, so popular with ladies of refinement and taste.

This admirable preparation is used cold, being chemically prepared in solution, and possessing all the valuable qualities of the best cabinet-maker's Glue. It may be used in the place of ordinary mucilage, being vastly more adhesive.

"USEFUL IN EVERY HOUSE."

STARTLING CHANGES.

LET THE SICK REJOICE.—The Boston Scalpel, a medical publication [illegible] Dr. Herrick's Sugar Coated Pills, made at Albany, N. Y., appear to be the pill of the world. Dr. H. makes no secret of their compound; he furnishes all physicians in good standing with the receipt of their ingredients, and with the Pills, sugar coated, by the pound. Among all medicine manufacturers Dr. Herrick stands in Medical knowledge and medical responsibility, unimpeached. As cholera is upon us, and hot weather expected, and a few doses of Herrick's Matchless Pills.—Omaha Record.

PHYSICIANS USE THEM.

Dr. C. T. [illegible], of Baltimore M. D., a kin to Dr. Herrick, says: I have tested your purgative Sugar Coated Pills in a variety of diseases, and find them superior to any cathartic I ever used. My customers, particularly the female portion, have fallen in love with them, and frequently ask me to give them the Sugar Coated Pill. Your discovery in coating a pill with sugar should immortalize your name and I doubt not your invention will be handed down to future posterity as a discovery worthy the day in which we live. Please accept my thanks for the can of pills which reached me this morning by express. Enclosed find the amount of your bill. Sold everywhere.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

DR. CHAS. M'LANE'S CELEBRATED

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa. To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGGSWELL'S NEW MEDICAL SALT instead of its being a remedy for all the ills, has control over but one ill, has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the useless loss of blood and strength it effectually cures inflammatory diseases (no other,) by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflamation!

NOTICE TO INVALIDS!!! The following forms which the unbalanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Brain, Fits, Inflamed eyes, ears, nose, lungs and liver, Neuralgia Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

DR. COGGSWELL'S NEW MEDICAL SALT does just what it claims to do—no more—no less—equalizes the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

DR. COGGSWELL'S NEW MEDICAL SALT. Get a Circular. Ask any Druggist about the *New Medical Salt*

Ask your neighbors about the *New Medical Salt*. If sick, try; if not sick, remember the *New Medical Salt*.

DR. COGGSWELL'S NEW MEDICAL Salt is for sale in Batavia by H. W. Fellows and by all enterprising druggists wherever the Herald is. As it is not a Patent Medicine, but the prescription of an eminent Physician, no one should fail to try the New Medical Salt.

Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE,

PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also HEM, FELL, GATHER, AND STITCH in the most superior manner, and are the only machines in the market that are so well and simply made, that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

And felt its warmth arise,
Know well it drives out ev'ry fear,
And wakes up *just surprise!*

It fills the nerves with Native life,
And warms the stomach so,
Digestion moves with greater strife
And sets the soul in glow!

"Bill's" Lager is the best of drink.
It makes a man FEEL all he'd think;
It warms him through and through, you know
And puts his senses in a glow.

It never makes a man *quite* drunk
Nor filthy as a common skunk!
But always makes the senses rise
To Truthful triumph if he *buys!*

BILL's glasses, too, are just the thing,
They hold as much as Nature'll swing,
And keep the mind in equal poise,
And conscience from a drunken noise.

So you who want your senses whet
You drink Bill's Lager, and you'll get

HOSTETTER'S

STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by **HOSTETTER & SMITH**, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. JOHNSON'S

HERB DISPENSARY

OFFICE 95 MAIN STREET,

(2d door, Up Stairs, Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorrhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eyesight, loss of memory, dizziness of the head, neuralgy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarly in the sexual organs, and arise from morbid excitement and chronic inflamation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own homes without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $5 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

Sympathy with the South.

GREAT UNION DEMONSTRATION IN BOSTON!

Speech of Hon. Edward Everett.

BOSTON Thursday, Dec. 8.

The Union meeting at Faneuil Hall to-day was presided over by ex-Gov. Lincoln, assisted by 128 Vice-Presidents, including four ex-Governors of the State and six Secretaries. The principal business localities in the State were represented in the organization. The hall was packed in every part and many hundreds were unable to gain admittance. Rev. Mr. Blagden, of the Old South Church, invoked the Divine blessing on the nation the State and the audience assembled.—The President—ex-Gov. Lincoln—made the opening address, in which he briefly alluded to the event which seemed to call for the present demonstration.

Ten resolutions were then read, the third of which is as follows:

Resolved, That we look with indignation and abhorrence upon the recent invasion of the Commonwealth of Virginia; that however narrow or however comprehensive was the iniquitous scheme, in its instruments or its execution, it was an undisguised assault upon the peace and welfare of the whole country; that we deeply sympathize with the people of Virginia in the trying scenes which they have been called to pass through, and proffer them and their civil authorities, and those of the Federal Government, our unfailing countenance and support in the maintainance of the laws of the land and the public peace.

The sixth resolution reads:

Resolved, That the unchangeable Union of these States is indispensible to the prosperity and glory of each and of all, and even to our continued existance as a civilized and enlightened nation; and that in league with our patriotic brethren throughout the Union, we solemnly pledge ourselves to uphold it with our lives, our fortunes and our sacred honor.

The seventh resolution declares fealty to the Consititution, and that we will faithfully and unreservedly carry out all its obligations and requirements.

The eight resolution declares that we will discountenance everything tending to produce alienation of feeling between the North and South.

The ninth resolution denounces the [illegible]pists for the late raid upon Virginia, [illegible] holds as guilty, before God and the [illegible]try, those who induced it.

[illegible]. EDWARD EVERETT, who was hailed with every demonstration of respect and enthusiasm, was now introduced, and he spoke as follows:

Mr. Chairman and Fellow-Citizens:—In rising to address you on this important occasion, indulge me in a few words of personal explanation. I did not suppose that anything could occur which would make me think it my duty to appear again on this platform, on any occasion of a political character; and had this meeting been of a party nature or designed to promote any party purposes I should not have been here. When compelled by the prostration of my health, five years ago, to resign the distinguished place which I then filled in the public service, it was with no expectation, no wish, and no intention of ever again mingling in the scenes of public life. I have, accordingly, with the partial restoration of my health, abstained from all participation in political action of any kind; partly because I have found a more congenial, and, as I venture to think, a more useful occupation in seeking to rally the affections of my countrymen North and South, to that great name and precious memory which is left almost alone of all the numerous kindly associations, which once bound the different sections of the country together; and also because, between the extremes of opinion that have long distracted and now threa-

dle ground of practical usefulness, on which a friend of moderate counsels can stand. I think I do a little good—I try to—in my waning years, in augmenting the funds of the charitable institutions—commemorating from time to time the honored dead and the great events of past days, and chiefly in my humble efforts to rescue from desecration and the vicissitudes of private property the home and the grave of Washington. These Sir, seem to me to be innocent and appropriate occupations for the decline of life. I am more than contented with the favor with which these, my humble labors, are regarded by the great majority of my countrymen; and knowing by experience how unsatisfying in the enjoyment are the brightest prizes of political ambition, I gladly resign the pursuit of them to younger men.

Sir, the North and the South, including the Northwest and Southwest, have become fiercely, bitterly arrayed against each other. There is no place left in public life for those who love them both.—The war of words—of the Press, of the platform, of the State Legislatures, and, must I add, the pulpit!—has been pushed to a point of exasperation, which on the slightest untoward accident, may rush to the bloody arbitrament of the sword.—The great ancient master of political science (Aristotle) tells us, that though revolutions do not take place *for* small causes, they do *from* small causes. He means, sir, that, when the minds of the community have become hopelessly embittered and exasperated by long-continued irritation, the slightest occurrence will bring on the catastrophe.

In fact, it seems to me that we have reached a state of things which requires all good men and good patriots to forego for a time all mere party projects and calculations, and to abandon all ordinary political issues; which calls, in a word, upon all who love the country and cherish the Union, and desire the continuance of those blessings which we have till lately enjoyed under the Constitution transmitted to us by our Fathers, and which I regard as the noblest work of political wisdom ever achieved—to meet as one man and take counsel for its preservation. It is this feeling that has brought me here to-day.

It will probably be said, Sir, that those who entertain views like these exaggerate the gravity of the crisis. I wish I could think so. But I fear it is not we who exaggerate, but those who differ from us, that greatly—and soon, I fear it will be, fatally—underrate the ominous signs of the times. I fear, Sir, that they are greatly misled by the one-sided views exclusively presented by the party Press, and those who rely upon the party Press exclusively for their impressions, and that they are dangerously ignorant of the state of opinion and feeling in the other great section of the country. I greatly fear that the mass of the community, long accustomed to treat all alarm for the stability of the Union as groundless, all professed anxiety for its preservation as insincere, or, if sincere, the result of nervous timidity, have unfitted themselves to measure the extent and the urgency of the existing danger. It is my own deliberate conviction, formed from some opportunities of personal observation, and from friendly correspondence with other parts of the country (though I carry on none of a political nature) that we are on the very verge of a convulsion, which will shake the Union to its foundation; and that a few more steps forward, in the direction in which affairs have moved for a few years past, will bring us to the catastrophe.

I have heard it urged on former occasions of public alarm, that it must be groundless, because business goes on as usual,—and the theatres are open, and stocks keep up. Sir, these appearances may all be delusive. The great social machine moves with a *momentum* that cannot be suddenly stopped. The ordinary operations of business went on in France, in the revolution of 1789, till the annihilation of the circulating medium put a stop to everything that required its use. The theatres and all the other places of public amusement were crowded to madness in the reign of terror. The French stocks never stood better than they did in Paris on the 21 of Febuary, 1848. On the 24th of that month LOUIS PHILLIPE was flying in disguise from his capital; the Tuilleries were sacked, and the oldest monarchy in Europe had ceased to exist.

I hold it to be time then, Sir, as I have said, for good men and good patriots, casting aside all mere party considerations, and postponing at least all ordinary political issues, to pause; to look steadily in the face the condition of things to which we are approaching; and to ask their own

pier and better state of things. I do not ask them to search the past for topics of reproach or recrimination on men or parties. We have had enough of that, and it has contributed materially to bring about our present perilous condition. In all countries where speech and the Press are free, especially those countries which by controlling natural causes fall into two great sections, each possessing independent local legislature and centers of opinion and influence, there will in the lapse of time unavoidably be action and reaction of word and deed. Violence of speech or of act, on the one side, will unavoidably produce violence of speech and act on the other. Each new grievance is alternately cause and effect—and if, before resorting to healing counsels, we are determined to run over the dreary catalogue, to see who was earliest or who has been most to blame, we engage in a controversy in which there is no arbiter, and of which there can be no solution.

But without reviving the angry or sorrowful memories of the past, let me, in all friendliness, ask the question, what has either section to gain by a dissolution of the Union, with reference to that terrible question which threatens to destroy it. I ask patriotic men in both sections to run over in their minds the causes of complaint which they have, or think they have, in the existing state of things, and then ask themselves dispassionately, whether anything to be hoped, by pushing the present alienation to that fatal bourne from which, as from death, there is no return? Will the South gain any greater stability for her social system, any larger entrance into the vacant public Territories? Will the North have effected any one object, which by men of any shade of opinion, extreme or moderate, is deemed desirable; on the contrary, will not every evil she desires to remedy be confirmed and aggravated? If this view of the subject be correct, what can be more unwise—what more suicidal—than to allow these deplorable dissensions to result in a revolution, which will leave two great sections of the country in a worse condition than it finds them with reference to the very objects for which they allow themselves to be impelled to the dreadful consummation.

But I shall be told, perhaps, that all this is imaginary; that the alarm at the South is fictitious, or, rather, a groundless panic, for which there is no substantial cause—fit subject for ridicule rather than serious anxiety. But I see no signs of panic in Virginia, except for a few hours at Harper's Ferry, when, in the confusion of the first surprise, and in profound ignorance of the extent of the danger, the community was for a short time paralized. I am not sure that a town of four or five hundred families in this region, invaded at midnight by a resolute band of twenty men, entering the houses of influential citizens, and hurrying them from their beds to a stronghold previously occupied, and there holding them as hostages—I am not sure, Sir, that an equal panic would not be created till the extent of the danger was measured. Besides, Sir, if the panic had been much more extensive than it was, the panics of great and brave communities are no trifles. Burke said he could not frame an indictment against a whole people; it seems to me equally in bad taste at least to try to point a sneer at a State like Virginia. The French are reputed a gallant and warlike people; but the letters from the late war tell us that even after the great victory of Solferino, a handful of Austrians, straggling into a village, put a corps of the French army—thousands strong—to flight. A hundred and fifty men overturned the French monarchy, on the occasion to which I have alluded, in 1848. When the circumstances of the case are taken into consideration, I suspect it will be agreed that any other community in the country, similarly situated, would have been affected in the same way. A conflict of such an unprecedented character, in which twelve or fourteen persons on the two sides are shot down, in the course of a few hours, appears to me an event at which levity ought to stand rebuked, and a solemn chill to fall upon every right-thinking man.

I fear, Sir, from the tone of some of the public journals, that we have not made this case our own. Suppose a party of desperate, misguided men, under a resolved and fearless leader, had been organized in Virginia, to come and establish themselves by stealth in Springfield in this State, intending there, after possessing themselves at the unguarded hour of midnight, of the National Armory, to take advantage of some local cause of disaffection, (which led to a very deplorable occurrence in this vicinity a few years ago,) to stir up a social revolution, that pike[illegible] twenty-five hundred [illegible]ured by funds raised [illegible]scriptions throughout th[illegible]

man, who had refused to join the invading force; that citizens of the first standing were seized and imprisoned—three or four others killed; and when on the entire failure of the conspiracy, its leader had been tried—ably defended by counsel from his own part of the country, convicted and executed, that throughout Virginia which sent him forth on his fatal errand, and the South generally, funeral bells should be tolled, meetings of sympathy held, as at the death of some great benefactor, and the person who had plotted to put a pike or a rifle in the hands of twenty-five hundred men, to be used against their fellows, inhabitants of the same town, inmates of the same houses: with an ulterior intention and purpose of wrapping the whole community in a civil war of the deadliest and bloodiest type in which a man's foes should be those of his own household; suppose, I say, that the person who planned and plotted this, and with his own hand or that of his associates acting by his command, had taken the lives of several fellow-beings should be extolled, cannonized, placed on a level with the great heroes of humanity, nay, assimilated to the Saviour of mankind; and all this not the effect of a solitary individual impulse, but the ripe fruit of a systematic agitation pursued in the South, unrebuked for years? What, Sir, should we feel, think, say under such a state of things? Should we weigh every phrase of indignant remonstrance with critical accuracy, and divide our murmurs with nice discrimination among those whom we might believe, however unjustly, to be directly or indirectly concerned in the murderous agression.

Mr. Chairman, those who look upon the existing excitement at the South as factitious or extravagant have, I fear, formed a very inadequate idea of the nature of such an attempt as that which was made at Harper's Ferry was intended to be, and would have been, had it proved successful. It is to want of reflection on this point that we must ascribe the fact that any civilized man, in his right mind, and still more any man of intelligence and moral discernment in other respects, can be found to approve and sympathize with it. I am sure, if such persons will bring home to their minds, in any distinct conception, the real nature of the undertaking, they would be themselves amazed that they had ever given it their sympathy. It appears, from his own statements and those of his deluded associates, of his biographer, of his wretched wife, that the unhappy man who has just paid the forfeit of his life had for years meditated a general insurrection in the Southern State; that he thought the time had now come to effect it; that the slaves were ready to rise, and the non-slaveholding whites to join them; and both united were ready to form a new Commonwealth, of which the Constitution was organized, and the officers chosen.—With this wild, but thoroughly matured plan, he provides weapons for those on whose rising he calculated at Harper's Ferry; he seizes the national arsenal, where there was a supply of arms for a hundred thousand men, and he intended, if unable to maintain himself at once in the open country, to retreat to the mountains, and from their fastnesses, harrass, paralyze, and finally revolutionise the South. To talk of the pikes and the rifles not being intended for offensive purposes is simply absurd. The first act almost of the party was to shoot down a free colored man, whom they were attempting to impress, and who fled from them. One might as well say that the rifled ordnance of Louis Napoleon was intended only for self-defence, to be used in case the Austrians should undertake to arrest his march.

No, Sir, it was an attempt to do on a vast scale what was done in St. Domingo in 1791, where the colored population was about equal to that of Virginia; and if any one would form a distinct idea what such an operation is, let him see it—not as a matter of vague conception—a crude project—in the mind of a heated fanatic, but as it showed in the sober pages of history that record the revolt in that island; the midnight burnings, the wholesale massacres, the merciless torture, the abominations not to be named by Christian lips in the hearing of Christian ears,—some of which, too unutterably atrocious for the English language, are of necessity veiled in the obscurity of the Latin tongue. Allow me to read you a few sentences from the historian of these events.

"In the town itself, the general belief was, that the revolt was by no means an extensive one, but a sudden and partial insurrection only. The largest sugar plantation on the plain was that of Mons. Gallifet, situated about eight miles from the town, the negroes belonging to which had always been treated with such kindness and liberality, and possessed so many advantages, that it became a proverbial ex-

(he is as happy as one of M. Gallifet's negroes.) M. Odeluc, an attorney, or agent for this plantation, was a member of the General Assembly, and being fully persuaded that the negroes belonging to it would remain firm in their obedience, determined to repair thither to encourage them in opposing the insurgents; to which end he desired the assistance of a few soldiers from the town guard, which was granted him. He proceeded accordingly, but on approaching the estate, to his surprise, he found all the negroes in arms on the side of the rebels, and, horrid to tell, *their standard was the body of a white infant, which they had recently impaled on a stake!*—M. Odeluc had advanced too far to retreat undiscovered, and both he and a friend who had accompanied him, with most of the soldiers, were killed without mercy. Two or three only of the patrol escaped by flight, and conveyed the dreadful tidings to the inhabitants of the town.

By this time, all or most of the white persons who had been found on the several plantations, being massacred or forced to seek their safety in flight, the ruffians exchanged the sword for the torch. The buildings and cane-fields were everywhere set on fire; and the conflagrations, were visible from the town, in a thousand different quarters, furnished a prospect more shocking, and reflections more dismal, than fancy can paint, or the powers of man describe."

Such, Sir, as a matter of history, is a servile insurrection. Now let us take a glance at the state of things in the Southern States, co-members as they are with us in the great Republican Confederacy.—Let us consider over what sort of a population it is, that some persons among us think it only right and commendable, but in the highest degree heroic, saint like, godlike, to extend the awful calamity, which turned St. Domingo into a heap of bloody ashes in 1791. There are between three and four millions of the colored race scattered through the Southern and Southwestern States, in small groups, in cities, towns and villages, and in larger bodies on isolated plantations; in the house, the factory, and the field; mingled together with the dominant race in the various pursuits of life; the latter amounting in the aggregate to eight or nine millions, if I rightly recollect the numbers. Upon this community, thus composed, it was the design of Brown to let loose the hell-hounds of a servile insurrection, and to bring on a struggle which for magnitude, atrocity and horror would have stood alone in the history of the world. And these eight or nine millions, against whom this frightful war was levied, are our fellow-citizens, entitled with us to the protection of that compact of Government, which recognizes their relation to the colored race—a compact which every sworn officer of the Union or of the States is bound by his oath to support! Among them, Sir, is a fair proportion of men and women of education and culture—of moral and religious lives and characters—virtuous fathers, mothers' sons and daughters, persons who would adorn any station of society in any country—men who read the same Bible that we do, and in the name of the same master kneel at the throne of the same God—forming a class of men from which have gone forth some of the greatest and purest characters which adorn our history. Washington, Jefferson, Madison, Monroe, Marshall. These are the men, the women, for whose bosoms pikes and rifles are manufactured in New-England, to be placed in the hands of an ignorant subject race, supposed, most wrongfully, as recent events have shown, to be waiting only for an opportunity to use them!

Sir, I have on three or four different occasions in early life and more recently, visited all the Southern and Southwestern States, with the exception of Arkansas and Alabama. I have enjoyed the hospitality of the city and country; I have had the privilege before crowded and favoring audiences, to hold up the character of the father of his country, and to inculcate the blessings of the Union, in the same precise terms in which I have done it here at home, and in the other portions of the land. I have been admitted to the confidence of the domestic circle, and I have seen there touching manifestations of the kindest feelings by which that circle, in all its members, high and low, master and servant, can be bound together; and when I contemplate the horrors that would have ensued had the tragedy on which the curtain rose at Harper's Ferry, been acted out, through all its scenes of fire and sword, of lust and murder, of rapine and desolation, to the final catastophe, I am filled with emotions to which no words can do justice. There could of course be but one result, and that well deserving the thoughtful meditation of those, if any such there be [illegible] that result by so costly a sacrifice. The colored population of St. Domingo amounted to but little short of a half a million, while the whites amounted to only 30,000. The white population of the Southern States alone, in the aggregate, outnumbers the colored race in the ratio of two to one; in the Union at large in the ratio of seven to one, and *if* (which Heaven avert) they should be brought into conflict, it could end only in the extermination of the latter after scenes of woe for which language is too faint; and for which the liveliest fancy has no adequate images of horror.

Such being the case, some one may ask why does not the South fortify herself against the possible occurrence of such a catastrophe, by doing away with the one great source from which alone it can spring? This is a question easily asked, and I am not aware that it is our duty at the North to answer it; but it may be observed that great and radical changes in the framework of society, involving the relations of twelve millions of men, will not wait on the bidding of an impatient philanthropy. They can only be brought about in the lapse of time, by the steady operation of physical, economical, and moral causes. Have those, who rebuke the South for the continuance of Slavery, considered that neither the present generation nor the preceding one is responsible for its existence? The African Slave trade was prohibited by Act of Congress fifty-one years ago, and many years earlier by the separate Southern States. The entire colored population, with the exception, perhaps, of a few hundreds surreptitiously introduced, is native to the soil.—Their ancestors were conveyed from Africa in the ships of Old-England and New-England. They now number between three and four millions. Has any person, of any party or opinion, proposed, in sober earnest, a practical method of wholesale emancipation? I believe most persons, in all parts of the country, are of opinion, that free labor is steadily gaining ground. It would in my judgment, have already prevailed in the two northern tiers of the slaveholding States, had its advances not been unhappily retarded by the irritating agitations of the day. But has any person, whose opinion is entitled to the slightest respect, ever undertaken to sketch out the details of a plan for effecting the change at once, by any legislative measure that could be adopted? Consider only, I pray you, that it would be to ask the South to give up one thousand millions of property, which she holds by a title satisfactory to herself, as the first step. Then estimate the cost of an adequate outfit for the self-support of the emancipated millions; then reflect on the derangement of the entire industrial system of the South, and all the branches of commerce and manufactures that depend on its great staples; then the necessity of conferring equal political privileges on the emancipated race, who being free would be content with nothing less, if anything less were consistent with our political system; then the consequent organization of two great political parties on the basis of color, and the eternal feud which would rage between them; and finally the overflow into the free States of a vast multitude of needy and helpless emigrants who, being excluded from many of them (and among others from Kansas) would prove doubly burdensome, where they are admitted. Should *we* Sir, with all our sympathy for the colored race, give a very cordial reception to two or three hundred thousand destitute emancipated slaves? Does not every candid man see, that every one of these steps presents difficulties of the most formidable character—difficulties for which, as far as I know, no man and no party has proposed a solution.

And it is, Sir, for the attainment of objects so manifestly impracticable, pursued, too, by the bloody pathways of treason and murder, that we will allow the stupendous evil which now threatens us, to come upon the country? Shall we permit this curiously compacted body politic, the nicest adjustment of human wisdom, to go to pieces? Will we blast this beautiful symmetric form; paralyze this powerful arm of public strength; smite with imbecility this great National Intellect? Where, Sir, O where, O where will be the flag of the United States? Where our rapidly increasing influence in the family of nations? Already they are rejoicing in our divisions. The last foreign journal which I have read, in commenting up the event at Harper's Ferry, dwells upon it as something that "will compel us to keep the peace with the powers of Europe," and that means to take the law from them in our own international relations.

I meant to have spoken of the wreck of that magnificent and mutually beneficial commercial intercourse which now exists between the producing and manufacturing States,—on the hostile tariffs in time of peace and the habitually recurring border wars by which it will be annihilated. I meant to have said a word of the Navy of the United States, and the rich inheritance of its common glories. Shall we give up this? The *memory of our Fathers*—of those happy days when the men of the North and South stood together for the country, on hard-fought fields; when the South sent her WASHINGTON to Massachusetts, and New-England sent her GREENE to Carolina—is all this forgotten? "Is all the counsel that we two have shared;" all the joint labors to found this great Republic;—is this "all forgot?" and will we permit this last great experiment of Confederate Republicanism to become a proverb and a byword to the nations? No, fellow-citizens, no. This glorious Union shall not perish. Precious legacy of our Fathers, it shall go down, honored and cherished, to our children. Generations unborn shall enjoy its privileges as we have done, and if we leave them poor in all besides we will transmit to them the boundless wealth of this blessing.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

We are obliged to omit our usual variety of reading matter and Congressional news to-day in order to give room for the Speech of Hon. EDWARD EVERETT.

Mr. Everett's Speech will appear in the Weekly Herald.

When you advertise your business, suggests PRENTICE, make no half-way work of it. Business is like architecture—its best support is a column.

On asking a bride, a few days since, in a jocose manner, what we should give her for a bridal gift, she unhesitatingly replied, "Give me some flowers; they will fade, but the remembrance of their exquisite loveliness will ever be a smile of joy, even in the darkest hour of adversity." They are indeed smiles—God's smiles; there is nothing on earth half so beautiful or so suggestive of purity.

Somebody says that physicians are the nut-crackers used by angles to get our souls out of the shell that surrounds them.

DR. HOLLAND IN BUFFALO.—The Republic gives a fair criticism on the lecture of Dr. Holland, "Work and Play;" the same that he delivered here. The new Editor of the local department has an eye out for everything of interest, and "serves up" stirring events well spiced and admirably adapted to popular *taste*. BRISTOL who presides over the political columns goes in for the Little Giant the full length of his enormous beard which as in the case of Samson is indicative of strength.

Another Banker's Swindle.

For some time past there has resided at Corunna, Michigan, a man named Wallace, who has always, until within a few days, been considered highly respectable. He has been engaged in the banking business in that place, and has done considerable business with Detroit bankers, who always found him prompt in his dealings. The Detroit Advertiser states that on Wednesday last he visited that city and called at the banking offices of D. Preston & Co., C. & A. Ives, A. H. Dey and C. Thompson, and to the State Bank of Michigan and the Farmers & Mechanics' Bank, to transact business. He had with him a number of sight drafts on the People's Bank, of New York, and purporting to have been drawn by a banking firm in the State of Illinois. These he disposed of to the parties above named, receiving in exchange therefor several thousand dollars in currency and western bills. He finished his transactions on Thursday, since which time he has not been seen. "Mysterious disappearances!" are all the rage just now at Detroit. It seems that some days before this, he had left one of the drafts with C. & A. Ives, which was passed to his credit, and sent to New York for collection. After he was last seen on Thursday, a dispatch was received from the People's Bank, stating that the firm who purported to have drawn the drafts had no account at the Bank, and that the officers of the Bank knew nothing of them. This, of course, led to an examination into matters, and a gentleman was dispatched to Corunna, who returned on Saturday evening, and reported that Wallace's office at that place was closed; that he was expected home on Thursday; that he had not been there; and a number of residents of Corunna and vicinity had deposits in his hands to a considerable amount.

Southern Ideas.

Gov. Maggoffin of Kentucky in his recent message speaks thus of northern Abolitionists:—

"Wiser and better than the patriots of the Revolution, of purer piety than Dr. Clark, than Moses, the Apostles, than even Christ himself, they must have an Anti-Slavery Constitution, an Anti-Slavery Bible, and an Anti-Slavery God. The old ones will not do for Politicians, the venerated old books and doctrines as promulgated by Christ, the law-givers and the Apostles, don't suit their purposes, and they must inaugurate new systems of government, new tenets of religion, and have an improvement upon its author. The old ones are not good enough for us. This new party with its monstrous doctrines the fruits of which have been recently developed in the Kansas troubles in resistance to the laws, and in the Harper's Ferry affair, widely extended over the Free States, and through a portion of its venal presses, its fanatical lecturers, its licentious preachers, reckless Senators and Governors of States, attempting openly to justify this last conspiracy, known as it was to some of the most distinguished and wealthy men there, warns us of the danger we are constantly exposed to."

Quoting Scripture.

A correspondent of the N. Y. Evening Post relates the following amusing incident.—

"Mr. Lamar, of Miss. got off a pretty good joke yesterday, when he paid his compliments to Mr. Horace F. Clark, of your city. Said the member, in allusion to Mr. Clark's remark that he had never seen an abolitionist: "I would commend to my friend from New York that passage *from the Bible*, 'Know Thyself.'"—This brought the House down, but whether it was laughing at the retort on Mr. Clark or at Lamar's ignorance of the Bible I cannot tell. Mr. Lamar has a reputation for scholarship on the pro-slavery side of the House, and it was very amusing to witness his egregious blunder.

THE OIL FEVER.—The "ile" fever has extended to Western Crawford and Erie counties, and we have been shown a sample taken from a hole bored a number of years ago, near Wellsburg, Erie Co., for salt, and which had been abandoned, after coming upon the oil. Our townsmen, Messrs. Col. Frank Mantor and Dr. Jas. L. Dunn, are now engaged in investigating the matter, and are greatly encouraged in the samples procured, and the quantity that seems to abound. Indeed from the accounts given we may readily conclude they have struck a vein second only, to the famous "hole," near Titusville. The geological formations are similar to those that exist elsewhere where this oil has been found.

Since writing the above we are informed by the above named gentlemen, they have secured another oil spring in the vicinity, which appears superior in quality to the first. As these parties are giving the subject a thorough investigation, we shall probably know soon, whether the article abounds in this region to any extent. —*Conneautville paper.*

WONDERFUL RELICS.—Workmen engaged in excavating a cistern in Marrietta, Ohio, after passing down through six feet of sandy loam and through three feet of conglomerate rock, so hard as to require blasting, found that under the rock a cavity about a foot in depth, and in the earth below this cavity a human skeleton and the bones of animals. The bones were very old and crumbling. A part of the upper jaw of the skeleton contained the teeth, which were very much worn, belonging evidently to a person well advanced in years. The bones had probably been conveyed there by water, which at some time may have flowed through the cavity beneath the rock. The opening is about 600 feet from the present bank of the Muskingum River, and about fifteen or twenty feet below the level of the plain.

Almost every malady of the human frame is connected with the stomach. The woes of every other members are founded on the belly-timber. We never see a fashionable physician mysteriously consulting the pulse of his patient but we feel a desire to exclaim—"Why not tell the poor gentleman at once; Sir, you have eaten to much; you've drunk too much; and you have not taken exercise enough!" The human frame was not created imperfect. It is we ourselves who have made it so. There exists no donkey in creation so overloaded as our stomachs.

THE WAY POINTED OUT.—At one of our Railroad stations is a very polite attendant, who has very little supposed sympathy with Republicans and sinners. As passengers come up, he directs them to the appropriate cars. The other day, as he was saying to this one—"First car to New York,"—"Westboro'—yes, ma'am, third car," &c., a rather seedy-looking individual staggered up. "Where do you want to go?" said our friend. "Want to go to hell" was the drunken reply. "Last car, sir, a[illegible]ick." was the official [illegible] Courier.

ADVICE—GOOD FOR EVERYBODY.—Mind your own business!—If you meddle with other people's be sure you know what you are talking about. When your friend comes to you and abuses another friend, be sure your character is not safe in his hands, when your back is turned. If you can say no good of others, preserve silence. Be assured that it is no part of your duty as Christian or man to elect yourself a perpetual Vigilance Committee over your neighbors. Old women of course we can't reform—we are talking to men.

meets all such emergencies, and no household can afford to be without it. It is always ready and up to the sticking point. There is no longer a necessity for limping chairs splintered veneers, headless dolls and broken cradles. It is just the article for cone, shell and other ornamental work, so popular with ladies of refinement and taste.

This admirable preparation is used cold, being chemically prepared in solution, and possessing all the valuable qualities of the best cabinet-maker's Glue. It may be used in the place of ordinary mucilage, being vastly more adhesive.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,

PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflammatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGGSWELL'S NEW MEDICAL SALT, instead of its being a remedy for all ills, has control over but one ill, has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases, (no other,) by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflammation!

NOTICE TO INVALIDS!! The following forms which the unbalanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to-wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver, Neuralgia, spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

DR. COGGSWELL'S NEW MEDICAL SALT does just what it claims to do—no more, no less—equalizes the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

DR. COGGSWELL'S NEW MEDICAL SALT. Get a Circular. Ask any Druggist about the *New Medical Salt*.

Ask your neighbors about the *New Medical Salt*. If sick, try; if not sick, remember the *New Medical Salt*.

DR. COGGSWELL'S New Medical Salt is for sale in Batavia by B. W. Fellows and by all enterprising druggists wherever the Herald is

As it is not a Patent Medicine, but the prescription of an eminent Physician, no one should fail to try the New Medical Salt.

Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE,
PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also HEM, FELL, GATHER, AND STITCH

in the most superior manner, and are the only machines in the market that are so well and simply made, that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

ONE CENT AN HOUR.

Is there a husband, father or brother in the United States who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

You who have drank "Bill's" Lager Beer
And felt its warmth arise,
Know well it drives out ev'ry fear,
And wakes up *just* surprise!

It fills the nerves with Native life
And warms the stomach so,
Digestion moves with greater style
And sets the soul in glow!

"Bill's" Lager is the best of drink,
It makes a man sing, all he'd think;
It warms him through and through, you know
And puts his senses in a glow,

It never makes a man quite drunk
Nor acts as a common skunk!
But always makes the senses rise
To truthful triumph if he *buys*!

Bill's glasses, too, are just the thing
They hold as much as Nature'll swing,
And keep the mind in equal poise,
And conscience from a drunken noise.

So you who want your senses whet
You drink Bill's Lager, and you'll get
The thrippence worth in sparkling foam,
At Bender's shop and happy home!

So you that want a bev'rage clear
And one that sparkles fine,
Come buy at Bill his Lager Beer,
'Twill make you *feel* sublime!
And with digestion much improve,
And make your business upward move!

HOSTETTER'S
STOMACH BITTERS.

IT is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. CHURCHILL'S REMEDY

FOR

CONSUMPTION.

WINCHESTER'S

GENUINE PREPARATION OF THE

HYPOPHOSPHITES

OF LIME AND OF SODA,

The Specific Remedy for Consumption, Chronic Bronchitis, Asthma, Scrofula, Dyspepsia, General Debility, and all Nervous Diseases.

The success of this NEW REMEDY discovered by Dr. Churchill of Paris, is securing for it the same UNBOUNDED POPULARITY throughout Europe and the United States. It is a MOST SCIENTIFIC PREPARATION, and acts with UNVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases. The *Hypophosphites* increase the *Principle* which constitutes *nervous force*, and are the *most powerful blood generating agents known.*

The Cure of Consumption,

In the second and third stages of the disease, consumption while there can be no certainty as to the nature of the disease, can be obtained IN ALL CASES by this treatment, except when the existing lesion of the lungs is of itself sufficient to produce death.

This Remedy has not only a curative effect, but will, if used whenever there exists a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act as a PREVENTIVE WITH REGARD TO CONSUMPTION, JUST AS VACCINATION DOES WITH REGARD TO SMALL-POX.

Professional Correspondence.

"[illegible], Ohio, Aug. 8, 1859.—I have been treating this disease for twenty-five years and have derived more satisfaction from the use of the HYPOPHOSPHITES *than from all other forms of medication combined.*"

"MANCHESTER, Mass., Aug. 3, 1859.—I have used the HYPOPHOSPHITES in my practice *with very happy effects*—so much so that I WOULD NOT BE SATISFIED TO REMAIN WITHOUT THEM."

"MIDDLEBURY, Vt., Aug. 9, 1859.—I believe the HYPOPHOSPHITES, administered in the manner and way Dr. Churchill used them, WILL CURE CONSUMPTION."

"CHARLESTOWN, Va., Aug. 10, 1859.—I have prescribed the Hypophosphites in several cases and *am delighted with the effects.* IT IS ASTONISHING WONDERS."

"[illegible], O., July 6, 1859.—I have used in all about forty bottles, and in but one instance have they failed to benefit the patient, and that was a hopeless one before I was called. I have had several cases given up by attending physicians, who are now enjoying comparatively good health, and exhibit none of the symptoms of pulmonary disease. I have seen the Remedy in my own case, with *decided* success. It was regarded as incurable by physicians and friends, and was given up under the 'old treatment.' I am now able to attend to my practice in the saddle, as many miles, perhaps, as any other physician in the vicinity."

"CHATHAM, Pa., July 28, 1859.—I received the twelve bottles of Churchill's Remedy for Consumption. * * * It HAS WORKED WONDERS IN EVERY CASE."

Consumptives, in any stage of the Disease, should resort immediately to the use of the HYPOPHOSPHITES OF LIME AND SODA. "WINCHESTER'S GENUINE PREPARATION" (in simple syrup), in extra large bottles, is "chemically pure," is the same as that prepared by Dr. Churchill "for general use," and is prepared according to his *original Formula.*

Dr. Churchill's Work on Consumption,

containing his Report made to the Imperial Academy of Medicine of Paris, Tables of Cases; and Letters, Documents, Testimonials, &c., together with a Circular, will be sent on receipt of TWENTY CENTS in stamps.

CAUTION.—Interested Druggists will try to sell you other preparations than mine. Do not buy them! My "Genuine Preparation" bears my fac simile signature.

Beware of all Preparations claiming to be the Hypophosphites, which contain IRON, or any DRUG. The country is likely to be flooded with spurious preparations. By writing to me, you obtain information that will prevent any deception being practised upon you.

Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhœa, or Flour Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of old school Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without exposure, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for 25 a series of Health Rules, and perfect charts of cure, which will be to them a true polar star through life.

READ AND REFLECT!

JUST PUBLISHED

A NEW WORK SPLENDIDLY ILLUSTRATED (with elaborate engravings,) of nearly 500 pages, the best work on diseases of the genital organs ever introduced to the public, is Dr. Reynolds' Medical Guide: Embracing every subject known in the catalogue of human ills, as venereal, or other diseases of the genital organs, and how all persons can avoid them, and if they are so unfortunate as to have contracted such diseases, how to effect a speedy and permanent cure—it being in fact, a complete and practical work on the Physiological Mysteries of the Male and Female system, and will be mailed in sealed wrappers to any part of the world. Price, TWENTY-FIVE CENTS, or 5 copies for $1.

N. B.—The author has devoted nearly twenty years to the treatment of diseases of a private Nature, (both male and female) and can be consulted on all and every variety thereof, at his old established Hospital, Rochester, N. Y.

Secret habits in young men effectually cured, although abandoned by the entire faculty, and given up by all making pretensions to the healing art. All cases warranted. No Mercury used.

Patients treated at home by letter and packages forwarded to all parts of the world.

Females afflicted with irregularities, obstructions, &c., can obtain Dr. Nichols' Female Monthly Pills at the above office. Ladies in a certain situation should not use them, the particulars of which will be found on the directions accompanying each box. Price, One Dollar.—Sent by mail free of charge.

DR. REYNOLD'S PATENT FRENCH SAFE. This enables those whose health or circumstances do not permit an increase of family, to regulate or limit the number of their offspring without injuring the constitution. It is the only safe and sure preventive against Pregnancy and disease. The above article is specially intended to fulfil this desideratum; it is perfectly safe; no metallic substance enters into its composition. The price of this article is one dollar and it can be sent by mail to any part of the United States or Canadas free of charge.

THE

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION BEAUTIFULLY ILLUSTRATED,

IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER IN THE WORLD!

Among its Regular Contributors will be found the authors of some of the best male and female writers in the United States! Such writers as Justin Jones, Harry Hazel, Augustine J. H. Duganne, William Earle Binder, Harry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Eda Mayville. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now secured a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notices of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c. &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, the Hero of Italy! Harry Hazel's exciting Indian Romance, The [illegible]; Francis S. Smith's Intensely Interesting Domestic Story, Maggie the Child of Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting *melange,* ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of Interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taken tens, they are now taking hundreds of copies. This is the general effect among the five thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $12. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to pre-pay the American postage.

All letters and communications, in relation to the Editorial or Business Department of the NEW WEEKLY, must be addressed Editors.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

A Day in Congress.

On Wednesday the 14th, the Senate devoted the earlier portion of the day to a continuation of the Slavery debate, Mr. Wade, of Ohio, defending the Republican Party, and paying a warm tribute to John Brown for his heroic resistance to the Border Ruffians in the Kansas war. At the same time he denounced the attempt at Harper's Ferry as utterly reprehensible, the work of a madman, and as too reckless to suggest apprehensions of a repetion there or elsewhere. Mr. Wade exalted the Union, and ridiculed the threats of those who proposed in a day to dissolve the well-cemented result of seventy years' building. In the course of his remarks, Mr. Clay, of Alabama, took occasion to interrogate him sharply in reference to less guarded speeches of his uttered in the last Presidential campaign. Mr. Wade was not successful in relieving himself from the charge of violent and objectionable language employed in the ardor of that canvass. After a few remarks from Mr. Bigler, of Pennsylvania, a vote was taken upon Mr. Trumbull's amendment to the Harper's Ferry resolution of inquiry, extending the investigation to the case of the Liberty Arsenal. It was rejected by a vote of 33 to 22, the latter figure representing the Republican side of the Senate. The original resolution was then adopted unanimously. Mr. Crittenden, after the vote was taken, stated that he had intended to speak on the resoluton, but would now omit to do so. The Senate passing into Executive Session, confirmed the nomination of Hon. Amasa J. Parker as United States Attorney for the Southern District of New-York, and of Mr. John Hart as Public Printer. In the House, a larger part of the session was engrossed by a speech of Gen. McRae, of Mississippi, denouncing the Union-saving meeting at Boston, and threatening early disunion. Mr. Carter, of New-York, objected to the license assumed by the debate, and begged for a ballot. Mr. Cochrane invited the Republicans to come over to the support of Mr. Bocock, and so end the present suspense. Another vote upon the Speakership was then obtained with following result; Sherman, 108; Bocock, 86; Gilmer 22; scattering, 11—necessary to a choice, 114. The remainder of the day was occupied by Mr. Vallandingham of Ohio, in reading choice extracts from Helper's book, with appropriate annotations of his own.

Mr. Sickles and his Colleagues.—Maj. Geo. B. Hall of New York, has received a letter from Hon Daniel E. Sickles in which he says that his reception by his colleagues in Congress, at the present session, has been, if possible, more cordial that ever, with one or two insignificant exceptions. A paragraph in a Baltimore paper, extensively copied, intimated that it was otherwise.

Balloting for Speaker.

On Thursday the House balloted for Speaker, with the following result:

Sherman, 110; Bocock, 85; Gilmer, 22; Scattering, 6.

Mr. Bonham had the floor. He gave way to Mr. Winslow, who proposed another vote, and that the House then adjourn, saying that Mr. Bonham would have the floor to-morrow, which was agreed to.

The House proceded to vote with the following result:

Sherman, 110; Bocock 85; Gilmer, 18; Scattering, 13. Necessary to a choice, 114. Adjourned.

The Paterson Guardian rather irreverently remarks that if the judgment day were to come off, the N. Y. Herald would be out the next morning with all the particulars. We don't doubt it; but on studying the tenor of its information, it would soon be seen that it had some axe to grind with the devil.

The New-York Central Railroad Co.—At the annual election held at Albany, Wednesday the 14th, the following persons were unanimously elected:

Directors—Erastus Corning, Albany; Dean Richmond, Buffalo; John H. Chedell, Auburn; Horace White, Syracuse; Livingston Spraker, Palatine; Alonzo C. Paige, Schenectady; Cornelius L. Tracy, Troy; Jacob Gould, Rochester; Isaac Townsend, New-York; Nathaniel Thayer, Boston; John V. L. Pruyn Albany; John L. Schoolcraft, Albany; Charles H. Russell, N. Y.

Inspectors of the next Election. Henry H. Martin, Albany; George Dexter, Albany; Rufus G. Beardslee, New-York.

No changes were made in the direction of the last year.

At a meeting of the Directors, held in the afternoon, Erastus Corning was unanimously re-elected President, and Dean Richmond Vice President of the Company.

The following standing committees were appointed:

Executive Committee—Messrs. Corning, Richmond, Schoolcraft, Paige and Chedell.

Committee on Accounts—Messrs. Townsend, Spraker and Tracy.

The Board declared a dividend of three per cent for the six months which will expire on the 31st of January next.

From Charlestown.

CHARLESTOWN, Dec. 14.

The town is filling up with strangers to witness the executions which are to take place on Friday. The system of excluding citizens, adopted at John Brown's execution, is not to be repeated. Gov. Willard, of Ind., accompanied by Mrs. Crowley, of N. Y., sister of Cook, and Hon. D. H. Voorhis, Att'y. General of Ind., arrived yesterday, and visited Cook. The interview with his sister was most affecting. Later in the day, Dr. Stanton and wife, of In., and Miss Hughes, arrived Mrs. Stanton is a sister of Cook, and Miss Hughes a cousin. They also visited the prisoner, presenting a scene of grief and anguish scarcely to be described. They promised to see him again, but through the advice of Gov. Willard each wrote him a few favorable lines, and all the ladies then left for home, the male relatives desiring to remain with him to the last.

Arrangements have been made to take the body of Cook home for interment.

Some of the relatives of Coppic are expected to arrive. His body will be taken to his mother, at Springdale, Iowa.

The bodies of Green and Copeland, it is thought, will not be claimed. If not they will be decently interred near the gallows.

The prisoners were quite cheerful this morning, and are now making religious preparations for death. Cook was much cast down after parting with his sister, but is now perfectly calm and collected, awaiting his doom.

From the Orleans American.

Suffering Extraordinary.—Job II.

Messrs. Editors:—Being in the town of Shelby on the 7th inst., I called to see and speak with Henry Passen, who is and has been afflicted with rheumatism as probably no other person has been since the world began. He has been confined to his bed since the sping of 1834, and has not helped himself from it since the fall of the same year, now more than a quarter of a century. Most of this time he has been as helpless as an infant, not being able to turn himself in bed, or help himself to a morsel of food. His knees have been out of joint for many years, the chords and muscles having contracted so as to draw the lower bones of the leg back under the femur or upper bone, from one to three inches. His feet have been drawn so as to bring his toes against the shin bone or tibia, with such force as to cause painful and offensive sores. His hands are drawn out of their natural shape, and rendered, with the entire arm, useless and almost motionless. The nerves of his eyes have been so affected as to destroy his sight. He has been totally blind for nearly ten years.

His hearing and speech are yet preserved; and his appetite has been quite good most of the time. His memory is surprisingly good, and his power to recognize those whose voice he has heard is wonderful. His left leg was amputated about a year and a half ago since which time I have not seen him until the 7th inst., yet he recognized me at once upon hearing me speak. His sufferings are intense, especially when he is moved. At the present time his remaining foot is much swollen and mortification has already commenced, and amputation is contemplated.

Though he is blind, yet by an eye of faith he looks to that state where no one shall say I am sick. Though he has no power of locomotion, he expects to "walk with the Savior in white," being made worthy of His merits. Any person may profit by visiting Mr. Passen, and especially those who think their lot is hard, and that "no man's sorrow is like their sorrow," learn to moderate their repinings, cease their complainings, and no more fret against Him who "doeth all things well."

Significant.—A little tan-colored memorandum book, says the N. Y. Tribune, was picked up in the banking office of a certain individual banker and shaver in Buffalo. It was found to belong to one following the profession of manufacturer of slings, cobblers, cocktails and punches, and to contain the "little accounts" of sundry of his customers, some of which are of very long standing. The next day, a large number of city officers several lawyers, numerous generals and colonels, and one editor, were surprised to find their paper "thrown out" by the discount clerk at the bank aforesaid. Their names had been discovered among the "defaulters" in the little tan-colored memorandum book.

NEW YORK, Dec. 15

Goldsmith's percussion cap factory, in South Brooklyn, was blown up this morning by a tremendous explosion of fulminating powder. One man was killed.

The jewelry store of Dempsey & Fargo was robbed of nearly all its contents last night. $10,000 worth of the goods were subsequently recovered at a receiver's store and four lads, including the Clerk of Dempsey & Fargo, were arrested for the crime.

It is rumored that the extensive provision House of Van Brunt & Watson have failed to meet their engagements. They are largely engaged in pork packing.

The rumor consequently had a depressing effect on the pork market. Their liabilities are upward of $25,000.

MONTREAL, Dec. 15.

The owners here of the Canadian line of steamers, state that the report which appeared in a New York paper, from its correspondent in Canada, relating to the discontinuance of the line is entirely destitute of truth.

On the contrary, a new steamship of increased power and speed, has just been launched in the Clyde, for the line, which will henceforth be more efficient than ever. The Indian was insured for £35,000.

BOSTON, Dec. 15.

The steamer Europa, which left here at noon yesterday, anchored below during the snow storm and sailed for Halifax and Liverpool at 9 o'clock this morning.

CHARLESTOWN, Va. Dec. 15.

The Hotels and private houses are all crowded.

Strict survailance is kept on all strangers, though those who come from curiosity who are well vouched for on the question of our peculiar institutions are allowed to remain.

Three Quaker friends of Coppic, with whom he lived in Ohio, during his boyhood, visited him yesterday. They speak of him as having been a quiet and inoffensive youth. They will remain and take his body to his mother.

Gov. Willards interview with Cook last evening, when delivering a message to the prisoner from his sister, Mrs. Willard, was very affecting. The Governor is strongly attached to the prisoner, and wept over him as if he were his own son. His lamentations could be heard throughout the building.

The prisoners are all calm and engaged with seeming devotion in spiritual exercises, under the direction of the Rev. N. G. North, a Presbyterian clergyman.

The gallows was re-erected this evening. The negroes will be hung between 11 and 12 o'clock, and the whites between 12 and 1.

Agricultural Convention and Lectures at Yale College.

It is proposed to have what may be termed a great agricultural "protracted meeting" at Yale College during the present Winter, to last throughout the whole month of February. The exercises are to consist of lectures by leading reliable men, eminent in the different departments of agriculture, horticulture, stock raising, etc. About eighty lectures are provided for,—two to four each day,—each lecture to be followed by conversational exercises, questions to the lecturers, and discussions.—Twenty or thirty gentlemen, well known in Agriculture, besides the Professors in Yale College, are engaged to take part in the exercises as lecturers and teachers, while numerous eminent agriculturists and horticulturists have expressed their intention to be present and participate in the discussions.

Among the lecturers are Lewis F. Allen, Cassius M. Clay and Francis Rotch, on Cattle; Sanford Howard and Dr. Gulliver, on Horses; C. L. Flint and others, on the Dairy; the Hon. Marshall P. Wilder, Dr. C. W. Grant, Messrs. P. Barry and R. G. Pardee, on Fruits; Professor Porter on Organic Chemistry; Prof. S. W. Johnson on Agricultural Chemistry; Prof. B. Silliman, Jr., on Meteorology; J. Stanton Gould on Grasses and Irrigation; Judge French on Drainage; Joseph Harris on Cereals; Prof. Brewer on Commercial Plants, (flax, hemp, tobacco, etc.;) Geo. B. Emerson on Forest Trees; Dr. Comstock on Fish Culture; Donald G. Mitchel (Ik Marvel,) on Rural Economy.

The whole is to be free, except the nominal charge of say ten dollars or less to meet the necessary expenses of lectures and other incidentals. The occasions will doubtless be one of great interest to cultivators generally, and call together a large attendance from all parts of the country.— [illegible] ference to this project [illegible] d to Prof. John A. Por- [illegible], Conn.—*Agriculturist*

Money Found.—The Rochester American of this Friday morning says Conductor Newton, of the Central Railroad, called upon us yesterday with a purse containing a considerable sum of money which he desired to advertise, but we observe that we are forestalled by an advertisement on the other side. Mrs F. F. Backs calls in the Union of last evening for a restitution of the missing article and its contents.—Unless she has received it ere this, she will find it in possession of Mr. Pellet, Receiver at the depot, in whose care it was placed by Mr. Newton, subjects the owners demand. Lost purses don't always fall into such good hands.

Ladies' Fair.

The next Annual Fair of the Ladies of the Presbyterian Society of this village, will be held at

Concert Hall, Thursday Eve, Dec. 22.

The avails of the enterprise are to be devoted to the obtaining of a Parsonage for such Society.

A cordial invitation is extended to all to participate in this FAIR, and their contributions respectfully solicited.

SPALDING'S

PREPARED GLUE.

SAVE THE PIECES.

☞ "A STITCH IN TIME SAVES NINE." ☜

As accidents will happen, even in well regulated families, it is very desirable to have some cheap and convenient way for repairing Furniture, Toys, Crockery, &c.

SPALDING'S PREPARED GLUE

meets all such emergencies, and no household can afford to be without it. It is always ready and up to the sticking point. There is no longer a necessity for limping chairs splintered veneers, headless dolls and broken cradles. It is just the article for cone, shell and other ornamental work, so popular with ladies of refinement and taste.

This admirable preparation is used cold, being chemically prepared in solution, and possessing all the valuable qualities of the best cabinet-maker's Glue. It may be used in the place of ordinary mucilage, being vastly more adhesive.

"USEFUL IN EVERY HOUSE."

N. B.—A Brush accompanies each bottle.—Price, 25 cents.

Address, HENRY C. SPALDING & CO.,
Box No. 3,600, New York.

Put up for Dealers in Cases containing four, eight and twelve dozen—a beautiful Lithograph Show-Card accompanying each package.

☞ A single bottle of Spalding's Prepared Glue will save ten times its cost annually to every household.

Country Merchants should make a note of Spalding's Prepared Glue, when making up their list. It will stand any climate.

LEAVENWORTH, K. T., Dec. 15.

The overland express, seven days from the Pike's Peak mines, arrived this evening bringing the Utah and Jefferson mails and $15,000 in gold dust.

The weather had been intensely cold, causing a cessation of mining operations.

Lead mines had been discovered in the mountain region, the mineral being nearly pure.

Business was active.

TORONTO, C. W., Dec. 15.

Hon. I. T. Hatch, the Commissioner appointed by the President of the United States to enquire into the working of the Reciprocity Treaty between the U. States and the British American Colonies, met yesterday by appointment at the Royal Hotel, Hamilton, the Hon. George Brown, M. P., Hon. James Morris, M. L. C., Hon. David Christie, M. L. C., W. P. Howland, M. P., Isaac Buchanan, M. P., Wm. McDougall, M. P., and Michael Harcourt, M. P.

Mr. Hatch stated that there were objections urged by various interests to the working of the treaty.

The Canadian gentlemen endeavored to show by statistical returns that the treaty has more than realized the benefits anticipated from it, and that it has been especially advantageous to the United States.

The conference lasted throughout the day.

Mr. Hatch leaves for Buffalo on the night Express.

DR. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated
Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P. S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGGSWELL'S NEW MEDICAL SALT, instead of its being a remedy for all ills, has control over but one ill, has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or acuity, whether in the head, throat, abdomen, extremities or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases, (no other,) by producing an equilibrium, of the fluids in the body, the want of which is the sole cause of inflamation!

NOTICE TO INVALIDS!! The following forms which the unbalanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver, Neuralgia Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruption.

DR. COGGSWELL'S NEW MEDICAL SALT does just what it claims to do—no more, no less—equalizes the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

DR. COGGSWELL'S NEW MEDICAL SALT. Get a Circular. Ask any Druggist about the *New Medical Salt*

Ask your neighbors about the *New Medical Salt*. If sick, try; If not sick, remember the *New Medical Salt*.

DR. COGGSWELL'S NEW MEDICAL Salt is for sale in Batavia by H. W. Fellows and by all enterprising druggists wherever the Herald is

As it is not a Patent Medicine, but the prescription of an eminent Physician, no one should fail to try the New Medical Salt.

Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE, PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also HEM, FELL, GATHER, AND STITCH in the most superior manner, and are the only machines in the market that are so well and simply made, that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

HOSTETTER'S

STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ **Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.**

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. [illegible], by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. HOOFLAND'S

GERMAN BITTERS,

AND

DR. HOOFLAND'S BALSAMIC CORDIAL,

The great standard medicines of the present age, have acquired their great popularity only through years of trial. Unbounded satisfaction is rendered by them in all cases; and the people have pronounced them worthy.

Liver Complaint, Dyspepsia, Jaundice, Debility of the Nervous System, Diseases of the Kidneys,

and all diseases arising from a disordered liver or weakness of the stomach and digestive organs, are speedily and permanently cured by the GERMAN BITTERS.

The **Balsamic Cordial** *has acquired a reputation surpassing that of any similar preparation extant. It will cure,* WITHOUT FAIL, *the most severe and long-standing*

Cough, Cold, or Hoarseness, Bronchitis, Influenza, Croup, Pneumonia, Incipient Consumption,

and has performed the most astonishing cures ever known of

Confirmed Consumption.

A few doses will also at once check and cure the most severe **Diarrhœa** *proceeding from* COLD IN THE BOWELS.

These medicines are prepared by Dr. C. M. JACKSON & Co., *No. 418 Arch Street, Philadelphia, Pa., and are sold by druggists and dealers in medicines everywhere, at 75 cents per bottle. The signature of* C. M. JACKSON *will be on the outside wrapper of each bottle.*

In the Almanac published annually by the proprietors, called EVERYBODY'S ALMANAC, *you will find testimony and commendatory notices from all parts of the country. These Almanacs are given away by all our agents.*

Clark & Tryon, Wm. Seaver and H. Fellows Batavia; Porter & Co., Corfu; G. W. Wright East Pembroke; J. & S. R. Nutting, Richville—and dealers generally through the country.

HERB DISPENSARY

OFFICE 95 MAIN STREET,

(Chamber Up Stairs, Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL

MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflamation—a state of morbid irritability, hence the want of success on the part of old School Doctors.

DR. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own homes without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $5 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

READ AND REFLECT!

JUST PUBLISHED

A NEW WORK SPLENDIDLY ILLUSTRATED (with elaborate engravings,) of nearly 200 pages, the best work on diseases of the genital organs ever introduced to the public, is DR. REYNOLD'S MEDICAL GUIDE: Embracing every subject known in the catalogue of human ills, as venereal, or other diseases of the genital organs, and how all persons can avoid them, and if they are so unfortunate as to have contracted such diseases, how to effect a speedy and permanent cure—it being in fact a complete and practical work on the Physiological Mysteries of the Male and Female system, and will be mailed in sealed wrappers to any part of the world. Price, TWENTY-FIVE CENTS, or 5 copies for $1.

N. B.—The author has devoted nearly twenty years to the treatment of diseases of a private Nature, (both male and female) and can be consulted on all and every variety thereof, at his old established Hospital, Rochester, N. Y.

Secret habits in young men effectually cured, although abandoned by the entire faculty, and given up by all making pretensions to the healing art. All cases warranted. No Mercury used.

Patients treated at home by letter, and packages forwarded to all parts of the world.

Females afflicted with irregularities, obstructions, &c., can obtain Dr. Vichols' Female Monthly Pills at the above office. Ladies in a certain situation should not use them, the particulars of which will be found on the directions accompanying each box. Price, One Dollar,—Sent by mail free of charge.

DR. REYNOLD'S PATENT FRENCH SAFE. This enables those whose health or circumstances do not permit an increase of family, to regulate or limit the number of their offspring without injuring the constitution. It is the only safe and sure preventive against Pregnancy and disease. The above article is special intended to fulfill this desideratum; it is perfectly safe; no metallic substance enters into its composition.

The price of this article is one dollar and it can be sent by mail to any part of the United States or Canadas free of charge.

THE

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION BEAUTIFULLY ILLUSTRATED,

IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States! Such writers as Justin Jones, (Harry Hazel) Augustine J. H. Duganne, William Earle Binder, Harry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Ida Sayville. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, The Mute Spy! Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child of Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting *melange*, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taken tens, they are now taking hundreds of copies. This is the general effect among the *five* thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly"

Wherever there is a News Agent, get the paper from him. By so doing you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, *in advance*. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $12. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty five cents extra with every subscription, to pre-pay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW WEEKLY, must be addressed Editors.

The Latest News

An assemblage of over 2,000 persons met Thursday evening in the Cooper Institute, to tender their sympathy to the family of John Brown and his associates. Speeches were made by Rev. Dr. Cheever Wendell Phillips, Rev. Hiram Matteson, and Rev. Isaac Sloan, all of which were highly eulogistic of John Brown and his unsuccessful insurrection. The proceedings were very stormy at one time a riot seemed inevitable. Such was the confusion that Dr. Cheever was obliged to cease speaking before he had half finished his address. Eventually, however a force of 75 policemen under Capt. Pillsbury and Dep. Supt. Carpenter, and the eloquence of Mr. Phillips, succeeded in restoring a tolerable degree of order.—The proceedings then went on quietly, and soon after 10 o'clock the meeting adjourned.

Mr. Sherman's vote on the first trial on Thursday was reduced by some of those who have heretofore voted for him, going over to Mr. Gilmer, who was supported by Messrs. Adams, of Ky., Anderson, of Ky., Boteler, Bouligny, Brabson, Briggs, Bristoe, Campbell, Davis, of Ind., Ethridge, Hale, Harris, of Ind., Haskin, Hatton, Hill, Junkin, Leech, of N. C., Mallory, Maynard, Milward, Moore, of Ky., Moorehead, Morris, of Penn., Nelson, Nixon, Pennington, Quarles, Schwartz, Scranton, Smith, of N. C., Stevens, Stokes, Vance, Verre, Webster, and Wood. Those who voted for Mr. Boteler, after Mr. Gilmer withdrew from the canvass, are Messrs. Adams, of Ky., Anderson, of Ky., Anderson of Mo., Bouligny, Brabson, Briggs, Bristoe, Dejarnette, Ethridge, Gilmer, Hardeman, Harris, of Ind., Harton, Hill, Leech, of N. C., Mallory, Maynard, Moore of Ky., Nelson, Quarles, Smith, of N. C., Stokes, Vance, Webster, and Woodson.

The above votes explain the cause of the difference in the results of the two votes taken to-day for Sherman and Bocock respectively. Such of the above named as had before voted for Sherman, returned to his support after Gilmer withdrew.

The Supreme Court have denied a new trial in the case of Mrs. Hartung, convicted of murder. She will be re-sentenced in January.

In the case of John Wilson, convicted of murder, a new trial was granted.

WHAT AN OPPOSITION WRITER SAYS OF SICKLES.—The correspondent of the *Courier & Enquirer*, who is anything but friendly to Mr. Sickles, writes:

Mr. Sickles made a speech of two hours, to-day, in defence of the South and the Administration, *from* Mr. Hickman's charges. It was an able effort and was listened to throughout by the House and the galleries in respectful silence. Mr. Sickles was greeted with applause from the Southern side of the House, at the close, and the absence of hisses from the other side and from the galleries, evinced the delicacy and discrimination of the listeners. They evidently felt that signs of disapprobation of his remarks, under the circumstances, might be misconstrued. In the course of his speech he took occasion to correct an assertion made by one of his Southern friends, who had charged Mr. Henry Ward Beecher with preaching a sermon, in which he approved of the expedition of John Brown. He did not think his friend could have read the sermon. He had read it, and it gave him pleasure to state that Mr. Beecher had condemned that foray as irreligious and unchristian. He admitted the personal bravery and heroism of the man, and his devotedness to the cause in which he engaged, believing it was right; but his judgment, reason and practice were at fault. Mr. Sickles said this in justice to Mr. Beecher, as he did not wish in his remarks to do injustice to any man or any party. He claimed to speak in behalf of his constituents and spoke as an Administration Democrat.

The Mysterious Disappearances at Detroit.

It now appears from facts which have come to light that most if not all, of the mysterious disappearance cases which have agitated Detroit for some time, are not quite so mysterious after all. The Tribune of last evening asserts that "drunkenness and debauchery are at the bottom of all." The only case which it deemed a genuine one has turned out like all the rest—bogus. It was that of the man Smith, from Disco, Macomb Co. He arrived in town the day before Thanksgiving, with a load of produce belonging to a neighbor, which he disposed of, receiving the money therefor. Then he visited a house of ill fame, got himself gloriously drunk and thoroughly cleaned out of everything valuable, and then ashamed to show himself at home, he sneaked off to New-Jersey, where he turned up, as his wife has just been informed by letter.

The man Staylor, from St. Clair, has eloped. That is the mystery of his disappearance. So it is said.

Mr. Cole of Pontiac went to Milwaukee on business. His son addresses a letter to the Free Press, saying:

"I take the liberty of informing you that his disappearance was not altogether a mistery to his family, as he is a man who is not in the habit of making any one acquainted with his business. He went to Detroit on Monday, two weeks ago to-day, on business, and while there, took it into his head to visit his brother at Milwaukee, Wisconsin, where he is now. I received a letter from him last week telling me he was well.

The missing man Abbott, of Maidstone Cross, Canada, is at Newport engaged in business matters. The last missing man is Campau, and of him the Tribune says:

"As regards Mr. Campau's disappearance, there are no new facts relating to it, and speculation is idle and useless. The search in the river continues, but without results. It will undoubtedly all be explained in due time, and for that we must wait.

FEEDING THE GULLS.—Some facetious chaps at the South are amusing themselves by publishing in their local papers ridiculous advertisements which they send to Republican newspapers at the North, knowing that their effusions will be paraded in all seriousness as bona fide productions. The last specimen appears in the N. Y. Evening Post credited to "the Richmond (Va.) papers." It commences:

$100,000 REWARD—Messrs. Editors: I will be one of one hundred gentlemen who will give twenty-five dollars each *for the heads of the following Traitors.*

Here follow about all the names of the present Republican Senators and Congressmen and many Ex-Members and prominent Abolitionists. Among them are Samuel G. Andrews, S. M. Burroughs and O. B. Matteson. The advertisement concludes:

And I will also be one of one hundred to pay five hundred dollars each ($50,000) *for the head of William H. Seward*, and would add a similar reward for Fred Douglas, but regarding him head and shoulders above these Traitors, will permit him to remain where he now is.

RICHMOND.

CHARLESTOWN, Va., Dec. 16.

A DECIDED SCARE.—Througout yesterday and to-day there was a great influx of strangers and citizens of the County to witness the *last* of the Harper's Ferry tragedy.

There was very little difficulty in getting into town, the vigilance not being so great as on the occasion of Brown's execution.

Dr. Parker a Quaker from Ohio, and also an uncle of Coppie's from Ohio, visited him yesterday. The interview lasted over an hour. All was quiet till 8 o'clock last evening, when the town was thrown into commotion by the report of a rifle under the guard wall, followed by several other shots from the vicinity of the guardhouse, in close proximity to the jail. The military was call to arms, and the excitement was intense beyond anything that has yet occurred.

In a few minutes the streets were in possession of *armed men*. Rumors of every description were afloat, and it was dangerous for a citizen to go out to ascertain the cause of the excitement.

Dr Brownlow, in the last issue of The Knoxville Whig, thus explains his flight through the Federal metropolis:

"Since our return home from the North, we have been frequently inquired of as to why we did not call at Washington and witness the organization of the house? We have given the same answer in every instance. We had in our pocket $20 in money, a through ticket to Lynchburg, six good shirts in a small carpet sack, and a new overcoat worth at least $20, and this was more than we were willing to risk in that den of thieves. Stealing has become an epidemic in Washington, and no man would be safe there with this much in his possession!"

Arrival of the Steamship America.

HALIFAX, Dec. 16.

The Royal Mail steamship America, from Liverpool on Saturday, the 3d inst., via Queenstown on the 4th, arrived at this port at noon to-day, and sailed at 3 p. m. for Boston, where she will be due on Saturday night.

The news by the America is quite unimportant.

The approaching European Congress and the probable representations of the various powers therein, attracts public attention almost exclusively.

The London Times strongly urges Lord Palmerston to take part in the Congress as the English plenipotentiary.

It was rumored that the first sitting was appointed for the 5th of January.

The French fleet had destroyed two forts at the mouth of the river Tetuan for firing at a French vessel, and had subsequently resumed a position of neutrality.

LATEST.—LIVERPOOL, Dec. 3.—Sales of cotton to-day amount to 5,000 bales, and the maket closed quietly.

The Breadstuffs market is quiet. Nothing done to-day. The provision market is quiet.

HALIFAX, Dec. 16.

The Royal Mail steamship Europa, from Boston arrived at noon, and sailed at 3 p. m., for Liverpool.

MR. SICKLE'S SPEECH.—The Washington correspondent of the N. Y. Express writes:

Mr. Sickles took the floor this morning, immediately upon the meeting of the House, and replied to Mr. Hickman, of Penn. It becoming known that Mr. Sickles would speak, there was a grand rush to the galleries, curiosity to see him being the chief motive. When he first commenced speaking, but little attention on the floor of the House was given him, probably the effect of recent prejudices.—But the well known ability of the man soon drew to him the attention of nearly every man in the House.

The Skaneateles Democrat gives the first chapter in "a story of real life," by saying that Miss Harriet E. Smith, daughter of Horace Smith of Spafford Onondaga county, will start soon for Washington Territory, away in the north-west, beyond the Rocky Mountains, to marry a man she has never seen—Mr. David Spalding, Jr., son of David Spalding, of Spafford. The friends of the parties are intimate, and a correspondence between them has continued for two years, and has resulted in a marriage contract—and the young gentleman being engaged in a profitable business which he cannot conveniently leave, has remitted funds to the lady, with a request for her to join him there.

The mysterous regions of Central America, which Stephens was unable to penetrate, have yielded up their streets to the enterprise of a French savant, M. Mirelet, who has lately completed a scientific exploration of the country around Lake Peten, and the neighboring regions of Yucatan, Vera Paz, &c., not before visited or described by white men since the time of Cortez. His work, entitled "Itza, or Travels in the Un-explored Regions of Central America" is in preparation, and will shortly be issued. It is translated by Mrs. E. G. Squier, and will be accompanied by a map and illustrations from the original, which has never been published, but was printed in Paris as a scientific report to the Society from which the expedition emanated.

PREPARED GLUE.
SAVE THE PIECES.

☞ "A STITCH IN TIME SAVES NINE." ☜

As accidents will happen, even in well regulated families, it is very desirable to have some cheap and convenient way for repairing Furniture, Toys, Crockery, &c.

SPALDING'S PREPARED GLUE

meets all such emergencies, and no household can afford to be without it. It is always ready and up to the sticking point. There is no longer a necessity for limping chairs splintered veneers, headless dolls and broken cradles. It is just the article for cone, shell and other ornamental work, so popular with ladies of refinement and taste.

This admirable preparation is used cold, being chemically prepared in solution, and possessing all the valuable qualities of the best cabinet-maker's Glue. It may be used in the place of ordinary mucilage, being vastly more adhesive.

"USEFUL IN EVERY HOUSE."

Excitement at Charlestown—Attempt to Escape—The Executions.

BALTIMORE, Dec. 16.

A special dispatch from Charlestown to the American says that Cook and Coppie attempted to escape last evening.—They had cut through the wall of the jail and partially succeeded, when they were fired on by the sentinels. They were afterwards heavily ironed.

On receipt of the news of Cook and Coppie's attempt to escape, Gov. Wise telegraphed to Gen. Taliafero to take possession of the jail, which was accordingly done.

This morning the community was early astir. The anxiety to obtain a true version of the event of last night caused the streets to be thronged at an early hour.

At nine o'clock the entire military force in attendance were formed on Main street. The companies detailed for duty around the scaffold took up their line of march, and at half-past nine were in the positions assigned them.

The companies detailed for escort duty took up their position in front of the jail awaiting their orders.

At half-past ten Green and Copeland were prepared to go to the place of execution.

The crowd was very great—at least five times as numerous as on the occasion of Brown's execution.

At a quarter before eleven the prisoners appeared at the jail door, accompanied by Rev. Mr. North, and with their arms pinioned, moved slowly forward towards the vehicle in waiting. They seemed downcast and were some of that calm and collected spirit evinced by Brown. They were helped into the wagon and took their seats on the coffin without scarcely looking to the right or left.

The escort moved on, and the wagon was closely followed on either side, by a Company of riflemen, marching in double file. At seven minutes before 11, the procession entered the field, and the prisoners cast a shuddering glance towards the gallows. In two minutes more the wagon stopped at the gallows, and whilst the prisoners were alighting, the escort moved off to the positions assigned it.—The prisoners mounted the gallows with a firm step, and were immediately joined by Sheriff Campbell. After a brief prayer by the Clergyman, the caps were drawn over their heads, and the ropes were fixed around their necks. During the few minutes, they thus stood, Copeland remained quiet, but Green was engaged in earnest prayer, up to the moment the trap was drawn away, and they were launched into eternity. Green died very easily, his neck being broken by the fall, and the motion of his body was very slight. Copeland seemed to suffer very much, and his body writhed in violent contortions for several minutes.

They were accompanied on the gallows by Rev. Messrs. Waugh, North, and Leak to whom they bid an affectionate farewell and expressed the hope of meeting them in Heaven. The bodies were placed in poplar coffins, and carried back to jail.—They will be interred to-morrow, on the spot where the gallows stands, though there is a party of medical students here from Virginia, who will doubtless not allow them to remain there long.

At a quarter to twelve, notice was given to Cook and Coppie that one hour more was allowed them.

Religious ceremonies were held in the cell. Since the failure of their attempt to escape last night, their assumed composure and apparent resignation had given away. They were reserved and rather quiet, and joined with fervor in the religious ceremonies, conducted by Messrs. Waugh, North and Lehr.

When called upon by the Sheriff, they stood quietly whilst their arms were being pinioned, and after bidding farewell to the guards of the jail, were helped into the wagon and took seats on their coffins.

Their appearance was rather of hopeless despair rather than resignation, and they seemed to take but little notice of anything as the procession moved slowly to the field of death. They ascended the scaffold with a determined firmness, that was scarcely surpassed by Capt. Brown.

A brief prayer was offered—the rope adjusted—the cap drawn and both launched into eternity in seven minutes after they ascended the gallows. All that was said after the rope was adjusted, was, that Cook exclaimed "Be quick—quick as possible," which was repeated by Coppie.

After hanging thirty minutes both bodies were taken down and placed in black walnut coffins. That of Cook was put in a poplar box and directed to Ashbel P. Willard and Robert Crowley, 104 William street, New-York, care of Adam's Express.

Coppie's body was placed in a similar box, to be forwarded to his mother, in Iowa.

DR. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated
Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

HOSTETTER'S
STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

DR. CHURCHILL'S REMEDY

[illegible]

CONSUMPTION.

WINCHESTER'S

GENUINE PREPARATION OF THE

HYPOPHOSPHITES
OF LIME AND OF SODA,

The Specific Remedy for Consumption, Chronic Bronchitis, Asthma, Scrofula, [illegible] Dyspepsia, General Debility, and all Nervous Diseases.

The success of this NEW REMEDY discovered by Dr. Churchill, of Paris, is unexampled in the most UNBOUNDED POPULARITY throughout Europe and the United States. It is a purely SCIENTIFIC PREPARATION, and acts with INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases. The *Hypophosphites* increase the *Principle which constitutes nervous force*, and are the *most powerful blood generating agents known.*

The Cure of Consumption,

In the second and third stages [illegible] a period, [illegible] when there can be no uncertainty as to the nature of the disease, [illegible] be obtained. IN ALL CASES by this treatment, except when the existing lesion of the lungs is of itself sufficient to produce death.

The REMEDY has not only a curative effect, but will, if used whenever there exists a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act as a PRESERVATIVE [illegible] CONSUMPTION, JUST AS VACCINATION DOES WITH REGARD TO SMALL-POX.

Professional Correspondence.

"[illegible], Ohio, Aug. 8, 1859.—I have been treating the disease for twenty-five years, and have derived more satisfaction from the use of the HYPOPHOSPHITES *than from all other forms of medication combined.*"

"MARSHALL, Mich., Aug. 5, 1859.—I have used the HYPOPHOSPHITES in my practice *with very happy effects*—so much so that I WOULD NOT BE SATISFIED TO REMAIN WITHOUT THEM."

"MIDDLEBURY, Vt., Aug. 9, 1859.—I believe the HYPOPHOSPHITES used in the manner and way Dr. Churchill used them, WILL CURE CONSUMPTION."

"[illegible], Va., Aug. 15, 1859.—I have prescribed the Hypophosphites in several cases, and am *delighted with its effects.* It is an unmistakable success."

"LOWELL, O., July 5, 1859.—I have used in all about forty bottles, and in but one instance have they failed to benefit the patient, and that was a hopeless case before I was called. I have had several cases given up by attending physicians, who ARE NOW ENJOYING COMPARATIVELY GOOD HEALTH, and EXEMPT FROM ALL THE SYMPTOMS of pulmonary disease. I have used the REMEDY in my own case *with decided success*. It was regarded as HOPELESS by physicians and friends, and even by myself, under the old treatment. I am now able to ride, in attending on the sick, as many miles, perhaps, in a day as any other physician in the county."

"[illegible], Pa., July 26, 1859.—I received the twelve bottles of Churchill's Remedy for Consumption. * * * It HAS WORKED WONDERS IN EVERY CASE."

CONSUMPTIVES, in any stage of the Disease, should resort *immediately* to the use of the HYPOPHOSPHITES OF LIME and SODA. "WINCHESTER'S GENUINE PREPARATION" (in simple syrup), in extra large bottles, is "chemically pure," is the combination proposed by Dr. Churchill "for general use," and is prepared according to his *original Formula*.

Dr. Churchill's Work on Consumption,

Containing his Report, made to the Imperial Academy of Medicine, [illegible] Notes of Cases; and Letters, Documents, Testimonials, &c., together with a Circular, will be sent on receipt of TWELVE CENTS in stamps.

CAUTION.—Interested Druggists will try to sell you other preparations than mine. Do not buy them! My "Genuine Preparation" bears my *fac simile* signature.

Beware of all Preparations claiming to be the Hypophosphites, which contain IRON, or any BARK. The country is likely to be flooded with spurious preparations. By writing to me, you obtain information that will prevent any deception being practised upon you.

PRICES.—One Bottle, $1; three Bottles, $2; Concentrated Solution, by mail, pre-paid, $2. Sold Wholesale and Retail at the Sole General Depot in the United States, (where all orders should be addressed) by

DR. HOOFLAND'S
GERMAN BITTERS,
AND
DR. HOOFLAND'S BALSAMIC CORDIAL,

The great standard medicines of the present age, have acquired their great popularity only through years of trial. Unbounded satisfaction is rendered by them in all cases; and the people have pronounced them worthy.

Liver Complaint, Dyspepsia, Jaundice, Debility of the Nervous System, Diseases of the Kidneys,

and all diseases arising from a disordered liver or weakness of the stomach and digestive organs, are speedily and permanently cured by the GERMAN BITTERS.

The **Balsamic Cordial** *has acquired a reputation surpassing that of any similar preparation extant. It will cure,* WITHOUT FAIL, *the most severe and long-standing*

Cough, Cold, or Hoarseness, Bronchitis, Influenza, Croup, Pneumonia, Incipient Consumption,

and has performed the most astonishing cures ever known of

Confirmed Consumption.

A few doses will also at once check and cure the most severe **Diarrhœa** *proceeding from* COLD IN THE BOWELS.

These medicines are prepared by Dr. C. M. JACKSON *& Co., No. 418 Arch Street, Philadelphia, Pa., and are sold by druggists and dealers in medicines everywhere, at 75 cents per bottle. The signature of* C. M. JACKSON *will be on the outside wrapper of each bottle.*

In the Almanac published annually by the proprietors, called EVERYBODY'S ALMANAC, *you will find testimony and commendatory notices from all parts of the country. These Almanacs are given away by all our agents.*

A NEW, SPEEDY, AND MOST SUCCESSFUL

MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Varasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $5 a series of Health Rules and perfect chart of cure, which will be to them a true polar star through life.

THE

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION,

BEAUTIFULLY ILLUSTRATED,

IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States! Such writers as Justin Jones, (Harry Hazel,) Augustine J. H. Duganne, William Earle Binder, Harry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Eda Mayville. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, The Mole Spy! Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child of Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting *melange*, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS.

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taken tens, they are now taking hundreds of copies. This is the general effect among the *five* thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $12. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to pre-pay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW WEEKLY, must be addressed Editors.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

The Latest News.

The Steamer "Edinburgh" sailed from N. Y. on Saturday for Liverpool. She took out 200 passengers and $240,000 specie.

The "Fulton" for Southampton and Havre, sailed at the same time. She took out 60 passengers and $381,584 in specie.

A special train, comprising three locomotives and ten cars, containing about 600 invited passengers passed over the Victoria Bridge Montreal, at 1 o'clock on Saturday.

On its return a cold collation was served up on the northern abutment of the Bridge, which was covered for the occasion.

Speeches were made by Mr. Ross, the Engineer of the Bridge, and others. The Bridge is now fairly open for traffic, and regular passenger trains commenced running over it this morning.

It is said that negotiations are now in progress which will probably result in the New York and Erie Railroad making Buffalo its main western terminus for its rail and water business, retaining Dunkirk for its terminus for its fall rail business

It is now stated as a curious fact connected with the Shepard defalcation in Boston, that the Trustees of the Bank were about to present him, just before the affair came to light, with a service of plate worth several hundred dollars, in consideration of his valuable and faithful services.

The price of gas in Syracuse was $3,50 per 1,000 feet. The question was agitated in that city of starting a new Gas Co., when the Directors of the old Company met and reduced the gas to $3 per 1,000 feet.

A pious young man visiting a prison, in Maine, inquired of some of the prisoners the cause of their being in such a place. A small girl's answer was, "that she stole a saw-mill, and went back after the pond and was arrested."

The Bridgeport (Ct.) Farmer is informed that a large manufactory in that city has been obliged to cut down the working time of their hands within the past few days, simply because they have failed to receive Southern orders since the Harper's Ferry insurrection.

SKATING POND IN ROCHESTER.—The Rochesterians will soon have a skating pond, upon which to cut new figures.—The Democrat says "it is partly fenced in, and the other arrangements are in an advanced state of forwardness, so that everything is expected to be in readiness by Monday next; and if a thaw does not intervene we may look for an inauguration of sport early in the week"

We have a natural skating pond here that is capable of furnishing a vast amount of health and amusement to the young people, if they would avail themselves of the opportunity. As the fashionable ladies of Boston New York, Rochester and Buffalo have ventured to put on skates, we see no good reason why the young people of Batavia may not safely venture. With a little management the creek could be kept in good skating condition nearly all the time. Will not the young people come out, or have we no young people?

SINGULAR PHENOMENON.—"We hear," says the Rochester Union, "from the towns of Victo, Bloomfield and Mendon that on Monday morning the fields were scattered over with snow balls of a peculiar appearance, which attracted general attention.—These balls varied in size from six to eight inches in diameter, and though spherical, were elongated or lemon-shaped. Every one of these balls were perforated longitudinally—the largest having holes sufficiently large to enable a man to insert his arm. Wherever one of these balls was lying could be seen the prints of its rolling in the snow. It is presumed, of course, that this rolling process was performed by the wind—the snow being moist on Sunday evening, and growing hard toward the following morning. We do not recollect noticing anything like this phenomenon before, but it may be no uncommon occurrence."

DESTRUCTIVE FIRE AT MEDINA!

The Orleans Mills in Ruins---Loss, $60,000!

A correspondent of the Rochester American under date of Sunday says:—

I write in haste to inform you that the "Orleans Mills," situate in this village, and owned by Messrs. Hill, Whalen & Co., were destroyed by fire this morning, between 1 and 4 o'clock.

The loss is estimated at about $55,000 to $60,000. Of this sum $35,000 is covered by insurance—$20,000 on the mills and warehouses, and $15,000 on the stock on hand.

As to the origin of the fire there is no certain information. The most probable conjecture is that the fire was accidental.

By great exertions the fire was arrested at a building near the mill premises and its further spread prevented.

These mills were among the oldest and largest in Western New York. They were built in 1827, by Messrs. Evans & Ellicott, and were furnished with 8 run of stone with very extensive warehouses, and an elevator by which grain was taken from the canal into the mill.

The enterprising proprietors had but become well established in business, and will, it is hoped, be able to re-build and continue their business when the season shall favor building operations.

The Fire Department acquitted themselves with diligence and efficiency.

Yours, &c., A. S.

"Wrong End Up."

DEAR AUNT SUE: I often read your friendly *information* for young folks in our *Agriculturist*, and am encouraged to write to you, and beg you to help me out of a quandary. When I trvel with my Pa, in what he calls *'Down East,'* I find on the tables, everywhere, in big hotels and in litte cottages, the teaspoons put into a glass tumbler in such a way that I cannot take one out without touching the *mouth-part* of the spoon with my fingers. The handle is down at the bottom, and the mouth-piece up! Is'nt this wrong?—When I say to Pa: *topsy-turvey again!*" he only says: "*Hush boy!*" (yet I heard him say to Ma, once, that he would head a subscription for a monument to the inventor of that fashion, if he could find out his name.) Now, my Ma taught me never to touch a spoon, or fork, or knife, but on the handle's *end*; pray tell me, dear Aunt, how do you get out such a spoon in a proper way? or, if you—as I suppose—cannot do this, please tell the people *down there*, to put their spoons into the glass in such a manner that well-bred little gentlemen can take one out, without blushing or sacrificing their feeling of delicacy. *You* can tell them, Aunt Sue, you are a lady; but *I* can't, you know, and if I could, Pa wouldn't let me. Your affectionate

MIMOSUS, JR.

TO WHICH AUNT SUE REPLIES.

Fain would I help you out of your quandary, friend Mimosus, jr., but I can only sympathize with you. Let us at least propose to those of our "Down East friends" who presist in inverting their spoons, that they shall either provide us each with tongs wherewith to fish up our particular spoons, or suffer us to eat with the handles, or have a little trap-door made in the lower part of the tumbler, through which we may handle them legitimately. These remarks may appear rather spooney, but for my part I desire not any "*flavor of thumb*" in the spoons I use. Yet would I not forego the "apple sass and fixings;" therefore, dear friends and cousins, when you invite me, as of course you will, to some of those nice little tea parties, be kind enough to place the spoons in the tumbler, *bowls down*, and oblige

Yours truly,

AUNT SUE.

IMPORTANT FREIGHT ARRANGEMENTS ON THE CENTRAL ROAD.—The N. Y. Central Road in order to keep up with the competition of the Grand Trunk route, have recently perfected *arrangements* in New-York with the principal lines of European vessels, by which goods can be sent directly to any point in the West or South without the delay and vexatious *charges* that goods have been heretofore *subjected* to in New-York. The Cincinnati Enquirer says: Heretofore brokerage, cartage, &c. swelled the expenses enormously. The new arrangement to which we refer provides for the delivery of goods from Europe to any desired point, free of all charges for commissions, brokerage or disbursements, except the expense of conveying them from the ocean vessel to the Hudson River, which, in no case, is to exceed two cents per hundred. Goods for Cincinnati, for instance, which arrive in New-York in the morning, may be moving westward the same evening, instead of being subject to going into bond there, and when they arrive here the duties can be paid at our own Custom House, thus saving the exchange on New-York.

XXXVIth Congress—First Session.

WASHINGTON, Dec. 17.

HOUSE—Mr. Larabee sent to the clerk's table a copy of the Milwaukee Free Democrat, from which the latter read the proceedings of a meeting, purporting to be held by German adopted citizens, in which sympathy is expressed for John Brown, holding him as noble hearted and resolute, and fit to be held up by the friends and champions of freedom, for the imitation of mankind; also, saying that adopted citizens are hostile to tyranny of every kind.

Mr. Larabee remarked that if any of his colleagues did not recognize that paper as Republican let them say so. At his request an editorial was read in the same paper, *in spirit* with the proceedings of the meeting. He was satisfied that an honorable Senator from Wisconsin, Mr. Doolittle, was mistaken when he said there was no newspaper in that State which supported and sustained John Brown's invasion of Virginia.

He thought however that at that time the fact to which he had just refered had not been brought to Mr. Doolittle's attention. Mr. Larabee needed not to be informed, as he had been by the leading German citizens of Wisconsin, that such were not their opinions. He had been in the midst of them for fourteen years, and could say that a more intelligent, loyal, and patriotic men were not living on the soil of the United States. They were hostile to fanaticism and to sentiments of disunion, and war on the South. He felt it to be his duty to hurl back the accusations against the part of Wisconsin he had the honor to represent.

He was surprised to hear gentlemen charge the present administration with corruption and extravagance. He thought the President was entitled to all praise.—No man should visit his mere personal slights on his party because he might have been omited in the paltry distribution of federal office. We all agree that the Republican party organization at the North, is a purely sectional party, and that the inevitable result of the success of any sectional party, and that the inevitable result of the success of any sectional party in the country must be a *rupture* of the Union. This is the very state of things which Washington warned us against in his farewell address—a great party built on a geographical line. He thought Mr. Seward's remarks, respecting irrepressible conflict originated in his ambition to reach the Presidential chair, thinking an appeal to sectional passions and prejudices, the best way to reach it. He never had any doubt but that the raid of John Brown was the legitimate effect of the teaching of the extreme section of the Republican party in the North—the teachings of the Tribune, Wendell, Philips and others.—He had heretofore thought a dissolution of the Union impossible, but now ventured to say that if Northern men persist in their course, and the South reach against the North, the dissolution of the Union may not be a question of time, but may be here now, and the first overt act may produce the calamity.

Mr. Larabee then reviewd Mr. Seward's irrepressible conflict doctrine. He never heard on this floor or on the stump, Republicans denouncing abolition sentiments. It appeared to him that the conflict was not between different kinds of labor, but between different races of men. He did not believe in the unity of the human race.

If the slaves were free what could be done with them? The North dont want them.

As Mr. Larabee ceased speaking, there was a general cry of "Mr. Clerk."

Mr. Grow moved that a vote be taken for Speaker.

Mr. Singleton claimed the floor, which he yielded to allow a vote to be taken.

The roll was then called, and the House preceeded to the 9th ballot for Speaker, with the following result:

Sherman, 111; Bocock, 86; Boteler, 23; Scattering, 9. Total vote, 229.

Mr. Bouligny, of New Orleans, nominated Mr. Briggs, of New York, as a candidate for Speaker.

Mr. John Cochrane, of New York, moved for the 10th ballot for Speaker with the following result:

Sherman, 111; Bocock, 83; Boteler, 15; Briggs, 9; Scattering, 9.

The House, on the result being declared, immediately adjourned, it being ten minutes to 3 o'clock.

Marriage Extraordinary and Extraordinary Marriage

A Triple Marriage.—On the 21st inst., Dr. W. H. Hopson married three sisters, Misses Zerilda, Margaret, and Damaris Breshears, daughters of Mr. Thomas Breshears, of Palmyra, to Messrs. G. L. Dixon, of Palmyra, T. B. Kemper, of Shelbina, and E. Mansor, of Chillicothe, under one ceremony. This is what might be called a wholesale marriage in one family.—[Missouri paper.

If you call that marrying by wholesale what would you call this?

We saw, a week or two ago, walking down Main St., from the direction of the "President's office," a man accompanied by four ladies. An air of perturbation in the party, mingled with evident expressions of satisfaction and happiness, led us to enquire who they were? Some one present informed us that they were a party who had been up to President Young's office to be married, and that the four ladies had just been united in indissoluble bonds to the man accompanying them. That, we suppose, might be termed marriage in gross.

SPALDING'S

PREPARED GLUE.

SAVE THE PIECES.

"A STITCH IN TIME SAVES NINE."

As accidents will happen, even in well regulated families, it is very desirable to have some cheap and convenient way for repairing Furniture, Toys, Crockery, &c.

SPALDING'S PREPARED GLUE

meets all such emergencies, and no household can afford to be without it. It is always ready and up to the sticking point. There is no longer a necessity for limping chairs, splintered veneers, headless dolls and broken cradles. It is just the article for cone, shell and other ornamental work, so popular with ladies of refinement and taste.

This admirable preparation is used cold, being chemically prepared in solution, and possessing all the valuable qualities of the best cabinet-maker's Glue. It may be used in the place of ordinary mucilage, being vastly more adhesive.

"USEFUL IN EVERY HOUSE."

N. B.—A Brush accompanies each bottle.—Price, 25 cents.

Address, HENRY C. SPALDING & CO.,
Box No. 3,600, New York.

Put up for Dealers in Cases containing four, eight and twelve dozen—a beautiful Lithograph Show-Card accompanying each package.

A single bottle of SPALDING'S PREPARED GLUE will save ten times its cost annually to every household.

Country Merchants should make a note of SPALDING'S PREPARED GLUE, when making up their list. It will stand any climate.

GREAT DISCOVERY!
NEW MODE OF ADVERTISING.

The Proprietor of the Great American Shoe Store, No. 2 Odd Fellows Hall, south side Main street, nearly opposite the Post Office, claims to be the inventor of the cheapest and best mode of advertising in the world. He claims to be the manufacturer of

BOOTS AND SHOES

that will advertise themselves, by giving ample satisfaction to the wearer, thereby speaking in language not to be misunderstood by him, which he immediately interprets to his neighbors. After having tested the merits of his invention for the last twenty years, he feels confident of its

ENTIRE SUCCESS,

and would recommend it to all the other Boot and Shoe makers and dealers in this vicinity to be adopted by them. And he would especially call the attention of the citizens of Genesee county and advise them to study well its operations.

He has on hand a good assortment of Stock such as

Oak and Hemlock Sole Leather,

French calf skins, kip and morocco, &c., which he holds will stand investigation from the best of judges; and *MECHANICS* to manufacture it who are second to none in the State.

Also the largest stock of Ready Made Boots and Shoes in the county; both *Eastern and Home Made, at prices that defy Competition.*

Thankful for the very liberal patronage you have been pleased to extend, I would respectfully solicit a continuance of the same.

Arrival of the Steamer Vanderbilt.

New York, Dec. 19.

The steamship Vanderbilt, from Havre, via Cowes, the 17th inst., arrived shortly after one o'clock yesterday afternoon.

Her mails were forwarded last evening.

The steamship Borussia, from Hamburg via Southampton 4th, arrived one hour previously.

The Vanderbilt's accounts are three days later but are not important.

The steamship Hungarian, from Portland, reached Liverpool on the 7th.

Congress is to meet on the 5th. Lord Cowley is to represent England.

Minister Ward had returned from China.

The Japanese embassy is to start for Washington in the frigate Powhatan, on the 22d of February.

The Australian advices represent that 16,000 ounces of gold had started for England.

[The wires here worked so badly that the remainder of the report was unintelligible.]

Additional News by the America.

The principal Russian organs declare that the French Government has no idea of applying to the Congress to cancel the clauses of the treaties of 1815, relative to the Napoleon dynasty.

The Times Vienna correspondent learns from Berlin, that Prussia, Russia, and England were endeavoring to establish a basis for their negotiation with France and Austria during the Congress.

A Rome despatch of the 2d says the report that the Pope had already consented to be represented at the approaching Congress, and had appointed Cardinal Antonelli to represent him was without foundation.

The London Star says that the Royal Commission which was appointed to inquire into the national defences, have agreed to report the South Post dockyards so imperfectly defended as to require £12,000,000 to fortify them thoroughly.

The Star also says that the Commissioners will recommend a loan for the amount required.

VERY LATEST.

London, (via Queenstown) Dec. 5.—The following letter has been published here:

Palace of the Tuilleries.

To Messrs Shaw, Melotzig & Co., Blackwell:

Gents:—You have written to the Emperor to know what his intentions as regards England.

Great fears of confidence should alone explain this step.

On the one side you are possessed with an imaginary trouble, which appears to have seized upon your country with the rapidity of an epidemic, and on the other hand, you reckon upon the loyalty of him from whom you desire a reply. It is easy for ourselves to give it. If you had calmly examined the true state of your apprehensions, that cause you had only found in all the rumors created by your fellow-countrymen by the obstinate propagation of the most chimerical alarms, because, until now, there was not a word or an act of the Emperor, which permits a doubt of his sentiments, and consequently of his intentions toward your country. His conduct, invariably the same, has not changed a moment, to show his faithful and irreproachable ally, that what he has been he (I declare it to you in his name) will continue to be. Witness again the approaching community of perils to be shared at a distance by your soldiers and ours. Great nations should appreciate, but not fear, each other.

Receive, gentlemen, the expression of my distinguished sentiments.

(Signed)

Secretary to the Emperor.

DR. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of Liver Complaints, all Bilious Derangements, Sick Head-Ache, &c. In cases of

Fever and Ague,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

Fleming Brothers,
Pittsburgh, Pa.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P. S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGGSWELL'S New Medical Salt, instead of its being a remedy for all ills, has control over but one. It has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases, (the other) by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflamation!

NOTICE TO INVALIDS!! The following forms which the unbalanced fluids assume, and many not here mentioned, that have more or less [illegible], are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, Lungs and liver, Neuralgia, Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough, Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

DR. COGGSWELL'S NEW MEDICAL SALT does just what it claims to do—no more, no less—equalizes the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

DR. COGGSWELL'S NEW MEDICAL SALT. Get a Circular. Ask any Druggist about the *New Medical Salt.*

Ask your neighbors about the *New Medical Salt.* If sick, try; if not sick, remember the *New Medical Salt.*

DR. COGGSWELL'S NEW MEDICAL SALT is for sale in Batavia by H. W. Fellows and by all enterprising druggists wherever the Herald is [illegible]. As it is not a Patent Medicine, but the prescription of an eminent Physician, no one should fail to try the New Medical Salt.

THE GROVER & BAKER
Sewing Machine Co.

Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE,
PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also HEM, FELL, GATHER, AND STITCH in the most superior manner, and are the only machines in the market that are so well and simply made, that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

HOSTETTER'S
STOMACH BITTERS.

IT is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

Price, $1 per Bottle; Six Bottles for $5.

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box; Five Boxes for $1.00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER'S, and take no others. The sick want the best aid there is for them, and they should have it.

FOR THE [illegible]

CONSUMPTION.

WINCHESTER'S

GENUINE PREPARATION OF THE

HYPOPHOSPHITES

OF LIME AND OF SODA,

The Specific Remedy for Consumption, Chronic Bronchitis, Asthma, Scrofula, Dyspepsia, General Debility, and all Nervous Diseases.

The success of this NEW REMEDY (discovered by Dr. Churchill, of Paris) in obtaining for it the most UNBOUNDED POPULARITY throughout Europe and the United States. It is a purely SCIENTIFIC PREPARATION, and acts with INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases. *The Hypophosphites contain the Principle which constitutes nervous force, and are the most powerful blood generating agents known.*

The Cure of Consumption.

In the second and third stages [illegible] as to the nature of the disease [illegible]. IN ALL CASES in the first stage, [illegible] of the lungs is of itself sufficient [illegible].

The Remedy has not only a curative effect, but will, if used [illegible] a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act as a preservative with regard to consumption, just as vaccination does with regard to smallpox.

Professional Correspondence.

"CINCINNATI, Ohio, Aug. 8, 1859.—I have been treating the [illegible] and I have derived more satisfaction from the use of the Hypophosphites than *from all other known or used remedies combined.*"

"MANCHESTER, Mass., Aug. 1, 1859.—I have used the Hypophosphites in my practice *with very happy effects*—so much so that I [illegible] WITHOUT THEM."

"MONTGOMERY, Va., Aug. 8, 1859.—I believe the Hypophosphites used in the manner and way Dr. Churchill used them, WILL CURE CONSUMPTION."

"SHEPHERDSTOWN, Va., Aug. 12, 1859.—I have prescribed the Hypophosphites in several cases, and *was delighted with its effects.* It is certainly most wonderful."

"[illegible], O., July 8, 1859.—I have used in all about forty [illegible] I was called. I [illegible] and pulmonary disease. I [illegible] 'a forlorn hope.' [illegible] if I am in the world, [illegible] in the county."

"CANTON, Pa., July 28, 1859.—I received the twelve bottles of Churchill's Remedy for Consumption. * * * It does what it promises in every case."

CONSUMPTIVES, in any stage of the Disease, should resort *immediately* to the use of the Hypophosphites of Lime and Soda. "WINCHESTER'S GENUINE PREPARATION" in dispensing, in extra large bottles, is "chemically pure," is the preparation proposed by Dr. Churchill "for general use," and is prepared according to his *original Formula.*

Dr. Churchill's Work on Consumption,

Containing his Report made to the Imperial Academy of Medicine, Paris: Notes of Cases; and Leading Documents, Testimonials, &c., together with a Circular, will be sent on receipt of TWELVE CENTS in stamps.

CAUTION.—Interested Druggists will try to sell you other preparations than mine. Do not buy them! See "Genuine Preparation" bears my *fac simile* signature.

A NEW, SPEEDY, AND MOST SUCCESSFUL

MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea or Flour Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflamation—a state of morbid irritability, hence the want of success on the part of old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $5 a series of Health Rules, and perfect chart of cure, which will be to them a the polar star through life.

THE
NEW YORK WEEKLY,
A HANDSOME QUARTO PUBLICATION,
BEAUTIFULLY ILLUSTRATED,
IS NOW UNIVERSALLY ACKNOWLEDGED TO BE
THE BEST STORY PAPER
IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States. Such writers as Justin Jones, (Harry Hazel,) Augustine J. H. Duganne, William Earle Binder, Harry Hazleton, James Reynolds, Francis S. Smith, Mrs. Mary J. Holmes, Henry Carroll Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Ella Rodman. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world.

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our energy, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES. The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notings of Travel and Adventure, Short Stories, General summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, the Hero of Italy! Harry Hazel's exciting Indian Romance, the Nets spy! Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child of Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house keepers and others.

Our Pleasant Paragraphs, an interesting *melange,* ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Marvellous Morsels, our Items of Interest, etc., etc. In a word, the Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—in the boudoir of the fair and in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without fear or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taking tens, they are now taking hundreds of copies. This is the general effect among the [illegible] News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "*Weekly*"

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is four cents, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $6, eight copies for $12. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to pre-pay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW WEEKLY, must be addressed Editors.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

The Latest News.

The New York Times understands that the Board of Management of the New York Central contemplate rebuilding the Grain Elevator at Buffalo, recently destroyed by fire—the new structure to be entirely of iron.

The Democratic Senators were in caucus several hours Monday morning, on the subject of *public printer*, but adjourned without making a nomination. The opinions of the Senators were very conflicting.

The body of J. Barnabas Campau, a prominent citizen of this city, whose mysterious disappearance, nearly three weeks ago, caused great excitement, from the supposition that he had been murdered, was recovered from the river yesterday, his watch and valuables undisturbed. There were no marks of violence on the body.

Two hundred and fifty of the sugar plantations of Louisiana have produced this year, 7,750 hogsheads against 19,060 last year.

Brownsville, Texas, dates of the 14th inst., are received. Brownsville was defended by 300 men. Cortenas had been reinforced, but no fight had yet taken place. Degollado lost half of his army and all his artillery in a battle with Miramon, near Queretaro. Being pursued by the Church forces he retreated to Monterey, but was also forced to abandon that point.

The road to Tampico is now open to the Church forces. Miramon had left Guadajara to attack Mazatlan. He had suspended Marquez, who took the 3,000,000 dollars in specie.

The Picayune has a letter dated Mexico, 6th inst., which says that great excitement exists at the Capitol, in consequence of a report that Juarez had signed a treaty of intervention with the United States.

THE UNION MEETING IN NEW YORK.—The Union Meeting last Monday evening, at the Academy of Music, N. Y. was a very large assemblage. It is estimated that at one time there were 30,000 people present. There were speaking from three stands outside of the meeting. Mayor Tieman presided inside, with a large number of Vice Presidents. Rev. H. N. Vermilyea opened the meeting with prayer.

Ex-Senator Beekman stated the object of the meeting. Letters were read from Franklin Pierce, D. S. Dickinson, Fernando Wood, and Winfield Scott. The last named was greeted with cheers. Speeches were made by Charles O'Conner, Jno. A. Dix and Washington Hunt. The meetings outside were addressed by Coroner Connery, Ex-Judge Dean and others. Mr. O'Conner's remarks were to the purport that the South was not to be censured if it withdraws from their association. J. W. Savage nominated Winfield Scott for President and Sam Houston for Vice President, at each of the outside meetings, and the nominations were carried amidst the plaudits of the multitude.

The resolutions adopted are of a strong nature.

ADVISE—Thus discourseth the Buffalo Republic to the young people of that ungodly city. We omit the head and tail thereof.

"Young man, in your efforts to make that panting nag more in harmony with the pleasurable tumult of your exhilerated heart, remember that his proprietor may desire to use him on the morrow. Do not allow him (the nag) to stand unblanketed over four hours after you have driven him at 2:20 speed. If you are the protector of that blue-eyed young lady with you, do not take in thy overcoat pocket more than one quart bottle full of Otard, and twenty-five of Adams best cigars. If perchance thou hast changed thy clothing prior to thy departure from the paternal mansion, see that the change that made musical thy trowsers pockets, hath been carefully transferred to thy shiny doeskins. Do not allow a thought about suffering humanity to damp the warmth of thy purpose—what have you to do with humanity. It hath grown full large enough to take care of its own interests."

NEW ORLEANS, Dec. 19.

Two hundred and fifty of the sugar plantations of the State have produced this year 7750 hogsheads against 19,000 last year.

Brownsville, Texas, dates of the 14th inst., are received.

Brownsville was defended by 300 men. Cortinas has been reinforced, but no fight had yet taken place.

Dogollado lost half of his army and all his artillery in a battle with Miramon, near Queretaro, being pursued by the Church forces he retreated to Monterey, but was also forced to abandon that point.

ANSWERS TO CORRESPONDENTS.—We give, this morning, answers to several of our numerous correspondents, who will rest assured that our information can be relied on.

Naturalist—Feathers are of great use, not only to birds, but to men. Mixed with tar, they often serve a good purpose, especially in the southern States, where Yankee abolitionists are continually stealing corn, horses, niggers, poultry, and such little articles of value.

History—Pontius Pilate was a Jewish sea captain—one of the ancient shoulder hitters. His real name was Heenan, but in fits of malignity, brought on by malignant fevers, he used to punch his pilot in the head—hence the nick-name.

Reader—You can see your grandfather by eating a dozen raw oysters, three pig's feet and a few pickles just before retiring.

New York—Wisconsin is one of the western States, and its chief productions, are pretty girls, railroad bonds, mink and other kins, seed wheat, Sons of Malta, tax titles, corner lots, and whitefish.

Speculator—You can enter all the land you want by coming West. The best way to enter is to crawl through a gopher hole.

Physician.—Michigan, not Wisconsin, is the great fever and ague state. There, it is no uncommon thing for all the steeples to be shook from the churches during the sickly season, and the bones of able bodied men have been shook out of the hide, without causing any particular remar .—In that State, they have almanacs to take quinine by.—*Milwaukee News.*

MICHIGAN COPPER MINES.—The whole amount of copper exported from fifteen Lake superior mines for the year 1859, was 2,664 tons, being a decrease of thirteen tons on the shipment of last year.—The main falling off was in the Minnesota mine, which last year shipped 1,911 tons, and this year but 660⅔ tons. The greatest per centage of decrease is in the Toltec mine. The National, Rockland, and Evergreen Bluff mines show an increase. The largest mass ever shipped from the district was from the Quincy mine, which sent down a *lump* by the last Northern Light, weighing 8,140 lbs. The shipment from the Canadian mine at the same time were about 2,150 tons.

FERNANDO WOOD AND HIS BROTHERS.—The correspondent of the Charleston Mercury says: The Wood family, of which Fernando is the chief, is rather a remarkable "institution." The next most celebrated of the brothers is "BEN," the great lottery and policy man, who has bought up or got within his influence, nearly all the lotteries in the United States. He is the shrewdest of the shrewd, and is thought to surpass even his brother in the arts of diplomacy and manœuvring. Next comes HENRY, the minstrel man, former partner of George Christy. He has been very successful in business, coining money out of everything that he touches, except the big baloon, which not even his financial genius could make a source of profit.—The fourth brother, of whom very little is heard, is a quiet, thoroughgoing business man, the head of the well-known Custom-house broking firm of Wood, Nieburn & Co. He sticks to his vocation conscientiously, and detests politics. Fernando appears to monopolise the political ambition of the family.

THE HOME OF FLORENCE NIGHTINGALE.—Four miles from the home of Keble stands that of one who then was but a very young and much envied heiress, but who since has come before the world in the beauty of a holy life and of the most unselfish charity.—Florence Nightingale.

Many hundred acres belong to Miss N. and her grounds are among the most beautiful of that region. From the lodge we drove to the house on a wide and perfect carriage-road, as you find only on the domains of English nobles, bordered on each side by a hundred feet thick or more of tall laburnums in full bloom, and whose profusion of purple and pink blossoms appeared to us very beautiful indeed.

The house, a fine construction with a Doric facade, is built of that pale-buff stone peculiar to England; it stands on high ground, and commands a very extensive view. From the wide portico you could see the valley below, with its river winding through the meadows, the massive imposing looking old church, the graceful cottages, and the cattle peacefully enjoying the autumn grass. It was a lovely scene, and one which fixed itself on our memory, there ever to remain.—*Evangelist.*

SAVE THE PIECES.

☞ "A STITCH IN TIME SAVES NINE." ☜

As accidents will happen, even in well regulated families, it is very desirable to have some cheap and convenient way for repairing Furniture, Toys, Crockery, &c.

SPALDING'S PREPARED GLUE

meets all such emergencies, and no household can afford to be without it. It is always ready and up to the sticking point. There is no longer a necessity for limping chairs splintered veneers, headless dolls and broken cradles. It is just the article for cone, shell and other ornamental-work, so popular with ladies of refinement and taste.

This admirable preparation is used cold, being chemically prepared in solution, and possessing all the valuable qualities of the best cabinet-maker's Glue. It may be used in the place of ordinary mucilage, being vastly more adhesive.

"USEFUL IN EVERY HOUSE."

GREAT DISCOVERY!
NEW MODE OF ADVERTISING.

The Proprietor of the Great American Shoe Store, No. 2 Odd Fellows Hall, south side Main street, nearly opposite the Post Office, claims to be the inventor of the cheapest and best mode of advertising in the world. He claims to be the manufacturer of

BOOTS AND SHOES

that will advertise themselves, by giving ample satisfaction to the wearer, thereby speaking in language not to be misunderstood by him, which he immediately interprets to his neighbors. After having tested the merits of his invention for the last twenty years, he feels confident of its

ENTIRE SUCCESS

and would recommend it to all the other Boot and Shoe makers and dealers in this vicinity to be adopted by them. And he would especially call the attention of the citizens of Genesee county and advise them to study well its operations.

He has on hand a good assortment of Stock such as

Oak and Hemlock Sole Leather,

French calf skins, kip and morocco, &c., which he holds will stand investigation from the best of judges; and *MECHANICS* to manufacture it who are second to none in the State.

Also the largest stock of Ready Made Boots and Shoes in the county; both *Eastern and Home Made, at prices that defy Competition.*

Thankful for the very liberal patronage you have been pleased to extend, I would respectfully solicit a continuance of the same.

BY TELEGRAPH

XXXVIth Congress—First Session.

The House was called as a preliminary to voting for Speaker. The following was the result: Whole number of votes, 230; necessary to a choice, 116. Sherman, 112; Bocock, 85; Boteler, 21; scattering, 12.

Mr. Bocock said the ~~time~~ had come when he was entitled to a hearing. During the space of two weeks his Democratic friends had voted for him with a constancy and magnanimity which demanded his heart felt and grateful acknowledgements.

His belief was that his friends, by the use of his name, might thus present a point round which the sound and conservative elements might rally. That hope had grown more and more dim, and was now entirely gone. The country is now intensely excited—more so than ever before. The expectation of the people comes up and demands to know whether those entertaining sounds and conservative views cannot unite for the defeat of the party which they regard as sectional and aggressive. He had been willing at all times to unite for the accomplishment of that object. Believing that the further use of his name may be to some extent a stumbling block and a bar, he no longer wishes to be considered a candidate.

It was a proud conciousness that during two weeks of active excitement and animated discussion, he felt that he had been himself, in a manner, worthy of the representative of a free, glorious and chivalrous people. Had he gone into that chair he would have been uncommitted and free to deal equal and exact justice to every member of this body.

While he remained on this floor, as he was now certain he would—he would have a heart unsubdued, hand unshackled, and a mind free to think and look on every section of the country for the honor and glory of the whole. He formally withdrew his name.

Mr. More, of Alabama, nominated Mr. Boteler.

The House proceeded to vote, with the following result:—

Whole number of votes, 230; necessary to choice, 116. Sherman, 112; Boteler, 29; Bocock, 19; Miles Taylor, 12; Phelps 16; and scattering, 42.

Several gentlemen wanted to adjourn, and others again to vote.

Amid considerable confusion the House again voted.

Whole number of votes, 226; necessary to a choice, 114. Sherman, 110; Boteler 31; Barksdale, 20; Bocock, 12; Miles, Taylor, 9; Scattering, 43.

Adjourned.

The following is the scattering vote on the last ballot in the House:—

Davis, of Indiana, 15; Phelps, 6; Reagan, 8; McClernand, 4; Boligny, 2; H. F. Clark, 2; Winslow, 2; McQueen, 2; Houston, Gilmer, Harris of Md., Ethridge, Pugh, Stevenson and McClay, 1 each.

SENATE.—The Vice-President being absent, Mr. Bright moved that Mr. Fitzpatrick be appointed President of the Senate *pro tem.*

Mr. Foote said that the recent practice of the Senate had been to proceed to a ballot.

The Senate then proceeded to a ballot, and Mr. Fitzpatrick was elected, receiving 34 votes, while Mr. Foote received 10, and Mr. Hammond 1.

Mr. Fitzpatrick then took the chair, returning thanks for the renewed mark of confidence.

The Chair then presented the report of the Treasurer of the United States, with copies of his accounts for the 3d and 4th quarters of 1858, and for the 1st and 2d quarters of 1859.

Mr. Mason asked that his Investigation Committee be authorized to employ a clerk—agreed to.

Mr. Pugh called up his resolution submitted last Thursday.

Mr. Hale said it was not in order to proceed with legislative business prior to the organization of the House.

Mr. Pugh stated that he desired to reply to the remarks of Mr. Iverson, made the other day, and he cared not whether he spoke on a resolution, or on a point of order. He desired to defend the Northern Democracy from the charge of unsoundness, which did not come with good grace from those of the South. Who had done so much for the party as Northerners? He spoke of the difficulty in the North in battling against sectarianism and defending the rights of the South. They never elected a Senator from Georgia to be a judge as to the soundness of their Democracy.

He repudiated the sentiment that the position of Mr. Douglas on territorial rights was akin to the Wilmot Proviso, or anti-Democratic. Reading from a speech from the Congressional Globe, that Gen. Cass sustained the same position. He also quoted from a speech of Mr. Iverson himself in the House of Representatives 11 years ago, which was as strong in support of non-interventi[illegible] Cass' famous Nicholson [illegible]glas' Freeport speech.

Thomas M. Tryniski
309 South 4th Street
Fulton New York
13069

He referred to the instructions sent by the Georgia Legislature to her Senators, when the Kansas-Nebraska bill was up, in favor of non intervention, and said he stood of the Georgia platform.

He proceeded to reply to the remark of Mr. Gwin, that had he understood the Kansas bill when he voted for it, as expounded by Mr. Douglas, he would never have given that vote, by saying that Mr. Gwin did not vote of his own notion, but was instructed by the California Legislature to give that vote, and that the Legislature wrote down for him in that instruction what she thought the Kansas-Nebraska bill meant.

He quoted Mr. Gwin's speech in Grass Valley, California, where it stated that Mr. Douglas was deposed from the Chairmanship of the Territorial Committee on account of his views on the Kansas bill. He would not stand up here to defend Mr. D. who was able to speak for himself. If he was expelled from that Committee for that reason, they might thereby be compelled to expel ninety nine hundredths of the Democracy in every non slaveholding State. Now the avowal is that Mr. Douglas is not removed for that cause, but because he had the misfortune to entertain opinions which are entertained by almost the entire Democratic party of the North.

He would appeal to his brethren in the Northern States, whether they recognized this as a test of Democratic fellowship? If, as the Senator from California has proclaimed, you are parties to this act of decapitation, do you mean to have it go forth to the country that whoever entertains these opinions is unfit to be a member of the Democratic party?

DR. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

HOSTETTER'S
STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced in this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

Fever and Ague.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Affections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. [illegible] can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

A NEW, SPEEDY, AND MOST SUCCESSFUL
MODE OF TREATING

Spermatorrhoea, Nervous Debility, Marasmus or Wasting Consumption.
AND ALL
Diseases of the Urino-Genital Organs

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgy pains in various parts of the body; pains in the back and loins, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarly in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $5 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

THE

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION, BEAUTIFULLY ILLUSTRATED,

IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States! Such writers as Justin Jones, (Harry Hazel,) Augustine J. H. Duganne, William Earle Binder, Harry Hazleton, James Reynolds, Francis S. Smith, Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Eda Mayville. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Sketches of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, The Mute Spy! Francis S. Smith's intensely interesting Domestic Story, Maggie, The Child or Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting *melange*, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of Interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taken tens, they are now taking hundreds of copies. This is the general effect among the *five* thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly"

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $6, eight copies for $12. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to prepay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW WEEKLY, must be addressed Editors.

CASH BUYERS.

THOSE wishing Credit, I do not expect, for they chose to purchase they have to pay 25 per cent more.—I know this from experience for every businessman knows that we can buy in Eastern Markets at least 25 per cent cheaper for cash than the best of credit. I keep a large stock

AND GOOD VARIETY,

And instead of having my Capital out of my hands from one to two years, I have it every day and in readiness to take advantage of the Market, and in this way give such prices to our customers that Competition from Time houses prove useless. My Stock consists of every variety of Goods to be found in Eastern Markets. In my

DRESS GOODS DEPARTMENT,

You will find, Paramattas, Delaines (plain and figured) and [illegible] Merinos, Cashmeres, Valencias, Black and Fancy Silks, Traveling Goods and many other kinds too numerous to mention. My

DOMESTIC DEPARTMENT.

In this will be found every grade of all brands of Sheetings and Shirtings, striped and check, and Cotton Flannels, brown and bleached, red and white Flannels, at all prices; Denims, Tickings and every thing to be found in any market. In my

WORSTED DEPARTMENT.

I keep Hoods, Comforters, Armlets, Leggins, Nubias and everything new and novel. In the selection of Hosiery I have paid particular attention especially Ladies and Misses Ribbed Hose, which I am selling at half the usual price. Now in the

RAGLAN DEPARTMENT.

My stock of these goods cannot be surpassed as for style and cheapness as in this department I would particularly call the attention of the Ladies and to those who have heretofore been obliged to go to Rochester or Buffalo in order to get a fashionable Raglan or Cape, or even Dress Goods, I only ask to call and examine our stock and prices to be convinced at once, that to look farther will be of no use.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

The Latest News.

The building, No. 54 and 56 Broad street New York occupied by Kent & Lowber, wholesale grocers, and heavily loaded with flour &c., fell Tuesday evening. Five men and one girl were buried in the ruins.

Three of the men and the girl were soon excavated with but slight injuries; the remaining two, one a policeman named Stewart, was taken out a short time after, fatally injured; the other a merchant, was only extricated after two and a half hours hard working by the firemen; he was horribly mangled and evidently must have been killed instantly.

Chickens are selling in Wisconsin at three cents a pound; turkeys, geese, and ducks at four. These are not "starvation prices" for consumers.

The Albany *Argus* intimates that Judge Parker will probably decline the appointment of United States District Attorney for the Southern District.

A dispatch from Cincinnati the 20th, says that the Hon. Lynn Boyd died at his residence, in Kentucky, day before yesterday.

The latest news from Washington is to the effect that the Democratic members of the House will seize upon the first favorable occasion to re-unite their forces which were scattered after the withdrawal of Mr. Bocock from the contest of Speaker. The bestowal of their votes on various gentlemen, was an experiment to ascertain on whom the largest number of the House might ultimately be concentrated.

The Democratic Senators having in caucus completed the list of committees, it has been handed to those of the opposition to fill out the blanks. Mr. Mason remains as chairman of the committee on Foreign Affairs. Mr. Clay as of the committee on Commerce. Mr. Yulee of the committee on the Postoffice. Mr. Green as of the committee on Territories. Mr. Mallory as of the committee on Naval Affairs. Mr. Bayard as of the Judiciary, and Mr. Brown as of the committee on the District of Columbia.

A late dispatch states that Mr. Conway, Congressman elect from Kansas, had arrived there with the official copy of the Kansas Wyandotte Constitution, and will ask for the immediate admission of that Territory into the Union.

The Enlargement of the Union.

The Rochester *Union* be it understood came to us last evening enlarged, and looking as nice as a handsome *female* in new hoops. We quote a paragraph of what the Editor says:—

The Union to-day furnishes "ocular demonstration" that it does not belong to that class of "men and things" which never change in mind or action; It is enlarged by four columns. The external pressure in this direction has been constant and constantly increasing in force for years: and our resistance has been equally constant but *not* constantly increasing! For a long time it has been evident that we must yield at last; and finding that submission to circumstances had become inevitable, we submit as gracefully as may be, now.

How Rochester Fires are Accounted for.—The Union says:

We are assured that the investigation of matters in connection with the burning of Collins' building and the Baptist church exhibits an unpleasant state of facts to contemplate. It is said that the Committee have arrived at the conclusion that the stock of Burns & Vance was not worth above $1,500. They had an insurance of $5,000 and claimed a loss of at least $8,000. When all the facts are made known, we fear that the case will appear very bad for those concerned.

P. B. Randolph, who is said to be a descendent of John Randolph of Roanoke, who for some time has claimed to speak under control of departed spirits, now puts in a new claim to public admiration, on the ground that he can be in two or three places at the same time. It appears, from a statement in the *Spiritual Age*, that while recently lodging at a gentleman's house in Boston, he appeared in the bedroom of his host during the night, and was seen by the lady, notwithstanding "she knew his body was in another part of the house," and the door was locked. Randolph's ghost remained there full ten minutes, when he vanished.

Randolph claims, also, to have appeared to a lady thirty miles distant from his body. Arrangements are making for a series of experiments, Randolph having promised to appear in three different places, five hundred miles apart, in the same hour; and his friends intend, if he succeeds, to bring the matter before the leading scientific bodies of Europe and America.

The above is the simple statement from which our neighbor over the way presented to his readers a smutty story. Wonder if that paper finds vulgar allusions and false statements more profitable than the truth and decency. Mr. Randolph is one of the most remarkable men of the age.

Fire in Mt. Morris.—We learn from the Rochester Union that a fire occurred in Mt. Morris on Monday evening that destroyed three stores. Messrs. Brace & Burlingame, extensive dealers in groceries and crockery, had in store a large stock of goods, the greater part of which was destroyed. The hardware store of Mr. Bingham, and the shoe store of Mr. Starkey were also destroyed, both respectable establishments and among the most prosperous in the village.

The fire broke out at about two o'clock in the morning in the store occupied by Burlingame & Brace, grocery and crockery merchants, Main st., running south, burning J. P. Starkey's boot and shoe store and L. C. Bingham's hardware store. The fire was arrested at N. Seymour's dry goods store, but not until the store was pretty much riddled. The goods were mostly saved, but in a damaged condition. A large portion of Starkey and Bingham's stock was also saved in a damaged condition, but the insurance will probably cover the loss. Seymour's loss on stock and building is fully covered by insurance. Burlingame & Brace lost $3,500, and are insured for $2,500. Starkey is insured for $1,00, and C. Bingham $4,000.

A Slave Girl Returns to Her Southern Home.—Some time in July, last summer, Mr. Giddings a southern planter from Texas, was with his family at Niagara Falls. He had with him his servant girl Jane, who was forcibly taken from him and run off into Canada. She has remained in that country until the present time. A few days since she returned to her master, who is now at the National Hotel in Washington. The telegraph to the New York Times says: "The girl gives a deplorable account of her ill-treatment by the Canadian free negroes. The marks upon her body show that she has received severe whippings. Eluding her captors, she reached the American side of the river, where she procured the means necessary to enable her to reach her master. She expressed great joy at her return home. The circumstances of her seizure were extensively noticed in the northern journal at the time when it occured."

"Tommy my son, what is longitude?"—"A clothes-line, papa, because it stretches, from pole to pole."

The sun is a very bright body; but the gentle moon, when she steps in between him and the earth, takes the shine out of him.

Ex-President Pierce and wife arrived in Hartford on Thursday, and took rooms in the Allyn House. They are on their way to New York, where they are to embark early in January in a steamer for one of the Bahama Islands. They intend to spend the winter in that climate on account of the health of Mrs. Pierce. The kindest wishes of a host of warm friends will accompany them.

Warning to Mothers.—A medical Journal states that a few days ago a child about four years old, who appeared to be in dreadful pain, and a sort of foam at the mouth, was taken to an apothecary, and he found that the little creature had been poisoned by sucking the painted face of a doll, in which an extract of lead had been mixed. He administered medicines which saved the child's life, but he suggests that toy makers ought to be prohibited from employing poisonous substances in painting their playthings. As the toy season is at hand, it would be well for mothers to remember this fact, and select playthings for their little ones, in whose composition there is no posibility of there being anything of a poisonous description.

XXXVIth Congress—First Session.

Washington, Dec. 20.

House.—Mr. Taylor stated that his colleague, Mr. Landrum, was still confined to his room. He could be brought here but perhaps at the risk of his health.—Mr. Taylor asked that some gentleman on the other side would pair off with his colleague.

Mr. Grow said they had heard that appeal every day. Was it fair to ask any gentleman present to pair off with him? Pairs were usually made by individuals themselves, and in cases where both parties had to be absent.

Mr. Taylor said the question resolved itself into one of courtesy, and under the circumstances stated, it was proper to make a pair. If this appeal should not be responded to, he suggested to gentlemen on the democratic side that they have recourse to those familiar methods which would have the effect of preventing a vote.

Mr. Grow thought it was bad practice for one side coming into the House and asking the other to offset their absentees.

Mr. Grow knew of no understanding among his party on that point, and repeated what he had before said.

The conversation ended by some gentleman saying, when the proper time comes there will be no difficulty in finding a pair for Mr. Landrum.

Mr. Hickman made an effectual appeal to act on his resolution, proposing the adoption of the plurality rule.

Mr. Holman made a union speech.

Mr. John Cochrane followed in a similar strain.

A vote for Speaker, was next taken.

Whole number of votes, 228. Necessary to a choice, 115.

Sherman, 111; McClernan, 21; Boteler, 39; Barksdale, 15; Scattering, 34.

On the second ballot, the whole number of votes was 226. Necessary to a choice, 114.

Sherman, 110; Boteler 43; McClernan, 25; Barksdale' 19; Scattering, 24.

*On the third ballot the whole number of votes was 223, making 112 necessary to a choice.

Sherman, 109; Boteler, 38; McClernan 29; the rest scattering.

The House adjourned.

Senate.—Mr. Johnson, of Tenn., introduced the Homestead Bill, which was read twice.

Mr. Pugh's resolution was taken up, and Mr. Pugh read an extract from the Dred Scott decision, which was accidentally omitted in yesterday's speech.

Mr. Greene moved to postpone the consideration of the resolution as the Committee was not organized, and he wished to speak on the question, but was not in good health to-day.

Mr. Hale liked the suggestion of Mr. Greene, and it gave him occasion to throw out a few hints. Looking back at the history of this country down to the present time, he found that no member of the United States Senate had ever been elected President, and he thought the reason for it was the introduction of such resolutions, and the making of fillibustering speeches, by which gentlemen were drawn out, and made to put their foot in it, before they knew where they were. If this thing was understood, it would have the tendency of shortening these debates.—Monday would be soon enough to resume the consideration of the subject, as gentlemen will have time for reflection in the meantime.

The motion was agreed to, and the subject postponed till next Monday.

Adjourned.

SPALDING'S
PREPARED GLUE.
SAVE THE PIECES.

"A STITCH IN TIME SAVES NINE."

As accidents will happen, even in well regulated families, it is very desirable to have some cheap and convenient way for repairing Furniture, Toys, Crockery, &c.

SPALDING'S PREPARED GLUE

meets all such emergencies, and no household can afford to be without it. It is always ready and up to the sticking point. There is no longer a necessity for limping chairs, splintered veneers, headless dolls and broken cradles. It is just the article for cone, shell and other ornamental work, so popular with ladies of refinement and taste.

This admirable preparation is used cold, being chemically prepared in solution, and possessing all the valuable qualities of the best cabinet-maker's Glue. It may be used in the place of ordinary mucilage, being vastly more adhesive.

"USEFUL IN EVERY HOUSE."

N. B.—A Brush accompanies each bottle.—Price, 25 cents.

Address, HENRY C. SPALDING & CO., Box No. 3,600, New York.

Put up for Dealers in Cases containing four, eight and twelve dozen—a beautiful Lithograph Show Card accompanying each package.

A single bottle of Spalding's Prepared Glue will save ten times its cost annually to every household.

Country Merchants should make a note of Spalding's Prepared Glue, when making up their list. It will stand any climate.

GREAT DISCOVERY!

NEW MODE OF ADVERTISING.

The Proprietor of the Great American Shoe Store, No. 2 Odd Fellows Hall, south side Main street, nearly opposite the Post Office, claims to be the inventor of the cheapest and best mode of advertising in the world. He claims to be the manufacturer of

BOOTS AND SHOES

that will advertise themselves, by giving ample satisfaction to the wearer, thereby speaking in language not to be misunderstood by him, which he immediately interprits to his neighbors. After having tested the merits of his invention for the last twenty years, he feels confident of its

ENTIRE SUCCESS,

and would recommend it to all the other Boot and Shoe makers and dealers in this vicinity tobe adopted by them. And he would especially call the attention of the citizens of Genesee county and advise them to study well its operations.

He has on hand a good assortment of Stock such as

Oak and Hemlock Sole Leather,

French calf skins, kip and morocco, &c., which he holds will stand investigation from the best of judges; and *MECHANICS* to manufacture it who are second to none in the State.

Also the largest stock of Ready Made Boots and Shoes in the county; both *Eastern and Home Made, at prices that defy Competition.*

Thankful for the very liberal patronage you have been pleased to extend, I would respectfully solicit a continuance of the same.

Latest News.

BY TELEGRAPH

Arrival of the City of Washington

NEW YORK, Dec. 20.

LONDON, Thursday.—The Paris correspondent of the Times states that Count Waleski has sent a dispatch to Turin, urging that Count Cavour shall not represent Piedmont in the Congress.

All the associations and trade clubs have been transferred to electoral communes.

The Paris Correspondent of the News denies that the army or any other constituted body desire to wage war on England.

St. Petersburg advices state that Prince Gortchakoff and Count Kisseloff will represent Russia in the Congress.

From Vienna it is stated that Count Rechberg will be present at the opening of the Congress, but will afterwards be replaced by another plenipotentiary.—Count Buolis is also going to Paris and thence to Rome.

It is stated that Austria and France have agreed that no delegates from Central Italy, the government of which is not recognized by European Courts, are to be admitted to the Congress.

The Le Nord says the exiled sovereigns and chiefs of the present government of Central Italy will plead their cause before the Congress.

The Tuscan Moniteur says that the Congress that the Congress will find Italy resolved to maintain her rights.

The Central Italians are better armed than they were at the end of the war, and will persevere in defending a strong Italian Kingdom and National Union, which will efface old dissensions.

The electoral regulations throughout Lombardy are unprecedented.

The Australian mails had reached London.

The Sidney Legislature had recognized the annexation of the Fegee Islands to the British empire.

Austria and Portugal have given in their adhesion to the Congress.

The responsible editor of the Ami De La Region has been sentenced to three months imprisonment and a fine of 1,000 francs, and the printer to one month imprisonment and 500 francs fine, for the publication of the apocryphal letter of the King of Sardinia.

M. Desambras has been appointed Piedmontese Minister to France, and left on the 7th for Paris.

The Bombay mail of Nov. 11th had reached London.

The Governor-General had made a triumphal entry into Lucknow. He had announced a new policy by which the proclamation and entire policy, since the annexation of Oude, are flung to the winds.—

The aristocrats are restored to their estates en masse and granted a perpetual settlement. The effect anticipated is that rebellion in Oude will be hereafter impossible.

6TH ANNUAL ANNOUNCEMENT!

CONTINUED SUCCESS OF THE

COSMOPOLITAN ART ASSOCIATION.

From all sections of the country subscribers to this popular Art Institution, (now in the sixth year) are being received in a ratio unparalleled with that of any previous year.

Any person can become a member by subscribing $3, which will entitle him to

1st.—The beautiful Steel Engraving, "Shakspear and His Friends."
2d.—A Copy of the elegantly Illustrated Art Journal one year.
3d.—A Free season Admission to the Galleries, 548 Broadway, New York.

In addition to which, over *four hundred* valuable Works of Art are given to subscribers as Premiums, comprising choice Paintings, Sculptures, Outlines, &c., by the first American and Foreign Artists.

The Superb Engraving, which every subscriber will receive immediately on receipt of subscription, entitled

"SHAKSPEARE AND HIS FRIENDS"

is of a character to give unqualified pleasure and satisfaction. No work of equal value was ever before placed within the reach of the people at such a price. The Engraving is of very large size, being printed on heavy plate paper, 30 by 38 inches, making a most superb ornament suitable for the walls of either the library parlor, or office.

It can be sent to any part of the country, by mail, with safety, being packed in a cylinder, postage *pre paid*.

Think of it! Such a work, delivered free of charge, and the *Art Journal* one year, for three dollars!

Subscriptions will be received until the Evening of Tuesday the 31st of January, 1860 at which time the books will close and the Premiums be given to subscribers.

No person is restricted to a single subscription. Those remitting $15 are entitled to six memberships.

Subscriptions from California, the Canadas, and all Foreign Provinces, must be $3 50 instead of $3, in order to defray extra postage, &c.

Persons wishing to form clubs will apply for a circular of terms, &c.

The beautifully Illustrated Art Journal, giving full particulars, will be sent on receipt of 18 cents, in stamps or coin.

Address C. L. DERBY, Actuary C. A. A., 548 and 548 Broadway, N. Y.

Subscriptions also received by WILLIAM SEAVER & Son, Sec., for Batavia and vicinity.

DR. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflammatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGGSWELL'S NEW MEDICAL SALT, instead of its being a remedy for all ills, has [illegible] but one—it has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, [illegible] or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases [illegible], by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflammation!

NOTICE TO INVALIDS!! The following forms which the unbalanced fluids assume, and many not here mentioned, that have more or less [illegible], are speedily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Typhus Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, [illegible] and face. Neuralgia, Spinal affections, [illegible], Bronchitis, Pleurisy, Asthma, Cough [illegible], [illegible] Diseases, Rheumatism, [illegible], and all itching and other cutaneous eruptions.

DR. COGGSWELL'S NEW MEDICAL SALT does just what it claims to do—no more, no less—[illegible] the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

Lager Beer Saloon!

WM. BENDER.

You who have drank "BILL'S" Lager Beer
And felt its warmth arise,
Know well it drives out ev'ry fear,
And wakes up *just surprise*!

It fills the nerves with Native life,
And warms the stomach so,
Digestion moves with greater strife
And sets the soul in glow!

"Bill's" Lager is the best of drink,
It makes a man pure, all he'd think;
It warms him through and through, you know
And puts his senses in a glow.

It never makes a man *quite* drunk
Nor filthy as a common skunk!
But always makes the senses rise
To Truthful triumph of *his days*!

Bill's *glasses*, too, are just the thing,
They hold so much as Nature'll swing,
And keep the mind in equal poise,
And conscience from a drunken noise.

So you who want your senses whet
You drink Bill's Lager, and you'll get
The thrippence worth in sparkling foam,
At Bender's shop and happy home!

So you that want a bev'rage clear
And one that sparkles fine,
Come buy of Bill his Lager Beer,
'Twill make you *feel* sublime!
And will digestion much improve,
And make your *business* onward move!

HOSTETTER'S

STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by **HOSTETTER & SMITH**, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

For sale by all the Druggists in the country every Druggist and Merchant in the country.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR CHURCHILL'S REMEDY

FOR THE PREVENTION AND CURE OF

CONSUMPTION.

WINCHESTER'S

GENUINE PREPARATION OF THE

HYPOPHOSPHITES

OF LIME AND OF SODA,

The Specific Remedy for Consumption, Chronic Bronchitis, Asthma, Scrofula, Dyspepsia, General Debility, and all Nervous Diseases.

The success of this NEW REMEDY (discovered by Dr. Churchill, of Paris) is obtaining for it the most UNBOUNDED POPULARITY throughout Europe and the United States. It is a purely SCIENTIFIC PREPARATION, and acts with INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases. The *Hypophosphites increase the Principle which constitutes nervous force*, and are *the most powerful blood-generating agents known.*

The Cure of Consumption,

In the second and third stages (at a period, consequently when there can be no uncertainty as to the nature of the disease), can be attained, IN ALL CASES of this treatment, except when the existing lesion of the lungs is of itself sufficient to produce death.

This Remedy has not only a curative effect, but will, if used wherever there exists a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act as a PRESERVATIVE WITH REGARD TO CONSUMPTION, JUST AS VACCINATION DOES WITH REGARD TO SMALL-POX.

Professional Correspondence.

"PORTSMOUTH, Ohio, Aug. 8, 1859.—I have been treating this disease for nearly ten years, and have derived more satisfaction from the use of the HYPOPHOSPHITES *than from all other forms of medication combined.*"

"MANCHESTER, Mass., Aug. 2, 1859.—I have used the HYPOPHOSPHITES in my practice *with very happy effects*, so much so that I WOULD NOT BE SATISFIED TO REMAIN WITHOUT THEM."

"MANCHESTER, Vt., Aug. 8, 1859.—I believe the HYPOPHOSPHITES used in the manner and way Dr. Churchill used them, WILL CURE CONSUMPTION."

"FREDERICKSBURG, Va., Aug. 16, 1859.—I have prescribed the Hypophosphites in several cases, and *am delighted with its effects.* IT IS ACCOMPLISHING WONDERS."

"LOWELL, O., July 5, 1859.—I have used it all about forty bottles, and in not one instance have they failed to benefit the patient, and that was a hopeless case before I was called. I have had [illegible] cases given up by attending physicians, who are now enjoying COMPARATIVELY GOOD HEALTH, and [illegible]. I have used the Remedy in my own case, *with decided success*. It was regarded as marvelous by physicians and friends, and even by myself, under the 'old treatment.' I am now able to ride, [illegible] in a day, as any other physician in the county."

"CHATHAM, Pa., July 28, 1859.—I received the twenty bottles of Churchill's Remedy for Consumption. * * * It HAS WORKED WONDERS IN EVERY CASE."

CONSUMPTIVES, in any stage of the Disease, should resort *immediately* to the use of the HYPOPHOSPHITES OF LIME AND SODA. "WINCHESTER'S GENUINE PREPARATION" (in [illegible], in extra large bottles) is "chemically pure," is the combination prepared by Dr. Churchill "for general use," and is prepared according to his *original Formula*.

Dr. Churchill's Work on Consumption, Containing his Report made to the Imperial Academy of Medicine, Paris; Notes of Cases; and Letters, Documents, Testimonials, &c., together with a Circular, will be sent on receipt of TWELVE CENTS in stamps.

CAUTION.—Interested Druggists will try to sell you other preparations than mine. Do not buy them! My "Genuine Preparation" bears my *fac simile* signature.

Beware of all Preparations claiming to be the Hypophosphites, which contain IRON, or any DRUG. The country is likely to be flooded with spurious preparations. By writing to me, you obtain information that will prevent any deception being practised upon you.

PRICES.—One Bottle, $1; three Bottles, $2; Concentrated Solution, by mail, pre-paid, $5. Sold Wholesale and Retail at the Sole General Depot in the United States, (where all orders should be addressed) by

A NEW, SPEEDY, AND MOST SUCCESSFUL

MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Lucorrhoea, or Fluor Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflamation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $5 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

THE

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION

BEAUTIFULLY ILLUSTRATED,

IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States! Such writers as Justin Jones, (Harry Hazel,) Augustine J. H. Duganne, William Earle Binder, Harry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Eda Mayville. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be equaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, The Mute Spy! Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child of Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting *melange,* ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of Interest, etc., etc. In a word, the Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS.

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taken tens, they are now taking hundreds of copies. This is the general effect among the five thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $12. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to pre-pay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW WEEKLY, must be addressed Editors.

A CALL TO

CASH BUYERS.

THOSE wishing *Credit,* I do not expect, for they chose to go where they have to pay 25 per cent more. I state this from experience for every business man knows that he can buy in Eastern Markets at least 15 per cent cheaper for cash than the best of credit. I keep a large stock

AND GOOD VARIETY.

And instead of having my Capital out of my hands from one to two years, I have it every day, and in readiness to take advantage of the Market, and in this way give such prices to our customers that Competion from time houses prove useless. My Stock consists of every variety of Goods to be found in Eastern Markets. In my

DRESS GOODS DEPARTMENT,

You will find, Paramettas; Delaines; plain fig'red and plaid Merinoes; Cashmeres; Valencias Black and Fancy Silks; Traveling Goods and many other kinds too numerous to mention. My

DOMESTIC DEPARTMENT,

In this will be found every grade of all brands of Sheetings and Shirtings, striped and checked Canton Flannels, brown and bleached, red and white Flannels, at all prices; Denims, Towellings and every thing to be found in any market. In my

WORSTED DEPARTMENT,

I keep Hoods, Comforters, Armlets, Leggins, Mittens and everything new and novel. In the selection of Hosiery I have paid particular attention especially Ladies and Misses Ribbed Hose, which I am selling at half the usual price. Now to the

RAGLAN DEPARTMENT,

My stock of these goods cannot be surpassed as for style and elegance, and to this department I would particularly call the attention of the Ladies and to those who have heretofore been obliged to go to Rochester or Buffalo in order to get a fashionable Raglan or Cape, or even Dress Goods, I only ask to call and examine our stock and prices to be convinced at once, that to look further will be of no use.

The Latest News.

We understand says the Rochester Union, that C. H. Bryan, a well known citizen of Genesso, is lying dangerously ill in that village, with no hope of recovery.—The village election held on Monday was substantially a Democrat victory. George Mercer was elected President, and Mr. Abbott Clerk, both Democrats.

The grand jury of Wilson county, North Carolina, being moved thereto by a charge from Judge R. M. Saunders, has presented Edwin D. Morgan and others of New York, for signing a recommendation of Helper's Book, and they invoke the Governor of North Carolina to demand the said Edwin D. Morgan and his associates residing in New York, of the Governor of that State that he and they may be brought to trial.

Peter Hellman, a baker in New York, was thrown out of his wagon, and falling against a lamp post, broke his leg. He gathered up the fragments, scrambled into his wagon again and drove off—to have the pieces screwed together—they were of wood.

The $2,500,000 LOAN.—The bids for this loan, to pay off the Floating Canal Debt, were opened Tuesday at Albany The loan is reimbursable, $800,000 in 1866, the same amount in 1872, and the residue in 1877. The bids were all on the basis of six per cent., except in two cases. The awards are all at six per cent. Freeman Clark is awarded $50,000 payable in 1877 at 107,25.

A Lecturers' Opinions called in Question.

Out in Rochester they are having a little controversy on the merits of the Lecturers who speak to the people in that city.

Between Geo. W. Curtis, the popular author, and Prof. O. M. Mitchel there seems to be a little contention on opinions. The following is the closing paragraph from a defender of Mr. Curtis, in last (Wednesday) evening's Union:—

In this morning's Democrat I perceive that a writer has endeavored to forestall attendance on Mr. Curtis's lecture to-morrow evening on the ground that, it is a covert attack upon Christianity. "That none may be disappointed when too late," it seems this tocsin is sounded. How little is cared for Religion in these days, as long as Christianity is defended—they being as distinct as the antipodes. "Christianity being the intolerance of ideas, which forbids anybody to cast out devils except they go with us;" and Religion being a voluntary offering of the soul; a spontaneity of the heart; the out-working of an inspired nature within; the up-gushing of love from a full fountain through every outlet, and avenue of man's interior being. In fine, it is the immortal germ of man's devotional nature in beautiful and harmonious play with the elementary laws of his existence: God gave and God sustained. I would say to these alarmists: Jesus I know, and Paul I know; but who are you? I will close by saying that those who have any respect for their manhood will at least "hear" Mr. Curtis before they consent to crucify him.

On Enrolled Bills—Haven, Salisbury, and Harlan.

On the Library—Pearce, Bayard, and Collamer.

House.—Mr. Davidson said he saw no use for indulgence in harsh language, and certainly had no desire to hurt the feelings of any gentleman. He liked to have freedom of speech for himself, and therefore would never trespass on that right as applied to others.

It was a grave error to say that the South wants to force Slavery into the Territories. All they asked and what they are determined to have is that their rights be protected in the common Territories of the country. He belonged to the National Democracy. If troubles exist in a party, let them be settled, he said, inside the organization.

He was willing to let bygones be by gones; while he wanted the House organized, he would never consent to do it by the election of a man whose mantle is stained in blood split in sedition. He never believed in the doctrine of secession, and did not believe it now, but when a people were agrieved, rights trampled upon without redress, there was no other remedy.

It was no longer the politicians sent here to manufacture public opinion, to talk about this grevious evil; it was the whole southern heart which comes up with one voice to say, Stop!—go no further—you have passed the Rubicon. You must stop where you are, or the objects for which the confederation was formed must cease.

He would candidly tell gentlemen that unless such raids as those of John Brown shall be stopped there will be war between the North and South.

He argued that the Republicans were here as a party to strike down the rights of the Southern States.

He read from the compendium of Helper's book to show that it advises that the question of slavery must be disposed of and absolutely abolished, as the true policy of the South.

In view of this kind of sentiment did not John Brown believe that Mr. Sherman and others would stand by him?

Was it to be expected that his constituents of the State of Louisiana would consent that this Union should be governed by a party which advised slaves to rise in the South and commit murder?

He charged that the Representatives of the North who advised this thing have not had the nerve in the face of a decent community to endorse or gainsay the teachings of Helper's Book.

He had been asked whether he would consider the election of Mr. Seward cause to secede from the union and he had answered, certainly not.

He would wait for an overt act, but that overt act had been committed, and Mr. Seward is an accessary, before the fact of the downright raid for which, before God and his high Heaven, the Republicans are responsible. His ardent love for the Union prompted him to hope the bitter cup would pass away. Let climate, soil, and products settle the slavery question.

Mr. Cobb made a good-natured speech saying he was humiliated after being a member for thirteen years, to find he was obliged to associate with men who endorsed Helper's Book. His people had heard all that come from the mouth uttered by Cheever, Phillips, Helper, and others, and of John Brown's raid, and yet his constituents prayed for the perpetuity of the Union. He had been a compromise man, but was now done with compromises.

He hoped Mr. Sherman would stand up and repudiate every sentiment of Helper's book. Gentlemen on the Republican side, he asked: Have you no other member than Mr. Sherman capable of filling that chair? We Democrats have twenty-five able to fill it. (Laughter.) You have as many who never signed the paper recommending the circulation of that work. He did not care what Mr. Blair or Mr. Greeley said, the book is here and Republicans could not escape from it. He wished to tell his constituents that there is a conservative spirit here, evinced by the election of a conservative Speaker.

The House then proceeded to vote for Speaker with the following result:

Whole number, 226; necessary for a choice, 114. Sherman, 106; Milson, 96; Gilmer, 6; Ethridge, 7; Davis, of Ind., 4; scattering, 7.

Another vote was then demanded.

Mr. Hill said it was unnecessary to go on in this manner. It was evident there could be no election without a fair understanding how the patronage was to be distributed. There was no sense in this thing.

The House soon after adjourned.

M. F. Robertson at the Union Meeting in New York.

We took up the New York Express this morning, and in looking over the Speeches, and Speakers, at the great Union meeting, our eye fell upon the name of our political friend and citizen M. F. ROBERTSON Esq., whose star is in the ascendent evidently. Robertson has got considerable of a back bone in him, and don't spare the limber jointed gentry much anywhere. Instead of writing a letter, he goes and makes a speech as a man should and gets a handsome compliment for it. He will go up!

A SUSPICIOUS CHARACTER.—A funny affair, though serious to the parties, occurred at the Utica Railroad Depot at half past two o'clock Monday morning. Officer Keating, looking for the burglars who robbed Gaffney, Fitzsimons & Co., saw a suspicious looking character with a big carpet bag, inwhich the officer was sure were some of the silks. He watched and dodged the suspicious character for some time, then laid violent hands on the carpet bag and demanded the right to examine it. The suspected man was thunderstruck—but not more so than Keating, when it was explained to him that he was making direful accusation against no less an individual than Dr. Geo. W. Bungay, of the Central Independent!! The Doctor must have an unfortunate look to strangers. Not long since he was taken for a countryman at [illegible] ed by a circus man,—[illegible] y to say that the Doc-[illegible]

Special Dispatch to the Boston Atlas & Daily Bee.

WASHINGTON, Dec. 14.

It is reported here that James Gordon Bennett, editor of the New York Herald, before attacking the Helper book, bought the copy right of it, and this accounts for the course of the Herald in relation to the book.

FREIGHT CHARGES.—The New York Central Railroad has abandoned its arbitrary rates of freight recently insisted upon from Cincinnati and other western points, and hereafter will pro-rate with connecting roads upon the basis of the schedule adopted by the convention of agents. This gives great satisfaction to the south-west.

GREAT DISCOVERY!

NEW MODE OF ADVERTISING.

The Proprietor of the Great American Shoe Store, No. 2 Odd Fellows Hall, south side Main street, nearly opposite the Post Office, claims to be the inventor of the cheapest and best mode of advertising in the world. He claims to be the manufacturer of

BOOTS AND SHOES

that will advertise themselves, by giving ample satisfaction to the wearer, thereby speaking in language not to be misunderstood by him, which he immediately interprits to his neighbors. After having tested the merits of his invention for the last twenty years, he feels confident of its

and would recommend it to all the other Boot and Shoe makers and dealers in this vicinity to be adopted by them. And he would especially call the attention of the citizens of Genesee county and advise them to study well its operations.

He has on hand a good assortment of Stock such as

Oak and Hemlock Sole Leather,

French calf skins, kip and morocco, &c., which he holds will stand investigation from the best of judges; and *MECHANICS* to manufacture it who are second to none in the State.

Also the largest stock of Ready Made Boots and Shoes in the county; both *Eastern and Home Made, at prices that defy Competition.*

Thankful for the very liberal patronage you have been pleased to extend, I would respectfully solicit a continuance of the same.

New York, Dec. 21.

The National Republican Committee in session at the Astor House, to-night, designated Chicago as the place of holding the Presidential Convention, and the 13th of June as the time.

Rev. Dr. Achilli, the Italian ex-priest and lecturer, was arrested at Hoboken last evening and committed to prison, on a charge of gross criminality.

Newark, N. J., Dec. 21.

One of the enamelled cloth factories of this city, situated on the corner of Academy and Chatham streets, was destroyed by fire at an early hour this morning.—It was a three story brick edifice and contained a fair supply of stock. The origin of the fire is unknown. Loss about $5,000.

Philadelphia, Dec. 22.

The National American Central Committee convened to-day at the American House. Hon. Jacob Broome was appointed Chairman, and Blanten Duncan, Secretary.

A committee was then appointed to confer with the committee appointed by the Washington meeting, on Monday night, to consider a plan of organization for uniting the opposition to the Administration, consisting of A. H. H. Stewart, of Virginia; Anthony Kennedy, of Maryland; Erastus Brooks, of New York; Blanten Duncan, of Kentucky; and Jacob Broome, of Pennsylvania.

A committee was also appointed to prepare an address to the American people.

No other action was decided upon.—The session was chiefly devoted to a private discussion of the claims of a number of prominent men to fill the Presidential Chair.

St. Louis, Dec. 21.

The Overland mail from San Francisco, 28th ult., passed Malloy's station, at 12 o'clock last night, and is due at St. Louis Thursday night. The detention of the mail was caused by high water in the Texas rivers, and severe weather on the plains.

In the case of Biddle Bogg against the Merced Mining Co., application will be made for a writ of error, with a view to applying to the United States Supreme Court for a new trial.

DR. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated
Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of Liver Complaints, all Bilious Derangements, Sick Head-Ache, &c. In cases of

Fever and Ague,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

Fleming Brothers,
Pittsburgh, Pa.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflammatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

Dr. Coggswell's New Medical Salt, instead of [illegible] a remedy for all ills, has [illegible] but one aim, and [illegible] but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, stomach or skin.

New Medical Salt. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases (no other) by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflammation!

Notice To Invalids!! The following forms which the unbalanced fluids assume, and many not here enumerated, that have more or less fever or pain, are surely subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, mouth and [illegible], Neuralgia, Spinal affections, Croup, Bronchitis, Pleurisy, Asthma, Cough, Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all Itching and other cutaneous eruptions.

Dr. Coggswell's New Medical Salt does just what it claims to do—no more—no less—equalizes the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

Sewing Machine Co.

Having greatly increased their facilities for manufacturing their Celebrated Family Machines, with all the recent improvements, have reduced their prices, and offer for sale—

A NEW STYLE MACHINE,

PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also HEM, FELL, GATHER, AND STITCH

in the most superior manner, and are the only machines in the market that are so well and simply made, that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

Lager Beer Saloon!

WM. BENDER.

You who have drank "Bill's" Lager Beer
And felt its warmth arise,
Know well it drives out ev'ry fear,
And wakes up *your* surprise!

It fills the nerves with Native life,
And warms the stomach so,
Digestion moves with greater strife
And sets the soul in glow!

"Bill's" Lager is the best of drink,
It makes a man easy, all he'd think;
It warms him through and through, you know
And puts his senses in a glow.

It never makes a man *quite* drunk
Nor silly as a common skunk!
But always makes the senses rise
To Truthful triumph if he *buys!*

Bill's glasses, too, are just the thing,
They hold as much as Nature'll swing,
And keep the mind in equal poise,
And conscience from a drunken noise.

So you who want your senses whet
You drink Bill's Lager, and you'll get
The thruppence worth in sparkling foam,
At Bender's shop and happy home!

So you that want a bev'rage clear
And one that sparkles fine,
Come buy of Bill his Lager Beer,
'Twill make you *feel* sublime!
And will digestion much improve,
And make *your business* onward move!

HOSTETTER'S

STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

Fever and Ague.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Affections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

WINCHESTER'S

GENUINE PREPARATION OF THE

HYPOPHOSPHITES

OF LIME AND OF SODA,

The Specific Remedy for Consumption, Chronic Bronchitis, Asthma, Scrofula, Dyspepsia, General Debility, and all Nervous Disorders.

The success of this NEW REMEDY discovered by Dr. Churchill, of Paris, is attested by the most UNBOUNDED POPULARITY throughout Europe and the United States. It is a purely SCIENTIFIC PREPARATION, and acts with INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Disease. The *Hypophosphites* increase the *Principle* which constitutes nervous force, and are the most powerful blood generating agents known.

The Cure of Consumption,

In the earlier and intermediate [illegible] a period, consequently when there can be no uncertainty as to the nature of the disease, can be attained, IN ALL CASES by this treatment, except when the existing lesion of the lungs is of itself sufficient to produce death.

The Remedy has not only a curative effect, but will, if used whenever there exists a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act as a PREVENTATIVE WITH REGARD TO CONSUMPTION, JUST AS VACCINATION DOES WITH REGARD TO SMALL POX.

Professional Correspondence.

"Cincinnati, Ohio, Aug. 8, 1859.—I have been treating this Disease for twenty-five years, and have derived more satisfaction from the use of the Hypophosphites *than from all other forms of medication combined.*"

"Massachusetts, Mass., Aug. 2, 1859.—I have used the Hypophosphites in my practice *with very happy effect*, so much so that I WOULD NOT BE SATISFIED TO REMAIN WITHOUT THEM."

"Montpelier, Vt., Aug. 8, 1859.—I believe the Hypophosphites used in the manner and way Dr. Churchill used them will be a SURE CONVERTIVE."

"Harrisonburg, Va., Aug. 18, 1859.—I have prescribed the Hypophosphites in several cases and *am delighted with its effects.* IT IS ACCOMPLISHING WONDERS."

"Lowell, O. July 5, 1859.—I have used in all about forty bottles, and [illegible] I was called. I have had several cases given up by attending physicians, who ARE NOW ENJOYING COMPARATIVELY GOOD HEALTH, and [illegible] of pulmonary disease. I have used the Remedy in my own case, *with decided success.* It was regarded as [illegible] by physicians and friends, [illegible] I am now able to [illegible]."

"Chatham, Pa., July 28, 1859.—I received the twelve bottles of Churchill's Remedy for Consumption. [illegible]"

Consumptives, in any stage of the Disease, should resort *immediately* to the use of the Hypophosphites of Lime and Soda. "Winchester's Genuine Preparation" (in simple syrup, in extra large bottles, is "chemically pure," is the combination prepared by Dr. Churchill "for general use" and is prepared according to his *original Formula.*

A NEW, SPEEDY, AND MOST SUCCESSFUL

MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption,

AND ALL

Diseases of the Urino-Genital Organs

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations, or symptoms are Nervous Debility, relaxation and exhaustion; Carasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Flour Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $5 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

READ AND REFLECT!

JUST PUBLISHED

A NEW WORK SPLENDIDLY ILLUSTRATED (with elaborate engravings) of nearly 300 pages, the best work on diseases of the genital organs ever introduced to the public, is Dr. Reynold's Medical Guide: Embracing every subject known in the catalogue of human ills, as venereal, or other diseases of the genital organs, and how all persons can avoid them, and if they are so unfortunate as to have contracted such diseases, how to effect a speedy and permanent cure—it being in fact, a complete and practical work on the Physiological Mysteries of the Male and Female system, and will be mailed in sealed wrappers to any part of the world. Price, TWENTY-FIVE CENTS, or 5 copies for $1.

N. B.—The author has devoted nearly twenty years to the treatment of diseases of a private Nature, (both male and female) and can be consulted on all and every variety thereof, at his old established Hospital, Rochester, N. Y.

Secret habits in young men effectually cured, although abandoned by the entire faculty, and given up by all making pretensions to the healing art. All cases warranted. No Mercury used.

Patients treated at home by letter, and packages forwarded to all parts of the world.

Females afflicted with irregularities, obstructions, &c., can obtain Dr. Vichols' Female Monthly Pills at the above office. Ladies in a certain situation should not use them, the particulars of which will be found on the directions accompanying each box. Price, One Dollar.—Sent by mail free of charge.

DR. REYNOLD'S PATENT FRENCH SAFE. This enables those whose health or circumstances do not permit an increase of family, to regulate or limit the number of their offspring without injuring the constitution. It is the only safe and sure preventive against Pregnancy and disease. The above article is speciall intended to fulfill this desideratum; it is perfectly safe; no metallic substance enters into its composition.

The price of this article is one dollar and it can be sent by mail to any part of the United States or Canadas free of charge.

THE

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION,

BEAUTIFULLY ILLUSTRATED,

IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER
IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States! Such writers as Justin Jones, (Harry Hazel.) Augustine J. H. Duganne, William Earle Binder Harry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymund, Eda Mayville. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners Notings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, The Mute Spy! Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child or Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting *melange*, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taken tens, they are now taking hundreds of copies. This is the general effect among the *five* thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly"

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $12. Postmaster and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to pre-pay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW WEEKLY, must be addressed Editors.

A CALL TO
CASH BUYERS.

THOSE wishing *Credit,* I do not expect, for they chose to go where they have to pay 25 per cent more. I state this from experience for every business man knows that he can buy in Eastern Markets at least 15 per cent. cheaper for cash than the best of credit! I keep a large stock

AND GOOD VARIETY,

And instead of having my Capital out of my hands from one to two years, I have it every day, and in readiness to take advantage of the Market, and in this way give such prices to our customers that Competion from time houses prove useless. My Stock consists of every variety of Goods to be found in Eastern Markets, in my

DRESS GOODS DEPARTMENT,

You will find Paramettas; Delaines; plain figured and plaid Merinoes; Cashmeres; Valencias Black and Fancy Silks; Traveling Goods and many other kinds too numerous to mention. My

DOMESTIC DEPARTMENT,

In this will be found every grade of all brands of Sheetings and Shirtings, striped and checked Canton Flannels, brown and bleached, red and white Flannels, at all prices; Denims Kersings, and every thing to be found in any market. In my

WORSTED DEPARTMENT,

I keep Hoods, Comforters, Armlets, Leggins, Mittens and everything new and novel. In the selection of Hosiery I have paid particular attention especially Ladies and Misses Ribbed Hose, which I am selling at half the usual price. Now to the

RAGLAN DEPARTMENT,

My stock of these goods cannot be surpassed as for style and elegance and to this department I would particularly call the attention of the Ladies—all to those who have heretofore been obliged to go to Rochester or Buffalo in order to get a fashionable Raglan or Cape, or even Dress Goods, I only ask to call and examine our stock and prices to be convinced at once, that to look further will be of no use.

Most kinds of Produce taken as *Cash,*

TO CORRESPONDENTS:

No notice can be taken of anonymous communications. Whatever is intended for insertion must be authenticated by the name and address of the writer; not necessarily for publication, but as a guarantee of his good faith.

We also beg to inform our readers that we do not hold ourselves responsible for the opinions of our correspondents.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

CHRISTMAS.—In order to make sure of Christmas, without running the risk of waiting over Sunday for it, the "hands" of this office will *embrace* to-morrow as the merry making day, and go in for sleigh riding generally.

ABOUT PASSES.—Our neighbor of the Batavia Herald is baiting his hook for a pass on some Railroad—he isn't particular what one so long as he can have a pass in his pocket. He speaks of having done some favors to different roads, and thinks on that account he is entitled to one. He must be green. Show us the man that ever done a favor to a line of Railroad or a Steamboat Company, and we will show you a man that never had a pass in his pocket book. Pitch in and give them fits as often as they deserve it—and when they don't deserve it too. Say that "a director at each end ought to be hanged," and it will not be twelve hours before they are showered on you so thick that you cant count them. But we will let the Editor tell his own experience:—*Buffalo Republic.*

The paper containing the above choice notice and valuable instruction to editors in want of a pass, has just come to hand. We infer that it took the liberty to pass itself by, on Our "pass" which it contained with the above addition, and has been on a trip to Albany, New York,—and if the weather had been warm—would have gone to Saratoga. Our friend of the Republic is a little mistaken about our claim to the right of a pass. We set up but one claim, and that vested in the fact that having circulated some and been spared all kinds of deaths, we ought to have a free run of all the roads—while staying at home—and see what that would do.

A CHOICE SPECIMEN OF NEWSPAPER LITERATURE.—Speaking of Sickles recent speech—which all honest men who heard it agree was modest, timely, and to the purpose—the Republicans report of as follows: "The real object and substance of his speech might be stated in a few words, thus: I have passed through the ordeal, as you all know—I killed Key—I have forgiven my wife—I have resumed my seat in Congress—I have faced the frowning world—I make a speech here to-day in the eyes of the nation—and now you may all go to ——!"

Clerical Chastity.

SERIOUS CHARGES AGAINST REV. DR. ACHILLI—ALLEGED FORNICATION AND ADULTERY.

It is our almost invariable rule to pass over the paragraphs implicating Clergymen in misdemeanors, which of late have become so alarmingly frequent. Between brandy drinking, opium eating, and women, these men, who by profession should be the conservators of public morals, are becoming not only a reproach to their profession, but to an enlightened humanity everywhere. We clip from the New York Times:

"Rev. Dr. Giacinto Achilli, celebrated for the persecutions which he has suffered in consequence of his opposition to Popery and well-known in this country as an eloquent declaimer against the iniquities of the Roman Catholic Church, was arrested on Tuesday at the Bergen Heights Water-Cure charged with having committed adultery and fornication with an inmate of the Institution, at which he was apprehended, and where he has been stopping for the last two or three months."

In justice to this somewhat distinguished man, it is due that we give his poor plea in defence, viz: that the young lady was indeed his wife although he paid for her board as the governess of his boy.

In Albion, Mich., a man by the name of Geo. Sawyer died as supposed, in a spasm, some time last spring. He was buried alive. Not long since some of his friends wishing to remove his body disinterred him. They found him lying on his face, his hand in his hair, with great handfuls torn out, and his grave clothes all torn to pieces.

From the Syracuse Journal.

Arrest of the Wood Ruffian who Assaulted Hon. John Stryker.

Cornelius Wood, charged with an assault and battery upon John Stryker, at the last Democratic State Convention, was last week arrested, in the city of New York, by that indefatigable officer Nelson Phillips. He was arrested upon a warrant issued by the District Attorney, upon an indictment found at the last Court of Oyer and Terminer for assault and battery. He immediately gave bail to answer at the Sessions, to be held on the 2d Monday of January next.

BRYANT AND STRATTON'S MERCANTILE COLLEGE.—The Proprietors of this Institution have just opened a school in St. Louis, Mo., under the most favorable auspices, thus making eight colleges, in a like number of the principal cities in the Union, having a common interest and design. The student who becomes a member of one school is, in fact, a member of all; and if business or necessity calls him away from the particular school where he may have entered, he can scarcely fail of finding a residence at some business point in the north, east or west, where he will have access to one of these colleges.

If he is a graduate of one of these schools, say in Buffalo, and wishes to go to St. Louis, he is sure of being recognized in the college there, and of receiving any assistance he may need in securing business. The college here is the oldest but one in the chain, and was never in a more flourishing condition than at the present time. May we ever be able to say as much, for its success is well merited.—*Buffalo Commercial.*

CHARLESTON, Dec. 20.

A special despatch from Columbia, dated 19th inst., says that both Houses have adopted a resolution that the South owes it to her own citizens to protect them and their property *from every enemy*, and that for the purpose of military preparation for any emergency the sum of $100,000 be appropriated.

The Senate also adopted a resolution that while still deferring to her Souther. sisters, she respectfully announces to them that in her judgment the safety and honor of the slaveholding States imperatively demand a speedy separation from the free soil States of the confederacy, and earnestly invites and urges her sister States of the South to originate the movement of Southern separation, in which she pledges herself promptly to unite.

COLUMBUS, Dec. 22.

In the case of W. H. Gibson, the former Treasurer of this State, the jury after being out 24 hours, brought in this morning a verdict of guilty.

Advices from Washington inform us that there is now a secretly organized "Central Douglas Committee" in full operation at the federal metropolis. It has been formed, we are told, principally for the purpose of operating upon the South in favor of Douglas's pretensions for the Presidency. Fifty thousand copies of Reverdy Johnson's Squatter Sovereignty pamphlet are to be sent through the Southern States, one thousand dollars having been subscribed for such purposes in Illinois alone.

An old doctor being on a visit to a village where he had spent the earlier part of his life in practice, one morning before breakfast went into a churchyard near the house where he was stopping. Breakfast being placed upon the table, the doctor was inquired for. "I believe," said the servant, who had seen where he went, "that he has gone to pay a visit to some of his old patients."

WINTER SCENES.—Winter having now fairly set in, we may as well introduce the following reminiscences from the Chicago Journal, which will be perused with pleasure by scores of our readers who were young once, and like occasionally to indulge in the "remembrances of days foregone:"

"That old red sleigh, with its long box that never was full—for, down in the straw, wrapped in the robes, or on one or another of the four seats it contained, there was always room for one more—what a grouping of bright young faces there used to be in it! Faces in hoods, in caps and in blankets. Hearts that have loved since hearts that have broken; hearts that have mouldered! And away we went, over the hill and through the vale; under the moonlight, and under the cloud; when the stars were looking down; when the sun kindled the world into a great white jewel. But those days have gone forever away, and the sweet old necklace of bells, big in the middle of the string, and growing small by degrees, has lost its power over the pulses.

In that old sleigh brides have gone away before now—those that were married to manhood, those that were "married unto death." Great ships have gone over the waters with less of hope and happiness than that rude craft has borne over the billows of winter. Swan like shapes now glance along the arrow way; but give us for its sweet memories of yesterday, the old red sleigh.

XXXVIth Congress—First Session.

WASHINGTON, Dec. 22.

SENATE.—The Chair presented a communication from the officer in charge of the Capitol extension, respecting the heating and ventilating apparatus of the North wing.

Mr. Mallory introduced a bill amendatory of the act to promote the progress of the useful arts.

Mr. Lane introduced a bill making an appropriation for the payment of the expenses incurred by the people of Oregon and Washington territories, to suppress Indian hostilities therein; also a bill to extend the laws and judicial system of the United States to Oregon.

Mr. Gwin introduced a Pacific Railroad bill, and gave notice that he should call it up at an early day.

Mr. Salisbury introduced a bill making appropriation for the erection of piers in Delaware Bay.

Mr. Harlan introduced a bill to reimburse the State of Iowa for money expended in the suppression of Indian hostilities.

Mr. Clay introduced a bill to repeal all laws granting fishing bounties.

Mr. Davis gave notice of his intention to introduce a bill for the territorial organization of Arizona.

Mr. Slidell introduced a resolution that when the Senate adjourn to-morrow it stand adjourned till Tuesday next, and when it adjourned on Tuesday it be adjourned till Friday, and then from Friday till the 3rd day of January.

He said this was at the request of others who wished to go home to spend the holidays.

Mr. Collamer thought it an ungenerous invasion of the Constitution.

Mr. Iverson did not so understand it. The only object was to have a common understanding that no business should be done till after the holidays.

Mr. Collamar felt it his duty to protest against it. He was willing to attend to public business.

Mr. Davis suggested that it was better not to adjourn as the House had not yet organized and that the President's Message was not received. The House might organize any day.

Mr. Slidell read from the Senate journal showing that similar resolutions had been adopted before on the occasion of the Cincinnati Convention and the Philadelphia Convention.

The resolution was then agreed to.

Mr. Bright introduced a bill for enlarging the public grounds surrounding the Capitol.

Mr. Hemphill introduced bills making appropriations for the payment of certain Texas volunteers, and the Senate then adjourned.

House—Mr. Farnsworth was entitled to the floor, but yielded to enable Mr. Curtis to move that the House proceed to vote for Speaker.

Mr. Curtis said, it appeared to him that this was the last day before the holidays that they could effect an organization. He would like to hear his friend Mr. Farnsworth, were it not that that gentleman should devote the whole day to an effort to organize the House. The whole country is looking for our organization this very day. Mr. Curtis was told in private conversation this morning, that four millions of dollars were due to contractors, and most of them were now here imploring members to make an appointment for their pay.

As a preliminary to voting, there was a call of the House, and it was ascertained that about 18 members were absent, it was thought best not to proceed to vote at present.

The Boston Post finds the following in a French paper:

"One of the grand establishments in Paris has recently made some 40,000 fr. worth of habiliments for Mrs. J-m-s G-r-n B-n-e-t-t, wife of the proprietor of the N. Y. H—r—d. Each robe is of rare tissue, cut in the extreme of fashion, and 'profusely ornamented, and is accompanied by 'brodequins,' a parasol and bonnet of similar stuff."

"A Great Tribulation" has been occasioned in literary circles in England by a charge in the Clerical Journal that the Rev. Dr. Cumming wrote the review and puff of his own work in the London Times. The Critic calls upon the Doctor to make "revelations," and relieve himself, if possible, from the damaging accusation.

It is stated that the widow of the famous Morgan, of anti-Masonic notoriety is now a resident in the vicinity of Memphis, Tenn. The Appeal of that city says: "She has been connected with the Leath Orphan Asylum since her advent here, and her labors in behalf of the poor and unfortunate, will not soon be forgotten by the recipients of her favors."

The use of Dr. Hostetter's Stomach Bitters, for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affection, is second to none in America or abroad. To be able to state confidently that the "Bitters', are a certain cure for dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure.—It removes all morbid matter from the stomach, purifies the blood, imparts renewed vitality to the nervous system, giving it that tone and energy so indispensable for the restoration of health. The numerous acknowledgements of its superior excellence and beneficent results, have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the thorough system. See advertisement in another column.

Much has been said of the Eastern Esculapius' labors for the sick; not one half has yet been told of the indomitable perseverance of this singular man. Imbued with the conviction that Scrofula is the parent of disease, he has been years engaged in searching the boundaries of the earth, for its antidote. With vast labor has he canvassed the products of sea and land, through both continents until he has discovered that combination of remedies which expurges this human rot and corruption from the system. This new invention we now offer in our columns under the name of Ayer's Sarsaparilla, although its virtues are from substance far more active and effectual than Sarsaparilla.—*Mercantile Journal.*

DR. M'LANE'S

CELEBRATED

VERMIFUGE AND LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

Dr. Coggswell's *New Medical Salt*, instead of its being a remedy for all ills, has [illegible] but one ill, has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

New Medical Salt. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases, (no matter,) by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflamation!

Notice to Invalids!! The following forms which the inflamed fluids assume, and many not here mentioned, that have more or less [illegible] of pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver, Neuralgia, Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough, Pneumonia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

Dr. Coggswell's New Medical Salt does just what it claims to do—no more, no less—equalizes the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

Ask your neighbors about the *New Medical Salt.* If sick, try; if not sick, remember the *New Medical Salt.*

Dr. Coggswell's New Medical Salt is for sale in Batavia by H. W. Fellows and by all respectable druggists wherever the Herald is [illegible].

As it is not a Patent Medicine, but the prescription of an eminent Physician, no one should fail to try the New Medical Salt.

THE GROVER & BAKER

Sewing Machine Co.

Having greatly increased their facilities for manufacturing their Celebrated Family Machines, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE, PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also

HEM, FELL, GATHER, AND STITCH

in the most superior manner, and are the only machines in the market that are so well and simply made, that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE

and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States, who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

Lager Beer Saloon!

WM. BENDER.

You who have drunk "Bill's" Lager Beer
And felt its warmth arise,
Know well it drives out ev'ry fear,
And wakes up *[illegible]* surprise!

It fills the [illegible] with Nature's life,
And [illegible] the [illegible],
[illegible] with greater strife
[illegible] soul in glow!

"Bill's" Lager is the best of drink,
It makes a man [illegible] all he'd drink;
It warms him through and through, you know
And puts his [illegible] in a glow.

It never makes a man *quite* drunk
Nor [illegible] as a common skunk!
But always makes the senses rise
To [illegible] triumph if he *buys!*

Bill's glasses, too, are just the thing,
They hold as much as Nature'll swing,
And keep the mind in equal poise,
And [illegible] from a drunken noise.

HOSTETTER'S

STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

Fever and Ague.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Affections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose, or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. CHURCHILL'S REMEDY

FOR THE PREVENTION AND CURE OF

CONSUMPTION.

WINCHESTER'S

GENUINE PREPARATION OF THE

HYPOPHOSPHITES

OF LIME AND OF SODA,

The Specific Remedy for Consumption, Chronic Bronchitis, Asthma, Scrofula, Dyspepsia, General Debility, and all Nervous Diseases.

The success of this NEW REMEDY (discovered by Dr. Churchill, of Paris) is obtaining for it the most UNBOUNDED POPULARITY throughout Europe and the United States. It is a purely SCIENTIFIC PREPARATION, and acts with INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases. *The Hypophosphites increase the Principle which constitutes nervous force, and are the most powerful blood generating agents known.*

The Cure of Consumption,

In the second and third stages (at a period, consequently when there can be no uncertainty as to the nature of the disease,) can be obtained, IN ALL CASES by this treatment, except when the existing lesion of the lungs is of itself sufficient to produce death.

This Remedy has not only a curative effect, but will, if used wherever there exists a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act as a PRESERVATIVE WITH REGARD TO CONSUMPTION, JUST AS VACCINATION DOES WITH REGARD TO SMALL-POX.

Professional Correspondence.

"Columbus, Ohio, Aug. 8, 1859.—I have been treating this disease for twenty five years, and have derived more satisfaction from the use of the Hypophosphites *than from all other forms of medication combined.*"

"Manchester, Mass., Aug. 9, 1859.—I have used the Hypophosphites in my practice *with very happy effects*—so much so that I WOULD NOT BE SATISFIED TO REMAIN WITHOUT THEM."

"Middlebury, Vt., Aug. 1, 1859.—I believe the Hypophosphites used in the manner and way Dr. Churchill used them, WILL CURE CONSUMPTION."

"Shepherdstown, Va., Aug. 15, 1859.—I have prescribed the Hypophosphites in several cases, and *am delighted with its effects.* It is ACCOMPLISHING WONDERS."

"Lowell, O., July 6, 1859.—I have used in all about [illegible] bottles, and in but one instance have they failed to benefit the patient, and that was a hopeless one before I was called. I have had several cases given up by attending physicians, who ARE NOW ENJOYING COMPARATIVELY GOOD HEALTH, AND EXEMPT FROM ALL THE SYMPTOMS of pulmonary disease. I have used the Remedy in my own case, *with decided success.* It was regarded as incurable by physicians and friends, and even by myself, under the old treatment. I am now able to ride, in attending on the sick, as many miles, perhaps, in a day, as any other physician in the county."

"Chatham, Pa., July 26, 1859.—I received the twelve bottles of Churchill's Remedy for Consumption, * * * It has proven WONDERS IN EVERY CASE."

Consumptives, in any stage of the Disease, should resort *immediately* to the use of the Hypophosphites of Lime and Soda. "Winchester's Genuine Preparation" (in simple syrup), in extra large bottles, is "chemically pure," is the combination proposed by Dr. Churchill "for general use," and is prepared according to his *original Formula.*

Dr. Churchill's Work on Consumption,

Containing his Report made to the Imperial Academy of Medicine, Paris; Notes of Cases; and Letters, Documents, Testimonials, &c., together with a Circular, will be sent on receipt of TWELVE CENTS in stamps.

CAUTION.—Interested Druggists will try to sell you other preparations than mine. Do not buy them! My "Genuine Preparation" bears my *fac simile signature.*

Beware of all Preparations claiming to be the Hypophosphites, which contain IRON, or any DRUG. The country is likely to be flooded with spurious preparations. By writing to me, you obtain information that will prevent any deception being practised upon you.

Prices.—One Bottle, $1; three Bottles, $2; Concentrated Solution, by mail, pre-paid, $2. Sold Wholesale and Retail at the Sole General Depot in the United States (where all orders should be addressed) by

The great standard medicines of the present age, have acquired their great popularity only through years of trial. Unbounded satisfaction is rendered by them in all cases; and the people have pronounced them worthy.

Liver Complaint, Dyspepsia, Jaundice, Debility of the Nervous System, Diseases of the Kidneys,

and all diseases arising from a disordered liver or weakness of the stomach and digestive organs, are speedily and permanently cured by the GERMAN BITTERS.

The **Balsamic Cordial** *has acquired a reputation surpassing that of any similar preparation extant. It will cure,* WITHOUT FAIL, *the most severe and long-standing*

Cough, Cold, or Hoarseness, Bronchitis, Influenza, Croup, Pneumonia, Incipient Consumption,

and has performed the most astonishing cures ever known of

Confirmed Consumption.

A few doses will also at once check and cure the most severe **Diarrhoea** *proceeding from* Cold in the Bowels.

These medicines are prepared by Dr. C. M. Jackson *& Co., No. 418 Arch Street, Philadelphia, Pa., and are sold by druggists and dealers in medicines everywhere, at 75 cents per bottle. The signature of C. M.* Jackson *will be on the outside wrapper of each bottle.*

A NEW, SPEEDY, AND MOST SUCCESSFUL

MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflamation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $5 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.
